IDB TRUST SERVICES LIMITED

(incorporated as a limited par value company in Jersey)

U.S.\$10,000,000,000

Trust Certificate Issuance Programme

with, *inter alia*, the benefit of a Guarantee (in respect of the payment obligations arising under the Portfolio of the relevant Series of Trust Certificates) provided by

THE ISLAMIC DEVELOPMENT BANK

(an international organisation that derives its legal personality from public international law)

Under the trust certificate issuance programme described in this Base Prospectus (the **Programme**), IDB Trust Services Limited (in its capacity as issuer, the **Issuer** and in its capacity as trustee, the **Trustee**), subject to compliance with all relevant laws, regulations and directives, may from time to time issue trust certificates (the **Trust Certificates**) in series (each a **Series**) in any currency as agreed between the Issuer and the relevant Dealers (as defined below).

Each Series of Trust Certificates will be constituted by (i) an amended and restated master trust deed (the **Master Trust Deed**) dated 24 December 2013 (the **Programme Date**) entered into between the Trustee, The Islamic Development Bank (the **IsDB**) and The Law Debenture Trust Corporation p.l.c. acting as delegate of and attorney for the Trustee (the **Delegate**) and (ii) a corresponding supplemental trust deed (**Supplemental Trust Deed** and, together with the Master Trust Deed, the **Trust Deed**) in relation to each Series of Trust Certificates issued. Trust Certificates of each Series confer on the holders of the Trust Certificates from time to time (the **Certificateholders**) an undivided beneficial ownership interest in, and consequently the right to receive certain payments, on a *pro rata* basis (according to the face amount of Trust Certificates held by them) arising from, the assets of a trust declared by the Trustee in relation to the relevant Series (the **Trust**) over, *inter alia*, a portfolio of assets created by the IsDB which shall be separate and independent from all other assets of the IsDB and shall comprise of (a) at least 33 per cent. tangible assets comprising of Leased Assets (as defined below), Disbursing *Istisna'a* Assets (as defined below), *Shariah* compliant equity instruments (and the assets underlying those equity instruments) (**Shares**) and/or sukuk certificates (and the assets underlying those sukuk certificates) (**Sukuk**); and (b) no more than 67 per cent. intangible assets comprising of *Istisna'a* Receivables and/or *Murabaha* Receivables (as defined below), including, without limitation, the right to receive payment of any amounts due in connection with such assets, the right to demand, sue for, recover, receive and give receipts for all amounts payable, or to become payable, under the assets and/or agreements relating to the assets and the benefit of, and the right to sue on, all covenants in favour of the IsDB and the right to exercise all powers of the IsDB thereunder, the constituent elements of which may be supplemented from time to time with Additional Portfolio Assets (as defined below) (the **Portfolio** which, together with any other assets in the relevant Trust, constitute the **Trust Assets**).

The Trustee will have the benefit of a Guarantee (as defined under "*Principal features of the Programme*" below) from the IsDB (the **Guarantor**) to support timely payments of profit distributions under each Series of Trust Certificates. In addition, the Trustee will have the benefit of a purchase undertaking from the IsDB, and the IsDB will have the benefit of a sale undertaking from the Trustee, pursuant to which the IsDB may purchase the relevant Portfolio in relation to each Series of Trust Certificates upon the maturity or early dissolution of the relevant Series. Subject to the information provided herein, recourse in respect of the Trust Certificates is ultimately dependent on the performance of the IsDB pursuant, *inter alia*, to such Guarantee and purchase or sale undertakings.

Certificateholders are entitled to receive Periodic Distribution Amounts (as defined in the Terms and Conditions as defined herein) calculated on the basis specified in the final terms relating to the relevant Series of Trust Certificates (the **Final Terms**) or, in respect of Exempt Certificates (as defined below), a pricing supplement relating to the relevant Series of Trust Certificates (the **Pricing Supplement**). The payment of Periodic Distribution Amounts to Certificateholders will primarily depend upon the receipt by the Trustee of all amounts due in respect of the Portfolio of the relevant Series of Trust Certificates (except Exempt Certificates) comprising profit and the performance by the IsDB of its obligations under the Guarantee.

Application has been made to the United Kingdom Financial Conduct Authority (the **FCA**), in its capacity as the competent authority under the Financial Services & Markets Act 2000 (the **UKLA**) for the Trust Certificates issued under the Programme during the period of 12 months from the date of this Base Prospectus to be admitted to the official list of the UKLA (the **Official List**) and to the London Stock Exchange plc (the **London Stock Exchange**) for such Trust Certificates to be admitted to trading on the London Stock

Exchange's regulated market.

Each of the Issuer and the IsDB is an "Exempt Offeror" for the purposes of Article 13(1) of the DIFC Markets Law 2012, (the **Markets Law 2012**). Accordingly, the Issuer is exempt from the requirement to produce a Prospectus under Article 14 of the Markets Law 2012 and this Base Prospectus has not been approved by the Dubai Financial Services Authority (the **DFSA**) for the purposes of the Markets Law 2012. Application has also been made to the DFSA and to NASDAQ Dubai for (A) Trust Certificates (where the relevant Series are also admitted to the Official List and admitted to trading on the London Stock Exchange) or (B) Exempt Certificates (where the relevant Series are not admitted to the Official List nor admitted to trading on the London Stock Exchange), issued under this Programme during the period of 12 months from the date of this Base Prospectus to be admitted to the official list of securities maintained by the DFSA (the **Dubai Official List**) and to be admitted to trading on NASDAQ Dubai (referred to, together, as **an admission to the NASDAQ Dubai**). An application may be made for any Series (as defined under "*Terms and Conditions of the Trust Certificates*") to be admitted to the NASDAQ Dubai.

Application has also been made to list (A) Trust Certificates (where the relevant Series are also admitted to the Official List and admitted to trading on the London Stock Exchange) or (B) Exempt Certificates (where the relevant Series are not admitted to the Official List nor admitted to trading on the London Stock Exchange) on the Bursa Malaysia Securities Berhad (**Bursa Malaysia**) pursuant to an exempt regime (**Bursa Malaysia (Exempt Regime)**) provided that, in each case, the Trust Certificates or Exempt Certificates will be listed but not quoted for trading.

References in this Base Prospectus to Trust Certificates being **listed** (and all related references) shall mean that (i) such Trust Certificates have been admitted to the Official List and admitted to trading on the London Stock Exchange only; (ii) Trust Certificates have been admitted to the Official List and admitted to trading on the London Stock Exchange and admitted to one or both of the NASDAQ Dubai and the Bursa Malaysia; or (iii) Exempt Certificates have been admitted to the NASDAQ Dubai and/or the Bursa Malaysia. The London Stock Exchange's regulated market is a regulated market for the purposes of Directive 2004/39/EC (the **Markets in Financial Instruments Directive**). The requirement to publish a prospectus under the Prospectus Directive only applies to Trust Certificates which are to be admitted to trading on a regulated market in the European Economic Area and/or offered to the public in the European Economic Area other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive (as implemented in the relevant Member State(s)). References in this Base Prospectus to "**Exempt Certificates**" are to Certificates for which no prospectus is required to be published under the Prospectus Directive. The UKLA has neither reviewed nor approved any information in this Base Prospectus pertaining to Exempt Certificates and the Exempt Certificates do not form part of this Base Prospectus. The Programme provides that the Exempt Certificates may be listed on the NASDAQ Dubai List and/or the Bursa Malaysia, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer, the IsDB and the relevant Dealer. The Issuer may also issue unlisted Exempt Certificates and/or Exempt Certificates not admitted to trading on any market.

Notice of the aggregate face amount of Trust Certificates and any other terms not contained herein which are applicable to each Series of Trust Certificates will be set out in the relevant Final Terms which, with respect to Trust Certificates to be listed on the London Stock Exchange, will be delivered to the UKLA and the London Stock Exchange and which, with respect to Trust Certificates to be listed on NASDAQ Dubai, will be delivered to the DFSA and NASDAQ Dubai. In the case of Exempt Certificates, notice of the aggregate nominal amount of the Trust Certificates and any other terms which are contained therein which are applicable to such Series of Trust Certificates will be set out in the Pricing Supplement relating to such Series.

The Trust Certificates will be limited recourse obligations of the Issuer. An investment in Trust Certificates issued under the Programme involves certain risks, as more fully described in the section "*Risk Factors*" beginning on page 24.

Each Series of Trust Certificates will be issued in registered form in the form of a global trust certificate which will be deposited with, and registered in the name of a nominee of, a common depository for Euroclear Bank S.A./N.V. (**Euroclear**) and Clearstream Banking, société anonyme (**Clearstream, Luxembourg**) on or about the relevant Issue Date (as specified in the relevant Final Terms or Pricing Supplement, as the case may be) of each such Series. Interests in Trust Certificates in individual registered form will only be issued in exchange for interests in the relevant global trust certificate in exceptional circumstances or as otherwise specified in the Final Terms or Pricing Supplement, as the case may be, applicable to the relevant Series.

Each of Standard & Poor's Credit Market Services Europe Limited (**S&P**), Moody's Investors Service Ltd. (**Moody's**) and/or Fitch France S.A.S. (**Fitch** and together with S&P and Moody's, the **Rating Agencies**, and each a **Rating Agency**) has rated the IsDB. S&P is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such, S&P is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation. Moody's is not established in the European Union and is not registered in accordance with the CRA Regulation. The ratings by Moody's are expected to be endorsed by Moody's Investors Service Ltd. in accordance with the CRA Regulation. Moody's Investors Service Ltd. is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation. Fitch is established in the European Union and is registered under the CRA Regulation. As such, Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with such Regulation.

S&P has given the IsDB a long-term issuer rating of 'AAA' and a short-term issuer rating of 'A-1+' with a stable outlook. Moody's has given the IsDB a long-term issuer rating of 'Aaa' and a short-term issuer rating of 'P-1' with a stable outlook. Fitch has given the IsDB a long-term issuer rating of 'AAA' and a short-term issuer rating of 'F1+' with a stable outlook.

Each of S&P and Fitch has issued a 'AAA' rating, and Moody's has issued a 'Aaa' rating, in respect of the Programme. Trust Certificates issued under the Programme may also be assigned a rating by one or more of the Rating Agencies.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the Rating Agencies. A suspension, reduction or withdrawal of the rating assigned to the Trust Certificates may adversely affect the market price of the Trust Certificates. The Issuer has not requested a rating on the Trust Certificates by any rating agency other than the Rating Agencies.

The Issuer and the IsDB may agree with any Dealer that Trust Certificates may be issued with terms and conditions not contemplated

by the “*Terms and Conditions*” of the Trust Certificates herein, in which event a supplemental Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Trust Certificates.

Each of IDB Trust Services Limited and the IsDB (together, the **Responsible Persons**) accepts responsibility for the information contained in this Base Prospectus and declares that, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

The DFSA does not accept any responsibility for the content of the information included in this Base Prospectus, including the accuracy or completeness of such information. The liability for the content of this Base Prospectus lies with IDB Trust Services Limited and the IsDB and other persons, whose opinions are included in this Base Prospectus with their consent. The DFSA has also not assessed the suitability of any Trust Certificates issued under this Programme to any particular investor or type of investor and has not determined whether they are *Shariah* compliant. If you do not understand the contents of this Base Prospectus or are unsure whether any Trust Certificates issued under this Base Prospectus are suitable for your individual investment objectives and circumstances, you should consult an authorised financial advisor.

This Base Prospectus should be read and construed together with any amendments or supplements hereto and with any other documents incorporated by reference herein and, in relation to any Series (as defined herein) of Trust Certificates, should be read and construed together with the relevant Final Terms or Pricing Supplement, as the case may be.

Copies of applicable Final Terms or Pricing Supplement, as the case may be, will be available from the registered office of the Issuer and the specified office set out below of the Principal Paying Agent (as defined below) save that, if the relevant Trust Certificates are neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive, the applicable Pricing Supplement will only be obtainable by a Certificateholder holding one or more Trust Certificates and such Certificateholders must produce evidence satisfactory to the Trustee or, as the case may be, the Principal Paying Agent as to its holding of such Trust Certificates.

No person is or has been authorised to give any information or make any representation other than those contained in this Base Prospectus or any other document entered into in relation to the Programme and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the IsDB, the Dealers (as defined in the "*General Description of Programme*"), the Agents (each as defined herein), the Delegate or any other person. Neither the delivery of this Base Prospectus nor any Final Terms or Pricing Supplement, as the case may be, nor the offering or sale of any Trust Certificate hereunder shall, under any circumstances, constitute a representation or create any implication that there has been no change in the affairs of the Issuer or the IsDB since the date hereof. Neither this Base Prospectus nor any other information supplied in connection with the Programme constitutes an offer of, or an invitation by, or on behalf of, the Issuer, the IsDB, the Dealers, the Agents or the Delegate to subscribe for, or purchase any Trust Certificates. This Base Prospectus does not constitute an offer, and may not be used for the purposes of an offer to, or a solicitation by, anyone in any jurisdiction or in any circumstances in which such an offer or solicitation is not authorised or is unlawful.

The Dealers, the Agents and the Delegate have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers, the Agents or the Delegate or any of them as to the accuracy or completeness of the information contained in this Base Prospectus or of any other information provided by the Issuer or the IsDB in connection with the Trust Certificates or their distribution.

This Base Prospectus is not intended to provide the basis of any credit or other evaluation, save for making an investment decision on the Trust Certificates, and should not be considered as a recommendation by the Issuer, the IsDB, the Trustee, the Dealers, the Agents, the Delegate or any other person that any recipient of this Base Prospectus should purchase any of the Trust Certificates. Each investor contemplating purchasing Trust Certificates should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and/or the IsDB. This Base Prospectus may only be used for the purposes for which it has been published.

No comment is made or advice given by the Issuer, the Trustee, the IsDB, the Dealers, the Delegate, the Agents or any other person in respect of taxation matters relating to any Trust Certificates or the legality of the purchase of Trust Certificates by an investor under applicable or similar laws.

EACH PROSPECTIVE INVESTOR IS ADVISED TO CONSULT ITS OWN TAX ADVISER, LEGAL ADVISER AND BUSINESS ADVISER AS TO TAX, LEGAL, BUSINESS AND RELATED MATTERS CONCERNING THE PURCHASE OF ANY TRUST CERTIFICATES.

The Trust Certificates may not be a suitable investment for all investors. Each potential investor in Trust Certificates must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Trust Certificates, the merits and risks of investing in the Trust Certificates and the information contained in this Base Prospectus;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Trust Certificates and the impact the Trust Certificates will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Trust Certificates, including where the currency of payment is different from the potential investor's currency;
- understand thoroughly the terms of the Trust Certificates and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic and other factors that may affect its investment and its ability to bear the applicable risks.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Trust Certificates shall in any circumstances imply that the information contained herein concerning IDB Trust Services Limited or the IsDB is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in this document containing the same.

The Trust Certificates have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**). Subject to certain exceptions, Trust Certificates may not be offered or sold within the United States or to or for the benefit or account of, U.S. persons (as defined in Regulation S under the Securities Act) (see "*Subscription and Sale*").

This Base Prospectus does not constitute an offer to sell or the solicitation of any offer to buy any Trust Certificates in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Trust Certificates may be restricted by law in certain jurisdictions. The Issuer, the IsDB, the Trustee, the Dealers, the Delegate and the Agents do not represent that this Base Prospectus may be lawfully distributed, or that any Trust Certificates may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the IsDB, the Trustee, the Dealers, the Delegate or the Agents which is intended to permit a public offering of any Trust Certificates or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Persons into whose possession this Base Prospectus or any Trust Certificates may come must inform themselves about, and observe any such restrictions on the distribution of this Base Prospectus and the offering and sale of Trust Certificates. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Trust Certificates in the United States, the European Economic Area (including the United Kingdom), the United Arab Emirates (excluding the Dubai International Financial Centre (the **DIFC**)), the DIFC, the Kingdom of Saudi Arabia, Jersey, Malaysia, Hong Kong, Republic of Singapore

GENERAL DESCRIPTION OF THE PROGRAMME

The following is an overview of the principal features of the Programme. This overview does not contain all of the information that an investor should consider before investing in Trust Certificates and is qualified in its entirety by the remainder of this Base Prospectus and the applicable Final Terms or Pricing Supplement, as the case may be. Each investor should read the entire Base Prospectus and the applicable Final Terms or Pricing Supplement, as the case may be, carefully, especially the risks of investing in the Trust Certificates issued under the Programme discussed under "Risk Factors".

Reference to a "Condition" is to a numbered condition of the "Terms and Conditions of the Trust Certificates".

Words and expressions defined in "Form of Trust Certificates" and "Terms and Conditions of the Trust Certificates" shall have the same meanings in this general description.

The Programme provides a facility for the issuance of Trust Certificates in Series. The terms and conditions governing each Series of Trust Certificates will be the "Terms and Conditions of the Trust Certificates" as described herein, as modified or supplemented by the relevant Final Terms or Pricing Supplement, as the case may be. The following is a summary of the principal features of the Trust Certificates.

On the occasion of each issuance of Trust Certificates, the Issuer will receive the contributions from the Certificateholders representing the proceeds of the Trust Certificates in the amount specified in the relevant Supplemental Trust Deed.

The Issuer has agreed to apply, on each occasion on which Trust Certificates are issued and in respect of the relevant Series of Trust Certificates only, the net proceeds of the issue of such Trust Certificates to purchase from the IsDB a portfolio of assets created by the IsDB (on the basis of the assessment of the historical performance of different asset classes) which shall be separate and independent from all other assets of the IsDB and shall comprise:

- (a) at least 33 per cent. tangible assets comprising of Leased Assets, Disbursing *Istisna'a* Assets, Shares and/or Sukuk; and
- (b) no more than 67 per cent. intangible assets comprising of *Istisna'a* Receivables and/or *Murabaha* Receivables,

including, without limitation, the right to receive payment of any amounts due in connection with such assets, the right to demand, sue for, recover, receive and give receipts for all amounts payable, or to become payable, under the assets and/or agreements relating to the assets and the benefit of, and the right to sue on, all covenants in favour of the IsDB and the right to exercise all powers of the IsDB thereunder, the constituent elements of which may be supplemented from time to time with Additional Portfolio Assets (the **Portfolio**), in accordance with Master Purchase Agreement and, in respect of each Series, a Supplemental Purchase Agreement.

Pursuant to the Master Purchase Agreement, on the date of each Supplemental Purchase Agreement, the IsDB shall, following its assessment of the historical performance of different asset classes which will constitute the Portfolio for the relevant Series of Trust Certificates, specify to IDB Trust Services Limited the expected maximum rate of return on the Portfolio as a percentage of the purchase price proposed to be paid by IDB Trust Services Limited for such Portfolio. Pursuant to the Master Wakala Agreement, on the date of each Supplemental Wakala Agreement, the IsDB and IDB Trust Services Limited shall also agree that on the relevant Dissolution Date, the amount by which the return on such Portfolio exceeds the Periodic Distribution Amounts due to Certificateholders in respect of the relevant Series of Trust Certificates (as specified in the relevant Final Terms or Pricing Supplement, as the case may be, and whether relating to Fixed Periodic Distribution Amounts or Floating Periodic Distribution Amounts) shall be retained by the IsDB as Incentive Fee (as defined in the Master Wakala Agreement) for its services as Wakeel in relation to the Programme. In addition, the Wakeel shall be paid a nominal amount of U.S.\$100, on the date of each Supplemental Wakala Agreement, as a basic fee (the **Basic Fee**).

Pursuant to an Additional Portfolio Assets Sale Undertaking, IDB Trust Services Limited has been granted the right to require the IsDB to sell, in certain circumstances (as detailed below), to IDB Trust Services Limited on the relevant Settlement Date (as specified in the relevant exercise notice (the **Additional Portfolio Assets Exercise Notice**) scheduled to the Additional Portfolio Assets Sale Undertaking Deed), at the relevant purchase price (the **Purchase Price**), the relevant **Additional Portfolio Assets** (as defined in the Master Purchase Agreement and as specified in the relevant Additional Portfolio Assets Exercise Notice).

The Purchase Price payable for the relevant Additional Portfolio Assets will be specified in the relevant Additional Portfolio Assets Sale Agreement scheduled to the Additional Portfolio Assets Sale Undertaking Deed and will be an aggregate amount no greater than the total amount of principal collections to be applied to the acquisition of Additional Portfolio Assets in order to reduce any Revenue Generating Assets Shortfall disclosed in a Servicing Report to zero (the **Revenue Generating Assets Make-Whole Amount**) in respect of the relevant Series.

This right granted under the Additional Portfolio Assets Sale Undertaking Deed may only be exercised by IDB Trust Services Limited, and only to the extent that, the IsDB has relevant Additional Portfolio Assets on its balance sheet and at its disposal for sale to the Trustee (as specified in the relevant Purchase Report (as defined in the Master Purchase Agreement)) and if:

(a) in respect of the relevant Series, on the relevant Report Date (as defined in the Master Purchase Agreement) prior to the relevant Settlement Date:

- (i) the aggregate net asset value of all Leased Assets, Disbursing *Istisna'a* Assets, Shares and Sukuk comprised in the relevant Portfolio (less all principal collections (if any) received in respect of those assets during the period from the closing date or the relevant settlement date (as applicable) to but excluding the relevant Report Date) divided by the net asset value of the relevant Portfolio and multiplied by one hundred, as set out in the relevant Servicing Report on a Report Date (the **Tangibility**), as identified in the Servicing Report (as defined in the Master Wakala Agreement), is less than 33 per cent; or
- (ii) there is a Revenue Generating Assets Shortfall identified in the relevant Servicing Report,

by delivering an Additional Portfolio Assets Exercise Notice to the IsDB specifying the Settlement Date and details of the Additional Portfolio Assets to be purchased; and

(b) the Additional Portfolio Assets specified in the relevant Additional Portfolio Assets Exercise Notice comprise of:

- (i) in the event that the relevant Additional Portfolio Assets Exercise Notice is delivered pursuant to paragraph (a)(i) above, the rights, title, interest and benefit of the IsDB in, to and under Leased Assets, Disbursing *Istisna'a* Assets, Shares and/or Sukuk (as, and only to the extent, specified in the relevant Purchase Report) the aggregate Net Asset Value (as defined in the Master Purchase Agreement) of such Leased Assets, Disbursing *Istisna'a* Assets, Shares and/or Sukuk being no greater than the relevant Tangibility Make-Whole Amount (as defined in the Master Wakala Agreement); and
- (ii) in the event that the relevant Additional Portfolio Assets Exercise Notice is delivered pursuant to paragraph (a)(ii) above, Additional Portfolio Assets (as, and only to the extent, specified in the relevant Purchase Report) the aggregate Net Asset Value of such Additional Portfolio Assets being no greater than the relevant Revenue Generating Assets Make-Whole Amount.

Following the exercise of this right, IDB Trust Services Limited will pay the relevant Purchase Price to the IsDB and IDB Trust Services Limited and the IsDB will enter into an Additional Portfolio Assets Sale Agreement to effect the sale of the relevant Additional Portfolio Assets to the Trustee.

In the event that the IsDB has insufficient assets available to sell to IDB Trust Services Limited on a Settlement Date, IDB Trust Services Limited will not be able to exercise the Additional Portfolio Assets Sale

Undertaking Deed. Instead IDB Trust Services Limited shall instruct the Wakeel to purchase additional Sukuk and Shares from the open market on its behalf in accordance with the terms of the Master Wakala Agreement.

Pursuant to the Trust Deed in respect of the relevant Series of Trust Certificates, IDB Trust Services Limited will declare a trust (each, a **Trust**) over the Trust Assets. Each Trust will be declared for the benefit of the Certificateholders of the relevant Series.

The Trustee shall carry out the activities of the relevant Trust in accordance with the Trust Deed. In accordance with the Trust Deed, the Trustee will unconditionally and irrevocably appoint the Delegate to be its attorney and to exercise certain future duties, powers, authorities and discretions vested in the Trustee by certain provisions in Trust Deed and in accordance with the terms of the Trust Deed at all times.

The Trustee has appointed the IsDB to perform limited actions in order to manage the Portfolio of each Series of Trust Certificates pursuant to the Master Wakala Agreement, as supplemented by the Supplemental Wakala Agreement.

Profit received in respect of the Portfolio of each Series of Trust Certificates will, after paying the expenses of the relevant Trust, be applied to make Periodic Distributions in respect of such Series of Trust Certificates on the relevant Periodic Distribution Date(s), as more particularly described in the Terms and Conditions. If on the Dissolution Date, the amount of profit collected by the IsDB as Wakeel in respect of the Portfolio is in excess of the Periodic Distribution Amounts payable by the Trustee to the Certificateholders of the relevant Series on the relevant Periodic Distribution Date, the IsDB shall retain such excess, in accordance with the Master Wakala Agreement, as an incentive fee for the performance of its services as Wakeel.

Principal amounts received in respect of the Portfolio of each Series of Trust Certificates will be credited to the Principal Account and if either a Tangibility Make-Whole Amount and/or a Revenue Generating Assets Make-Whole Amount arises, shall be used firstly in acquiring from the IsDB Additional Portfolio Assets pursuant to the Additional Portfolio Assets Sale Undertaking Deed and secondly, to the extent that the IsDB does not have sufficient Additional Portfolio Assets on its balance sheet and at its disposal for sale to IDB Trust Services Limited to enable IDB Trust Services Limited to reinvest the principal amounts in full, by acquiring Shares and/or Sukuk in the open market (through the IsDB as its wakeel). Any such Additional Portfolio Assets, Shares and Sukuk will form part of the Portfolio of the relevant Series of Trust Certificates.

The IsDB has undertaken and shall be unconditionally and irrevocably obliged to purchase the outstanding Portfolio on the relevant Maturity Date or following the occurrence of the Dissolution Event (as defined in the Terms and Conditions) pursuant to the Purchase Undertaking Deed and the relevant IsDB Purchase Agreement substantially in the form annexed to the Purchase Undertaking Deed and containing the specific terms applicable to the relevant purchase.

IDB Trust Services Limited has agreed to sell the outstanding Portfolio, upon the occurrence of an early dissolution for taxation reasons under Condition 11.2 (*Early Dissolution for Taxation Reasons*) or an optional dissolution (call) under Condition 11.3 (*Dissolution at the Option of the Issuer*), pursuant to a Sale Undertaking Deed and the relevant Sale Agreement substantially in the form annexed to the Sale Undertaking Deed and containing the specific terms applicable to the relevant purchase.

The purchase price payable by the IsDB pursuant to each such IsDB Purchase Agreement or Sale Agreement, as the case may be, will be an amount equal to (a) the Aggregate Nominal Amount (as specified in the relevant Final Terms or Pricing Supplement, as the case may be) of the relevant Series of Trust Certificates, and (b) the amount of accrued but unpaid Periodic Distribution Amounts on such date together with any additional amounts required to be paid in respect of the relevant Series pursuant to Condition 12 (*Taxation*), as more particularly described in "*Summary of the Principal Programme Documents*".

Pursuant to the Guarantee, the IsDB has guaranteed to the Trustee the punctual performance of any and all payment obligations arising or falling due under or in respect of the assets constituting the Portfolio of the relevant Series of Trust Certificates to allow timely payment of profit amounts due to Certificateholders under the Trust Certificates (including any additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*)).

Certificateholders, by subscribing for or acquiring Trust Certificates, acknowledge that no recourse may be had for the payment of any amount owing in respect of any Trust Certificates against the Trustee, the Issuer or the Delegate, in any circumstances whatsoever, or the relevant Trust to the extent the relevant Trust Assets (as defined in the Terms and Conditions) have been exhausted, following which all obligations of the Trustee, the Issuer, the Delegate and the relevant Trust shall be extinguished.

Certificateholders should note that through a combination of, *inter alia*, the Guarantee and the Purchase Undertaking Deed, IDB Trust Services Limited will have recourse to the IsDB and the ability of IDB Trust Services Limited to pay the amounts due in respect of the Trust Certificates will ultimately be dependent on the IsDB.

A description of the IsDB is included within this Base Prospectus under "*Description of the IsDB*" below.

The Master Purchase Agreement, the Master Wakala Agreement, the Guarantee, the Purchase Undertaking Deed, the Sale Undertaking Deed, the Additional Portfolio Assets Sale Undertaking Deed and the Master Trust Deed are described in more detail in "*Summary of the Principal Programme Documents*" below.

Certificateholders have no recourse to any assets of the Trustee (other than the relevant Trust Assets) or the IsDB (to the extent that it fulfils all of its obligations under the Transaction Documents to which it is a party) or the Delegate or any Agent or any of their respective affiliates in respect of any shortfall in the expected amounts from the relevant Trust Assets, to the extent the relevant Trust Assets have been enforced, realised and fully discharged, following which all obligations of IDB Trust Services Limited and the IsDB shall be extinguished.

RISK FACTORS

The purchase of Trust Certificates may involve substantial risks and is suitable only for sophisticated investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and merits of an investment in the Trust Certificates. Before making an investment decision, prospective purchasers of Trust Certificates should consider carefully, in the light of their own financial circumstances and investment objectives, all of the information in this Base Prospectus. The following is a description of principal risk factors that each of IDB Trust Services Limited and the IsDB believes (a) may affect IDB Trust Services Limited's ability to fulfil its obligations under the Trust Certificates to prospective Certificateholders and (b) are material for the purpose of assessing the market risk associated with the Trust Certificates. Most of these factors are contingencies which may or may not occur and which neither IDB Trust Services Limited nor the IsDB is in a position to express a view on the likelihood of any such contingency occurring. IDB Trust Services Limited and the IsDB believe that the factors described below represent the principal risks inherent in investing in Trust Certificates issued under the Programme, but the inability of IDB Trust Services Limited to pay any amounts due on or in connection with any Trust Certificates may occur for other reasons and neither IDB Trust Services Limited nor the IsDB represents that the statements below regarding the risks of holding any Trust Certificates are exhaustive. There may also be other considerations, including some which may not be presently known to IDB Trust Services Limited or the IsDB or which IDB Trust Services Limited or the IsDB currently deems immaterial, that may impact any investment in Trust Certificates.

Prospective investors should read the entire Base Prospectus and reach their own view prior to making any investment decision. Words and expressions defined in the "Terms and Conditions of the Trust Certificates" below or elsewhere in this Base Prospectus have the same meanings in this section.

Risk factor relating to IDB Trust Services Limited

IDB Trust Services Limited is a Special Purpose Company

IDB Trust Services Limited is a special purpose company in the form of a limited par value company pursuant to the Companies (Jersey) Law 1991 incorporated on 17 February 2005. The only material assets of IDB Trust Services Limited, which will be held on trust for Certificateholders, will be the Trust Assets relating to each series of Trust Certificates and the obligation of the IsDB to make payments under the Transaction Documents to IDB Trust Services Limited. Therefore, IDB Trust Services Limited is subject to all risks to which the IsDB is subject to the extent that such risks could limit the IsDB's ability to satisfy in full and on a timely basis its obligations under the Programme Documents and Transaction Documents to which it is a party. See "*Risk Factors relating to the IsDB*" below for a further description of these risks. IDB Trust Services Limited does not engage in any business activity other than the issuance of the Trust Certificates and the acquisition of the Portfolio as described herein and other activities incidental or related to the foregoing.

Risk factors relating to the IsDB

In the course of its business activities, the IsDB is exposed to a variety of risks, the most significant of which are set out below. Whilst the IsDB believes it has implemented the appropriate policies, systems and processes to control and mitigate these risks, investors should note that any failure to adequately control these risks could be greater than anticipated and which could result in adverse effects on the IsDB's business, financial condition, results of operations, prospects and/or reputation.

Status of the IsDB

The IsDB is an international organisation established by agreement among its Member Countries (as defined elsewhere in this Base Prospectus). English law will assume legal personality for the IsDB to the extent that the IsDB has legal personality in its Member Countries.

The IsDB has opined that each of its Member Countries has duly signed and ratified or accepted its Articles of Agreement and therefore it has legal personality in each of its Member Countries. Accordingly, the IsDB would have legal personality as a matter of English law.

The IsDB is subject to political and economic conditions in Member Countries

The IsDB currently has all of its operations and projects in Member Countries, and plans to continue to have all of its future operations and projects in Member Countries. While some Member Countries have generally historically experienced a relatively stable political environment, certain other Member Countries have not. In particular, since early 2011 there has been political unrest in a range of countries in Eastern Europe, the Middle East and North Africa region, including Algeria, Bahrain, Egypt, Libya, Oman, Saudi Arabia, Syria, Tunisia, Turkey and Yemen, all of which are Member Countries. This unrest has ranged from public demonstrations to, in extreme cases, armed conflict and has given rise to increased political uncertainty across the region.

Although, due to the nature of the IsDB's operations in Member Countries to date (including the fact that a substantial proportion of the IsDB's activities relate to dealings with governmental authorities), the IsDB's business has not been materially adversely affected by the unrest in certain Member Countries, there can be no assurance that the IsDB's business and results of operations will not be adversely affected by economic and political conditions in Member Countries and any sustained deterioration in the economies of these countries or major political upheaval in the future, especially in view of the effect that such political, economic and related developments, both within and outside Member Countries, may have on global financial markets, which are the markets in which the IsDB operates.

Investors in emerging markets should be aware that these markets are subject to greater risks than more developed markets, including in some cases significant legal, economic and political risks. Accordingly, investors should exercise particular care in evaluating the risks involved and must decide for themselves whether, in the light of those risks, their investment is appropriate. Generally, investment in emerging markets is only suitable for sophisticated investors who fully appreciate the significance of the risk involved.

Credit risks

Credit risks arising from adverse changes in the credit quality and recoverability of loans, advances and amounts due from counterparties are inherent in a wide range of the IsDB's businesses. Credit risks could arise from a deterioration in the credit quality of specific counterparties of the IsDB, from a general deterioration in local or global economic conditions or from systemic risks with the financial systems, all of which could affect the recoverability and value of the IsDB's assets and require an increase in the IsDB's provisions for the impairment of its assets and other credit exposures.

Operational risks

Operational risks and losses can result from fraud, error by employees, failure to document transactions properly or to obtain proper internal authorisation, failure to comply with conduct of business rules, the failure of internal systems, equipment and external systems (including but not limited to those of the IsDB's counterparties or vendors) and occurrence of natural disasters. Although the IsDB has implemented risk controls and loss mitigation strategies and substantial resources are devoted to developing efficient procedures, it is not possible to entirely eliminate any of the operational risks.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that either IDB Trust Services Limited or the IsDB will be unable to comply with its obligations as a company with securities admitted to the Official List of the FCA.

Liquidity risks

Liquidity risks could arise from the inability of the IsDB to anticipate and provide for unforeseen decreases or changes in funding sources which could have adverse consequences on the IsDB's ability to meet its obligations when they fall due. The IsDB aims to adopt a conservative liquidity management approach by maintaining sufficient levels invested in cash, cash equivalents, commodity placements and Murabaha financing with short-term maturities of three to twelve months. A major feature of this liquidity management policy is to place the IsDB's liquid funds with banks in both Member Countries and non-Member Countries in a Shariah compliant manner. The IsDB has in place comprehensive guidelines regarding how the placement of liquid funds should be managed which assigns (i) minimum ratings, (ii) country limits and (iii) single

counterparty limits.

Exchange rate risk

Exchange rate risk arises from the possibility that changes in foreign exchange rates will affect the value of the financial assets and liabilities denominated in foreign currencies, in case the IsDB does not hedge its currency exposure by means of hedging instruments. Since most of the IsDB's financing operations are denominated in SDR (as defined herein) (the reporting currency) and/or SDR component currencies, the IsDB is naturally hedged against this currency exposure. Hence the IsDB does not trade in currencies as it is not currently exposed to exchange rate risk. The IsDB's investment portfolio is held in major currencies in line with the composition of the Islamic Dinar basket, namely the U.S. Dollar, Sterling, euro and Japanese Yen. While currency risk is managed by the IsDB, there can be no assurance that the exchange rate risk may not have a material adverse effect on the business, financial position, results of operations and/or prospects of the IsDB in the future.

Equity and Capital Impairment Risk

The IsDB is exposed to equity and capital impairment risks arising from equity investments. Equity investments are generally held for strategic rather than trading purposes. The IsDB does not actively trade in equity investments and so equity investments are not generally classified as available-for-sale. That said, the IsDB may be subject to capital impairment risk arising from holding such equity investments. For equity investments that are accounted for on an available-for-sale basis, the IsDB is exposed to equity price risk. There can be no assurance that the IsDB will be able to liquidate its equity holdings at a price which is not substantially lower than that which the IsDB paid for such equity investments so as to entirely eliminate capital impairment risk.

Mark-up Risk

The IsDB is exposed to mark-up risk on its investments in cash and cash equivalents, commodity placements, Murabaha financing, Istisna'a assets, Ijarah assets, investments in Sukuk and Sukuk liabilities. In respect of the financial assets, the IsDB's returns are based on a benchmark and hence vary according to the market conditions. The IsDB generally uses the London Interbank Offered Rate as a benchmark to determine the mark-up rate on its financing. The ultimate mark-up rate on financings is determined after adding a margin to the relevant benchmark rate. The IsDB attempts to manage mark-up risk through Shariah compliant hedging arrangements, such as fixed-floating rate swaps. There can be no assurance that the IsDB can at all times fully manage mark-up risks so as to entirely eliminate mark-up risks.

Risk factors relating to the Trust Certificates

Absence of secondary market / limited liquidity

There is no assurance that a market for the Trust Certificates of any Series will develop or, if it does develop, that it will continue for the life of such Trust Certificates. Accordingly, a Certificateholder may not be able to find a buyer to buy its Trust Certificates readily or at a price that will enable the Certificateholder to realise a desired yield. The market value of the Trust Certificates may fluctuate. Accordingly, the purchase of the Trust Certificates is suitable only for investors who can bear the risks associated with a lack of liquidity in the Trust Certificates and the financial and the other risks associated with an investment in the Trust Certificates.

Liability under the Trust Certificates

The Trust Certificates will represent entitlements solely to the Trust Assets of the relevant Series. In particular, the Trust Certificates will not be obligations or responsibilities of, or guaranteed by, any of the Delegate, the Principal Paying Agent or any Dealer. None of these persons shall accept any liability whatsoever to any Certificateholders in respect of any failure by the Trustee to pay any amount due under the relevant Trust Certificates.

The ability of the Trustee to pay amounts due in respect of the Trust Certificates will be primarily dependent upon the receipt by the Trustee of all amounts due in respect of the Portfolio of the relevant Series of Trust Certificates (which may not be sufficient to meet all claims under the Trust Certificates, the Programme

Documents and relevant Transaction Documents) and ultimately in the IsDB fulfilling its obligations under the Purchase Undertaking Deed (and relevant IsDB Purchase Agreement) and its obligations under the Guarantee and the Master Trust Deed (and relevant Supplemental Trust Deed) to make payments to, and indemnify, IDB Trust Services Limited.

The Trust Certificates are Limited Recourse Obligations

Trust Certificates issued under the Programme are not debt obligations of the Trustee. Instead, the Trust Certificates represent an undivided beneficial ownership interest in the relevant Trust Assets. Recourse to IDB Trust Services Limited in respect of each Series of Trust Certificates therefore is limited to the Trust Assets of that relevant Series of Trust Certificates and the proceeds of such Trust Assets are the primary source of payments on the relevant Series of Trust Certificates. Following a Dissolution Event, or early dissolution pursuant to Condition 11.2 (*Early Dissolution for Tax Reasons*) or Condition 11.3 (*Dissolution at the Option of the Issuer*), the sole rights of each of IDB Trust Services Limited, the Delegate and the Certificateholders of the relevant Series of Trust Certificates will be against the IsDB to pay the Exercise Price in respect of such Series together with any amounts due to IDB Trust Services Limited pursuant to the Guarantee, the Master Trust Deed and the relevant Supplemental Trust Deed. Certificateholders will otherwise have no recourse to any assets of the Delegate, the IsDB, the Dealers and the Agents or any affiliate of any of the foregoing entities in respect of any shortfall in the expected amounts due under the relevant Trust Assets. The IsDB is obliged to make its payments under the Purchase Undertaking Deed and the relevant IsDB Purchase Agreement or other Programme Documents or Transaction Documents (including the Master Trust Deed and the relevant Supplemental Trust Deed), and to issue a Guarantee (in respect of payment obligations relating to the assets constituting the Portfolio of the relevant Series of Trust Certificates) in favour of IDB Trust Services Limited.

The Trust Certificates may be subject to early redemption

In the event that the amount payable on the Trust Certificates is required to be increased to include additional amounts in certain circumstances and/or the IsDB is required to pay additional amounts pursuant to certain Transaction Documents or Programme Documents, in each case as a result of certain changes affecting taxation in the Kingdom of Saudi Arabia or Jersey as the case may be, or in each case any political subdivision or any authority thereof or therein having power to tax, the Issuer may redeem all but not some only of the Trust Certificates upon giving notice in accordance with the Terms and Conditions of the Trust Certificates.

Credit ratings

Trust Certificates issued under the Programme may be rated. Where an issue of Trust Certificates is rated, such rating will not necessarily be the same as the rating assigned to other issues of Trust Certificates issued pursuant to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Any adverse change in an applicable credit rating could adversely affect the trading price for the Trust Certificates issued under the Programme.

Price variations in Shares and Sukuk

The market price of the Trust Certificates is expected to be affected by fluctuations in the market price of any Shares and/or Sukuk included among the Portfolio, and it is impossible to predict whether the price of any such Shares and/or Sukuk will rise or fall. Trading prices of the Shares and Sukuk will be influenced by, among other things, the financial position of the issuer of such Shares or Sukuk, the results of its operations and political, economic, financial and other factors. Any decline in the price of such Shares and/or Sukuk may have an adverse effect on the market price of the Trust Certificates.

Notwithstanding the foregoing, on the Dissolution Date of any Series, the Portfolio will be purchased as a single portfolio of assets by the IsDB at an aggregate price that is equal to the original sale price of the Portfolio originally sold by the IsDB to IDB Trust Services Limited on the Issue Date of the relevant Series.

Risk factors relating to the Portfolio

Liability attaching to owners of assets

In order to comply with the requirements of *Shariah*, the interests in the constituent assets comprised in the Portfolio will pass to IDB Trust Services Limited under the Master Purchase Agreement, the relevant Supplemental Purchase Agreement and the relevant Additional Portfolio Assets Sale Agreement. The Trustee will declare a trust in respect of the Trust Assets in favour of Certificateholders pursuant to a Trust Deed. Accordingly, Certificateholders will have beneficial ownership interests in the relevant constituent assets comprised in the Portfolio unless transfer of such constituent assets comprised in the Portfolio is prohibited by, or ineffective under, any applicable law. However, to the extent that a third party is able to establish a direct claim against the Trustee or any Certificateholders on the basis of a legal or beneficial ownership in any of the constituent assets comprised in the Portfolio, the IsDB has agreed in the Master Trust Deed to indemnify the Trustee and Certificateholders against any such liabilities. In the event that the IsDB is unable to meet any such claims then Certificateholders may suffer losses in excess of the original nominal amount invested.

The Portfolio

Prior to making the selection of the assets constituent in the Portfolio, the IsDB will conduct an assessment of historical data relating to the performance of different classes of assets in general but no investigation or enquiry will be made otherwise and no due diligence will be conducted in respect of any of the constituent assets comprised in the Portfolio. The assets comprised in the Portfolio of each Series of Trust Certificates will be separate and independent from all other assets of the IsDB. The constituent assets in the Portfolio shall be selected by the IsDB following the adoption of internal resolutions at the IsDB to segregate such assets for the purposes of the relevant Series of Trust Certificates and the Certificateholders shall have no ability to influence this selection. Only limited representations will be obtained from the IsDB in respect of the Portfolio of any Series of Trust Certificates. In particular, the precise terms of any of the constituent assets comprised in the Portfolio will not be known (including whether there are any restrictions on transfer or any further obligations required to be performed by the IsDB to give effect to the transfer of any of the relevant constituent assets comprised in the Portfolio). No steps will be taken to perfect any transfer of any of the relevant constituent assets comprised in the Portfolio or otherwise give notice of the transfer to any lessee or obligor in respect thereof. Obligors and lessees may have rights of set off or counterclaim against the IsDB in respect of such constituent assets comprised in the Portfolio. There can be no assurance that the actual revenues derived from the Portfolio will be such as to ensure that sufficient funds will be available to the Trustee to make the payment of Periodic Distribution Amounts to Certificateholders in respect of the relevant Series of Trust Certificates. Investors may lose all or a substantial portion of their investment in the Trust Certificates if the Portfolio fails to generate the expected return, the quality of the assets constituting the Portfolio deteriorates and the IsDB fails to perform its obligations under the Purchase Undertaking and the Guarantee.

Transfer of the Portfolio

No investigation has been or will be made as to whether any Portfolio or any constituent assets comprised therein may be transferred as a matter of the law governing the contracts underlying such constituent assets, the law of the jurisdiction where such assets are located or even the law where the obligors are situated. No investigation will be made to determine if the Master Purchase Agreement together with the relevant Supplemental Purchase Agreement and the relevant Additional Portfolio Assets Sale Agreement will have the effect of transferring any of the constituent assets comprised in the Portfolio of the relevant Series of Trust Certificates or any Additional Portfolio Assets. Accordingly, no assurance will be given that the relevant Portfolio will actually be transferred to IDB Trust Services Limited.

In order to maintain the economic benefit of the proposed transfer, the Master Purchase Agreement provides that to the extent that the sale and purchase or transfer and assignment of any of the constituent assets comprised in the Portfolio is not effective in any jurisdiction for any reason, the IsDB agrees to either replace the relevant constituent assets with additional constituent assets or pay any and all amounts received by it in respect of the Portfolio to IDB Trust Services Limited immediately upon receipt. Further, the IsDB has in the Master Purchase Agreement undertaken to hold any constituent assets comprised in the Portfolio (the

interests in, legal title or benefit to which has not been effectively transferred to IDB Trust Services Limited) on trust for IDB Trust Services Limited. The IsDB (in the Master Purchase Agreement) has provided indemnities for, *inter alia*, any losses suffered as a result of any failure to transfer any Portfolio. Ultimately payments of amounts due in respect of the Trust Certificates will however be dependent on the IsDB fulfilling its obligations under the Purchase Undertaking Deed (and relevant IsDB Purchase Agreement) and its obligations under the Guarantee (and Guarantee Confirmation) and the Master Trust Deed (and relevant Supplemental Trust Deed) to make payments to, and indemnify, IDB Trust Services Limited.

Pronouncement

The IsDB Group *Shariah* Committee (as defined herein) has issued a pronouncement in the Arabic language on 5 December 2013 (the **Pronouncement**) that the structure and mechanism of the Programme Documents and the Transaction Documents are acceptable within the principles of *Shariah*, although English courts will not apply the principles of the *Shariah* when interpreting such documents. Prospective Certificateholders and any prospective third parties distributing the Trust Certificates should understand that they may not rely on the Pronouncement in deciding whether to make an investment in the Trust Certificates and should consult their own *Shariah* advisers as to whether the proposed transaction meets their respective *Shariah* requirements. None of the Dealers, the Agents or the Delegate makes any representation as to the *Shariah* compliance of the Programme or the Trust Certificates. At the time of each issue of Trust Certificates under the Programme, the IsDB will represent that the then current Pronouncement remains in force. In addition, the IsDB has in the Dealer Agreement covenanted that if there is any change in, or if any change is proposed to, the current Pronouncement, it will properly inform the Dealers.

Risk factors relating to payments

Periodic Distribution Amounts

It is expected that the rate of return of the Portfolio of each Series of Trust Certificates will exceed the relevant Periodic Distribution Amounts due in respect of the corresponding Series of Trust Certificates. In that case, any such excess will be retained by the IsDB as incentive fee (the **Incentive Fee**) in accordance with the Wakala Agreement. It is expected that until the Trust Certificates of the relevant Series are redeemed in full, IDB Trust Services Limited will receive principal collections in respect of the relevant Portfolio and that such amounts will be invested in purchasing Additional Portfolio Assets (comprising (i) tangible assets only, consisting of Leased Assets, Disbursing *Istisna'a* Assets, Shares and/or Sukuk, (ii) sub-participation interests of IDB Trust Services Limited (which shall be managed by the IsDB for and on behalf of IDB Trust Services Limited) in *Istisna'a* or *Murabaha* financing activities chosen by the IsDB in its absolute discretion and/or (iii) a new Portfolio) or as otherwise specified in the Wakala Agreement, as the case may be.

However, there is no assurance that such principal collections will be so invested nor any assurance that the profit generated by any such Additional Portfolio Assets will be sufficient to ensure that IDB Trust Services Limited will have sufficient profit collections to pay Periodic Distribution Amounts in respect of any Series of Trust Certificates. To mitigate this risk, the IsDB has on the date hereof issued in favour of IDB Trust Services Limited a Guarantee pursuant to which the IsDB guarantees the punctual performance of any and all payment obligations arising or falling due under or in respect of the assets constituting the Portfolio relating to the relevant Series of Trust Certificates (the **Guaranteed Obligations**). The amounts received by the Trustee in respect of the Guaranteed Obligations, are expected, together with all other amounts received by the Trustee under the Guarantee, to be sufficient to enable IDB Trust Services Limited to make timely payment of Periodic Distribution Amounts (including any additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*)) to Certificateholders.

Credit Risk

IDB Trust Services Limited is subject to the risk of default in payment by the obligors under each of the Leased Assets, Disbursing *Istisna'a* Assets, *Murabaha* Receivables, *Istisna'a* Receivables and/or Sukuk comprised in any Portfolio and the risk that the issuer of the Shares becomes insolvent. This risk is addressed in respect of the Trust Certificates by the IsDB, primarily pursuant to a combination of the Guarantee and the Purchase Undertaking Deed (and the relevant IsDB Purchase Agreement). Pursuant to the Guarantee, the IsDB has guaranteed the punctual performance of any and all payment obligations

arising or falling due under or in respect of the assets constituting the Portfolio relating to the relevant Series of Trust Certificates which, together with all other amounts received by the Trustee under the Guarantee, is expected will enable the Trustee to make timely payment of profit amounts due to Certificateholders under the Trust Certificates (including any additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*)). To the extent that there is a shortfall between the profit amounts received in respect of the assets constituting the relevant Portfolio and the Periodic Distribution Amounts due to Certificateholders on the relevant Periodic Distribution Date (including any additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*)), the IsDB has undertaken to pay to IDB Trust Services Limited the amount of such shortfall. Furthermore, the Exercise Price payable by the IsDB in respect of any Portfolio under the Purchase Undertaking Deed (and to be specified in the relevant IsDB Purchase Agreement) will be based on (a) the Aggregate Nominal Amount (specified in the relevant Final Terms or Pricing Supplement, as the case may be) of the relevant Series of Trust Certificates, and (b) the amount of accrued but unpaid Periodic Distribution Amounts on such date (including any additional amounts payable pursuant to Condition 12 (*Taxation*)).

Currency Risk

The payments made by obligors in respect of the constituent assets comprised in any Portfolio may be calculated by reference to a schedule denominated in a variety of currencies, including Islamic Dinars (the **relevant currency**) though the actual payments may be made in a currency selected by the obligor. In addition, the relevant currency applicable to dividend and other payments made on Shares included in any Portfolio may be different from the Specified Currency (as defined in the Final Terms or Pricing Supplement, as the case may be). Accordingly, in the event of changes in the rate of exchange between the Specified Currency of the relevant Series of Trust Certificates and the relevant currency or in the rate between the relevant currency and the currency in which the obligor makes payments, there could be a shortfall in the amounts available to pay principal and profit in respect of the Trust Certificates. To mitigate this risk, the IsDB will prepare a schedule of payments in the Specified Currency in respect of the Portfolio of the relevant Series of Trust Certificates. In addition, the IsDB has guaranteed the punctual performance of any and all payment obligations arising or falling due under or in respect of the assets constituting the Portfolio relating to the relevant Series of Trust Certificates to allow timely payment of profit amounts due to Certificateholders under the Trust Certificates (including any additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*)). To the extent that there is a shortfall between the profit amounts received in respect of the assets constituting the relevant Portfolio and the Periodic Distribution Amounts due to Certificateholders on the relevant Periodic Distribution Date (including any additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*)), the IsDB has undertaken to pay to IDB Trust Services Limited the amount of such shortfall. Furthermore, the Exercise Price payable by the IsDB in respect of any Portfolio under the Purchase Undertaking Deed (and to be specified in the relevant IsDB Purchase Agreement) will be based on (a) the Aggregate Nominal Amount (specified in the relevant Final Terms or Pricing Supplement, as the case may be) of the relevant Series of Trust Certificates, and (b) the amount of accrued but unpaid Periodic Distribution Amounts on such date (including any additional amounts payable pursuant to Condition 12 (*Taxation*)).

Risk factors relating to taxation

Taxation Risks on Payments

Payments made by the IsDB to IDB Trust Services Limited under the Transaction Documents or by IDB Trust Services Limited in respect of the Trust Certificates could become subject to taxation. Condition 12 (*Taxation*) provides that IDB Trust Services Limited is required to gross-up for any such withholdings or deductions imposed by Jersey and any Member Country in certain circumstances (management of the IsDB believe that the circumstances in which a Member Country may impose withholding or deductions are rare). In the event that IDB Trust Services Limited fails to gross-up for any such withholding or deduction on payments due in respect of the Trust Certificates to Certificateholders the IsDB has, pursuant to the Master Trust Deed and the Guarantee, unconditionally and irrevocably undertaken (irrespective of the payment of any fee), as a continuing obligation, to pay to the Trustee (for the benefit of the Certificateholders) the liabilities of the Trustee in respect of any and all additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*) in respect of any withholding or deduction in respect of any tax as set out in that Condition.

In the event that any withholding or deduction for or on account of taxes is imposed or is otherwise

applicable to payments of principal or profit on the Trust Certificates to Certificateholders IDB Trust Services Limited and the IsDB are obliged to pay additional amounts to cover the amounts so deducted to Certificateholders, save in the limited circumstances set out in Condition 12 (*Taxation*). For the avoidance of doubt, neither the Delegate nor the Principal Paying Agent nor any other person is obliged to gross-up or otherwise compensate Certificateholders for any lesser amounts that Certificateholders may receive as a result of such withholding or deduction.

EU Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC (the **EU Savings Directive**) on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of certain payments (which may include payments of Periodic Distribution Amounts) or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain countries). On 10 April 2013, the Luxembourg Ministry of Finance announced that Luxembourg's transitional period will end with effect from 1 January 2015 in favour of the automatic exchange of information under the EU Savings Directive. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the EU Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above. Prospective investors should refer to the section "*Taxation—The proposed financial transactions tax*".

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Trustee nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Trust Certificate as a result of the imposition of such withholding tax. The Trustee is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the EU Savings Directive.

Risk factors relating to enforcement

Change of law

The structure of the Programme and of any issue of Trust Certificates under it are based on English law and administrative practice in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus, nor can any assurance be given as to whether any such change could adversely affect the ability of IDB Trust Services Limited to make payments under the Trust Certificates or of the IsDB to comply with its obligations under the Programme Documents and the Transaction Documents to which it is a party.

Enforcement Risk

Ultimately, the payments under the Trust Certificates are dependent upon the IsDB making payments in the manner contemplated under the Purchase Undertaking Deed (and the relevant IsDB Purchase Agreement), providing the Guarantee and making payments as provided in the Master Trust Deed.

If the IsDB should fail to do so, it may be necessary to bring an action against the IsDB to enforce its obligations which could be time consuming and costly. The IsDB has irrevocably agreed to the Transaction Documents and the Programme Documents being governed by English law and that any disputes shall be referred to and finally resolved by arbitration under the London Court of International Arbitration (**LCIA Rules**). Notwithstanding that an arbitration award may be rendered in London, the New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards 1958 (the **New York Convention**) in favour of the Certificateholders, such awards may not be enforceable consistently under the laws of all of the IsDB's Member Countries. The IsDB has also agreed to submit to the jurisdiction of the courts of England (the **English Courts**) at the option of the Delegate, the Certificateholders, the Agents or the Trustee, as the case may be, in respect of any dispute under certain Programme Documents and Transaction Documents.

Notwithstanding that a judgment may be obtained in favour of the Certificateholders, there is no assurance that the IsDB has or would at the relevant time have assets in the United Kingdom against which such a judgment could be enforced. Under the laws of some of the IsDB's Member Countries (for example, under the laws of the Kingdom of Saudi Arabia) while the parties to any agreement may stipulate the laws of England as the law by which that agreement is to be governed and construed and submit to the jurisdiction of the English courts, the courts of such Member Countries may not be bound by such acceptance or submission. If any actions were instituted before such courts and adjudicatory authorities, such courts and authorities may not apply the relevant foreign law but, rather, would apply local laws which may not recognise the doctrine of conflict of laws.

Furthermore, the IsDB's Articles of Agreement provide that all property and assets of the IsDB shall, wherever located and by whomsoever held, be immune from all forms of seizure, attachment or execution before the delivery of a final judgment against it. The Articles of Agreement require each Member Country, in accordance with its judicial system, to promptly take such action as is necessary to make effective in its own territory the provisions as to, *inter alia*, immunity.

Claims for Specific Performance

In the event that the IsDB fails to perform its obligations under the Purchase Undertaking Deed or the relevant IsDB Purchase Agreement or the Guarantee or make payments under the Master Trust Deed then the potential remedies available to IDB Trust Services Limited include obtaining an order for specific performance of the IsDB's obligations or a claim for damages. There is no assurance that a court will provide an order for specific performance which is a discretionary matter.

The amount of damages which a court may award in respect of a breach will depend upon a number of possible factors including an obligation on IDB Trust Services Limited to mitigate. No assurance is provided on the level of damages which a court may award in the event of a failure by the IsDB to perform its obligations set out in the Purchase Undertaking Deed, the Master Trust Deed or the Guarantee.

Additional risks

Reliance on Euroclear and Clearstream, Luxembourg procedures

The Trust Certificates of each Series will be represented on issue by a Global Certificate that will be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in each Global Certificate, investors will not be entitled to receive Trust Certificates in definitive form. Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in the Global Certificates. While the Trust Certificates of any Series are represented by a Global Certificate, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg and their respective participants.

While the Trust Certificates of any Series are represented by a Global Certificate, the Issuer will discharge its payment obligation under the relevant Trust Certificates by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Certificate must rely on the procedures of the relevant clearing system and its participants to receive payments under the relevant Trust Certificates. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any Global Certificate. Holders of beneficial interests in a Global Certificate will not have a direct right to vote in respect of the relevant Trust Certificates. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

Consents to variation of Programme Documents and other matters

The Master Trust Deed contains provisions permitting the Delegate, or Trustee acting on the directions of the Delegate (acting as directed by the Certificateholders), from time to time and at any time without any consent or sanction of the Certificateholders to make any modification to the Master Trust Deed if in the opinion of the Delegate such modification (a) is of a formal, minor or technical nature, or (b) is made to correct a manifest or proven (to the satisfaction of the Delegate) error, or (c) is proper to make and is not materially prejudicial to the interest of Certificateholders. Unless the Delegate otherwise decides, any such modification shall as soon as practicable thereafter be notified to the Certificateholders and shall in any event be binding

upon the Certificateholders.

TERMS AND CONDITIONS OF THE TRUST CERTIFICATES

The following is the text of the Terms and Conditions of the Trust Certificates, which (subject to modification and except for the text in italics) will be endorsed on each Trust Certificate in individual registered form issued under the Programme and will apply to the Global Trust Certificate. The applicable Final Terms in relation to any series of Trust Certificates complete the following Terms and Conditions for the purpose of such Trust Certificates. The applicable Pricing Supplement in relation to any Series of Trust Certificates which are Exempt Certificates complete the following Terms and Conditions for such Trust Certificates.

IDB Trust Services Limited (in its capacity as issuer, the **Issuer** and, in its capacity as trustee, the **Trustee**) has established a programme (the **Programme**) for the issuance of up to U.S.\$10,000,000,000 in aggregate principal amount of Trust Certificates.

The Conditions applicable to any particular Series of Trust Certificates are these Conditions as completed by the relevant Final Terms or Pricing Supplement, as the case may be. In the event of any inconsistency between these Conditions and the relevant Final Terms or Pricing Supplement, as the case may be, the relevant Final Terms or Pricing Supplement, as the case may be, shall prevail.

In these Conditions, references to **Trust Certificates** shall be references to the Trust Certificates which are the subject of the relevant Final Terms or Pricing Supplement, as the case may be. References to **Exempt Certificates** are to Trust Certificates for which no prospectus is required to be published under Directive 2003/71/EC (the **Prospectus Directive**)

(the **Delegate**) as well as (ii) the relevant supplemental trust deed (each, a **Supplemental Trust Deed** and, together with the Master Trust Deed, the **Trust Deed**) applicable to each Series.

In accordance with the Trust Deed, the Trustee will unconditionally and irrevocably appoint the Delegate to be its attorney and to exercise certain future duties, powers, authorities and discretions vested in the Trustee by certain provisions in Trust Deed and in accordance with the terms of the Trust Deed at all times. The Delegate is entitled to receive its properly incurred fees, costs, charges and expenses for acting in relation to the Trust Certificates from the Certificateholder Entitlement in the distributions of Trust Assets ahead of the distributions to Certificateholders.

Payments relating to the Trust Certificates will be made pursuant to an amended and restated issue and paying agency agreement dated 24 December 2013 (the **Agency Agreement**) made between the Issuer, the Trustee, the IsDB, the Delegate, HSBC Bank plc as principal paying agent (the **Principal Paying Agent**, which expression shall include any successor agent) and as calculation agent (in such capacity the **Calculation Agent**), and Ogier SPV Services Limited as registrar (in such capacity the **Registrar**), as replacement agent (in such capacity, the **Replacement Agent**) and as transfer agent (in such capacity, the **Transfer Agent**, and together with the Calculation Agent, the Transfer Agent, the Registrar and the Principal Paying Agent, the **Agents**).

Subject as set out below, copies of the following documents are available for inspection and obtainable free of charge during normal business hours at the Specified Office (as defined herein) for the time being of the Principal Paying Agent. 4.1 Status of the Trust Certificates

The Trust Certificates evidence an undivided beneficial ownership interest in the Trust Assets of the relevant Series of Trust Certificates and consequently the right to receive certain payments in respect thereof, subject to the terms of the Master Trust Deed, the relevant Supplemental Trust Deed, the Purchase Undertaking Deed, the Sale Undertaking Deed, the relevant IsDB Purchase Agreement, the relevant Sale Agreement and these Conditions, and will be limited recourse obligations of the Issuer. The obligations of the Issuer pursuant to the Conditions of each Trust Certificate are direct, unsubordinated, unsecured and limited recourse obligations of the Issuer and rank *pari passu*, without any preference or priority, among all Trust Certificates of the same Series and with all other present and future Trust Certificates.

4.2 Status of the Guarantee

The obligations of the IsDB pursuant to the Guarantee are direct, unsubordinated and unsecured obligations of the IsDB and (save for certain obligations required to be preferred by law) rank *pari passu*, without any preference or priority, with all other unsecured obligations (other than subordinated obligations, if any) of the IsDB from time to time outstanding.

5 THE TRUST

5.1 Trust Assets

IDB Trust Services Limited has agreed to apply, on each occasion on which Trust Certificates are issued and in respect of the relevant Series of Trust Certificates only, the net proceeds of the issue of such Trust Certificates to purchase the Portfolio pursuant to the Master Purchase Agreement. The Portfolio (as defined

in the Master Trust Deed) relating to each Series of Trust Certificates will be the subject of and specified in the Supplemental Purchase Agreement and which shall, upon purchase (and as amended from time to time, including by way of acquiring Additional Portfolio Assets) comprise the relevant Portfolio.

The Trustee has appointed the IsDB to perform limited actions in order to service the Portfolio of each Series of Trust Certificates pursuant to the Wakala Agreement. The Trustee shall pay the Wakeel a nominal amount of U.S.\$100 as a basic fee on the date of each Supplemental Wakala Agreement and an Incentive Fee (as defined in the Master Wakala Agreement).

Profit received in respect of the Portfolio of each Series of Trust Certificates will, after paying the expenses of the relevant Trust (as defined below), be applied to make Periodic Distributions in respect of such Series of Trust Certificates on the relevant Periodic Distribution Date(s), as more particularly described in the Conditions.

Principal amounts received in respect of the Portfolio of each Series of Trust Certificates will be reinvested by IDB Trust Services Limited firstly in acquiring from the IsDB Additional Portfolio Assets pursuant to the Additional Portfolio Assets Sale Undertaking Deed and secondly, to the extent that the IsDB does not have sufficient Additional Portfolio Assets on its balance sheet and at its disposal for sale to IDB Trust Services Limited to enable IDB Trust Services Limited to reinvest the principal amounts in full, by acquiring Shares and/or Sukuk in the open market (through the IsDB as its Wakeel). Any such Additional Portfolio Assets, Shares and Sukuk will form part of the Portfolio of the relevant Series of Trust Certificates.

The IsDB has undertaken to purchase the outstanding Portfolio relating to each Series of Trust Certificates on the relevant Dissolution Date pursuant to the Purchase Undertaking Deed, to be supplemented, at the time of each such purchase, by the IsDB Purchase Agreement containing the specific terms applicable to the relevant purchase. IDB Trust Services Limited has agreed to sell the outstanding Portfolio relating to each Series of Trust Certificates on the relevant Dissolution Date pursuant to the Sale Undertaking Deed, to be supplemented, at the time of each such purchase, by the Sale Agreement containing the specific terms applicable to the relevant sale. The purchase price payable by the IsDB pursuant to each such IsDB Purchase Agreement and the sale price pursuant to each such Sale Agreement will be an amount equal to (a) the Aggregate Nominal Amount (as specified in the relevant Final Terms or Pricing Supplement, as the case may be) of the relevant Series of Trust Certificates, and (b) the amount of accrued but unpaid Periodic Distribution Amounts on such date. The Trustee will distribute the proceeds of sale of the Portfolio of the relevant Series of Trust Certificates to Certificateholders of the relevant Series in the amounts required to be paid in respect of the relevant Trust Certificates under the Conditions or as otherwise specified in the Final Terms or Pricing Supplement, as the case may be, applicable to such Series.

Pursuant to the Guarantee, the IsDB has guaranteed to the Trustee the punctual performance of any and all payment obligations arising or falling due under or in respect of the assets constituting the Portfolio relating to the relevant Series of Trust Certificates. Further, the IsDB has agreed in the Guarantee that if, on a day falling three Business Days prior to a Periodic Distribution Date in respect of the relevant Series of Trust Certificates there is a shortfall between the Periodic Distribution Amounts due on the immediately following Periodic Distribution Date and the Profit Collections received in respect of the Portfolio Constituent Assets comprised in the Portfolio relating to the such Series of Trust Certificates (whether due to the maturity of obligations, the early repayment of amounts due or a failure by any person to pay amounts that have become due and payable, in respect of such Portfolio Constituent Assets or for any other reason), such that the Trustee would be unable to pay Periodic Distribution Amounts (including any additional amounts payable under Condition 12 (*Taxation*)) due to Certificateholders on such Periodic Distribution Date in full, the IsDB shall immediately pay to the Trustee the amount of such shortfall in the manner and currency prescribed by the Conditions for payment by the Trustee in respect of Trust Certificates. The aggregate amounts recoverable by the Trustee under the Guarantee shall not exceed the sum of all (i) Periodic Distribution Amounts due to Certificateholders on all relevant Periodic Distribution Dates determined on a pro rata basis for the Return Accumulation Period ending on the relevant Periodic Distribution Date and (ii) any such additional amounts as aforesaid.

Unless otherwise specified in the relevant Supplemental Trust Deed, the Trust Assets in respect of each Series of Trust Certificates will comprise:

- (a) the Initial Trust Property (as defined in the Master Trust Deed);

- (b) all of the Trustee's rights, title, interest and benefit, present and future, in and to the Portfolio;
- (c) all of the Trustee's rights, title, interest and benefit, present and future, in and to the Programme Documents and Transaction Documents to which it is a party (excluding any representation given to the Trustee by the IsDB pursuant to any of the Programme Documents or Transaction Documents);
- (d) the rights of the Trustee to any Cash (as defined in the Master Trust Deed) in any of its bank accounts (and any profit or income earned on such Cash) and any other amounts held by any agent on its behalf (including, but not limited to, any amount held on its behalf pursuant to the Wakala Agreement), and the rights and interests of the Trustee in any assets held by the IsDB on trust for it, which are attributable to, arise from, or are in any way connected with such Series of Trust Certificates;
- (e) any Eligible Investments (as defined in the Master Trust Deed) other than the Portfolio (and any profit or income earned on such Eligible Investments other than the Portfolio) which are attributable to, arise from, or are in any way connected with such Series of Trust Certificates;
- (f) any amount contributed pursuant to Clause 18.2 (Application of Moneys) of the Master Trust Deed;
- (g) any other assets, rights, Cash or investments of the Trustee as may be specified in the relevant Supplemental Trust Deed; and
- (h) any proceeds arising from the sale of any of the assets comprised in (a) to (g) and any assets representing the same.

5.2 Application of Trust Assets prior to Dissolution

Prior to the Dissolution Date, payments of Periodic Distribution Amounts in respect of the Trust Certificates will represent (unless otherwise specified in the relevant Supplemental Wakala Agreement), *inter alia*, distributions from (a) profit collections received by or on behalf of IDB Trust Services Limited from the IsDB in its capacity as Wakeel in respect of the relevant Portfolio (and, if applicable, the proceeds of certain indemnities from the IsDB) after paying certain fees and expenses of the Trust and (b) if applicable, any amounts advanced to (or otherwise contributed to) the Trust and/or IDB Trust Services Limited by the IsDB pursuant to the Guarantee, the Master Trust Deed and the relevant Supplemental Trust Deed.

Unless otherwise specified in the relevant Supplemental Wakala Agreement, on each Settlement Date the Wakeel will apply the relevant collections received in the immediately preceding Calculation Period to pay the following amounts on behalf of IDB Trust Services Limited in accordance with the following order of priority:

FIRST to the Delegate in respect of all amounts owing to it under the Programme Documents and Transaction Documents in its capacity as Delegate and to any receiver, manager or administrative receiver or any other analogous officer appointed in respect of the Trust by the Delegate in accordance with the Trust Deed (by way of partial distribution of the relevant Certificateholder Entitlement);

SECONDLY *pro rata*, to pay an amount equal to any other sums payable by the Trustee (other than to Certificateholders or as otherwise provided in the third and fourth items (inclusive) below) including rating fees, listing fees, paying agents' fees and corporate administrator fees together with any stamp, issue, registration, documentary and other fees, duties and taxes, including compensation and penalties, payable on or in connection with (i) the execution and delivery of the Master Trust Deed, the relevant Supplemental Trust Deed, the relevant Series and the Conditions (ii) the constitution and original issue of the relevant Series and (iii) any action taken by or on behalf of the Trustee or (where permitted by the Master Trust Deed, the relevant Supplemental Trust Deed, the Trust Certificates and the Conditions) any Certificateholder to enforce, or to resolve any doubt concerning, or for any other purpose in relation to, the Master Trust Deed, the relevant Supplemental Trust Deed, the Trust Certificates and the Conditions each of which such amounts shall have been properly incurred by the Trustee and to pay any remuneration agreed with the Trustee pursuant to such arrangements as the Wakeel, the Delegate and the Trustee shall separately agree; and

THIRDLY, in respect of each Periodic Distribution Date, to pay to the Principal Paying Agent any Periodic Distribution Amounts due and payable on such Periodic Distribution Date.

5.3 Application of Trust Assets on the Dissolution Date

On the Dissolution Date, the Portfolio will be transferred by IDB Trust Services Limited to the IsDB pursuant to the Purchase Undertaking Deed and the relevant IsDB Purchase Agreement or, as the case may be, pursuant to the Sale Undertaking Deed and the relevant Sale Agreement, in return for a purchase price (to be specified in the relevant IsDB Purchase Agreement or Sale Agreement, as the case may be) equal to, (a) the Aggregate Nominal Amount specified in the relevant Final Terms or Pricing Supplement, as the case may be) and (b) the amount of accrued but unpaid Periodic Distribution Amounts on such date (including any additional amounts payable pursuant to Condition 12 (*Taxation*)).

IDB Trust Services Limited will apply the proceeds of such purchase price together with any remaining Trust Assets and, if applicable, any amounts advanced to (or otherwise paid to) IDB Trust Services Limited by the IsDB pursuant to the Guarantee, the Master Trust Deed and the relevant Supplemental Trust Deed and any other amounts as may be specified in the relevant Supplemental Trust Deed, as the case may be, to make payments in respect of, *inter alia*, the Trust Certificates in accordance with the following order of priority (or as otherwise specified in the relevant Supplemental Trust Deed, as the case may be):

FIRST to the Delegate in respect to of all amounts owing to it under the Programme Documents and Transaction Documents in its capacity as Delegate and to any receiver, manager or administrative receiver or any other analogous officer appointed in respect of the Trust by the Delegate in accordance with the Trust Deed (by way of partial distribution of the relevant Certificateholder Entitlement);

SECONDLY to pay, *pro rata*, an amount equal to any other sums payable by the Trustee (other than to Certificateholders or as otherwise provided in the Third and Fourth items (inclusive) below) including rating fees, listing fees, paying agent's fees and corporate administrator fees together with any stamp, issue, registration, documentary and certain other fees, duties and taxes, including compensation and penalties, payable on or in connection with (i) the execution and delivery of the Master Trust Deed, the relevant Supplemental Trust Deed, the relevant Series of Trust Certificates and the Conditions, (ii) the constitution and original issue of the relevant Series of Trust Certificates and (iii) any action taken by or on behalf of the Trustee or (where permitted under the Master Trust Deed, the relevant Supplemental Trust Deed, the Trust Certificates and the Conditions so to do) any Certificateholder to enforce, or to resolve any doubt concerning, or for any other purpose in relation to, the Master Trust Deed or the relevant Supplemental Trust Deed, the relevant Series of Trust Certificates and the Conditions each of which such amounts shall have been properly incurred by the Trustee and to pay any remuneration agreed with the Trustee pursuant to such arrangements as the IsDB, the Delegate and the Trustee shall separately agree;

THIRDLY to pay an amount equal to any outstanding sums payable in respect of the relevant Series of Trust Certificates until redeemed in full by way of distributing the remainder of the relevant Certificateholder Entitlement; and

FOURTHLY to pay all remaining amounts to the IsDB by way of Incentive Fee (as defined in the Master Wakala Agreement), for acting as Wakeel in relation to the Programme.

6 COVENANTS

The Issuer has covenanted in the Master Trust Deed that, *inter alia*, for so long as any Trust Certificate is outstanding, it shall not (subject to contrary instructions or an Extraordinary Resolution of Certificateholders provided to the Delegate):

7 FIXED PERIODIC DISTRIBUTION AMOUNT PROVISIONS

7.1 Application

This Condition 7 (*Fixed Periodic Distribution Amount Provisions*) is applicable to the Trust Certificates only if the Fixed Periodic Distribution Amount Provisions are specified in the relevant Final Terms or Pricing Supplement, as the case may be, as being applicable.

7.2 Periodic Distribution Amount

A Periodic Distribution Amount representing a defined share of the profit in respect of the Trust Assets for the relevant Series of Trust Certificates will be payable in respect of the Trust Certificates and be

distributable by the Trustee to the Certificateholders in accordance with these Conditions.

7.3 Fixed Amount

The Periodic Distribution Amount payable in respect of each Trust Certificate for any Return Accumulation Period shall be the relevant Fixed Amount and, if the Trust Certificates are in more than one Specified Denomination, shall be the relevant Fixed Amount in respect of the relevant Specified Denomination.

7.4 Periodic Distribution Date

Subject to Condition 7.6 (*Cessation of Profit Entitlement*), Condition 11.2 (*Early Dissolution for Tax Reasons*), Condition 11.3 (*Dissolution at the Option of the Issuer*) and Condition 14 (*Dissolution Events*) below, and unless otherwise specified in the relevant Final Terms or Pricing Supplement, as the case may be, each Periodic Distribution Amount will be made in respect of the relevant Trust Certificates in arrear on each Periodic Distribution Date.

7.5 Return Accumulation Period

The Periodic Distribution Amount payable on each Periodic Distribution Date will be in respect of the relevant Return Accumulation Period which, unless otherwise specified in the relevant Final Terms or Pricing Supplement, as the case may be, shall be the period from and including the Return Accrual Commencement Date of the relevant Series of Trust Certificates to but excluding the first Periodic Distribution Date in respect of such Series and each successive period from and including a Periodic Distribution Date to but excluding the next succeeding Periodic Distribution Date.

7.6 Cessation of Profit Entitlement

No further amounts will be payable on any Trust Certificate from and including the Dissolution Date unless, upon due presentation, payment of the Dissolution Amount or any part thereof is improperly withheld or refused. In such event, Periodic Distribution Amounts shall continue to be payable as provided in accordance with this Condition 7 (*Fixed Periodic Distribution Amount Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Trust Certificate up to that day are received by or on behalf of the relevant Certificateholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Certificateholders of the relevant Series that it has received all sums due in respect of the Trust Certificates up to such seventh day (except to the extent that there is any subsequent default in payment under these Conditions).

7.7 Calculation of Periodic Distribution Amount

The Periodic Distribution Amount payable on any Periodic Distribution Date in respect of each Trust Certificate for any period for which a Fixed Amount is not specified, shall be calculated by the Calculation Agent by applying the applicable Rate to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Trust Certificate divided by the Calculation Amount. For this purpose, a **sub-unit** means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7.8 Determination by the Trustee

The Trustee or the Delegate, as the case may be, shall, if the Calculation Agent defaults at any time in its obligation to determine the Periodic Distribution Amount in accordance with the above provisions, determine the Periodic Distribution Amount in the manner provided in Condition 7.7 (*Calculation of Periodic Distribution Amount*) above and any such determination shall be deemed to be a determination by the Calculation Agent.

7.9 Notifications, etc. to be final

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7 (*Fixed Periodic*

Distribution Amount Provisions), whether by the Calculation Agent or, if applicable, the Trustee or the Delegate, as the case may be, will (in the absence of wilful default, bad faith or manifest or proven error) be binding on the Trustee, the Delegate, the Principal Paying Agent and all Certificateholders of such Series (in the absence as referred to above). No liability to the Trustee, the IsDB, the Delegate, the Principal Paying Agent or the Certificateholders shall attach to the Calculation Agent or, where applicable, the Trustee or the Delegate, as the case may be, in connection with the exercise or non-exercise by it of its powers, duties and discretions under this Condition 7 (*Fixed Periodic Distribution Amount Provisions*).

8 FLOATING PERIODIC DISTRIBUTION AMOUNT PROVISIONS

8.1 Application

This Condition 8 (*Floating Periodic Distribution Amount Provisions*) is applicable to the Trust Certificates only if the Floating Periodic Distribution Amount Provisions are specified in the relevant Final Terms or Pricing Supplement, as the case may be, as being applicable.

8.2 Periodic Distribution Amount

A Periodic Distribution Amount representing a defined share of the profit in respect of the Trust Assets for the relevant Series of Trust Certificates will be payable in respect of the Trust Certificates and be distributable by the Trustee to the Certificateholders in accordance with these Conditions.

8.3 Screen Rate Determination

If Screen Rate Determination is specified in the relevant Final Terms or Pricing Supplement, as the case may be, as the manner in which the Rate(s) is/are to be determined, the Rate applicable to the Trust Certificates for each Return Accumulation Period will be determined by the Calculation Agent on the following basis:

- (a) if the Reference Rate specified in the relevant Final Terms or Pricing Supplement, as the case may be, is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Periodic Distribution Determination Date;
- (b) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Periodic Distribution Determination Date;
- (c) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (i) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Periodic Distribution Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (ii) determine the arithmetic mean of such quotations; and
- (d) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Return Accumulation Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Return Accumulation Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate for such Return Accumulation Period shall be the sum of the Margin and the rate or (as the

case may be) the arithmetic mean so determined; provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Return Accumulation Period, the Rate applicable to the Trust Certificates during such Return Accumulation Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Trust Certificates in respect of a preceding Return Accumulation Period.

8.4 Cessation of Profit Entitlement

No further amounts will be payable on any Trust Certificate from and including the Dissolution Date unless, upon due presentation, payment of the Dissolution Amount or any part thereof is improperly withheld or refused. In such event, Periodic Distribution Amounts shall continue to be payable as provided in accordance with this Condition 8 (*Floating Periodic Distribution Amount Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Trust Certificate up to that day are received by or on behalf of the relevant Certificateholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Certificateholders of the relevant Series that it has received all sums due in respect of the Trust Certificates up to such seventh day (except to the extent that there is any subsequent default in payment under these Conditions).

8.5 Calculation of Periodic Distribution Amount

The Calculation Agent will, as soon as practicable after the time at which the Rate is to be determined in relation to each Return Accumulation Period, calculate the Periodic Distribution Amount payable in respect of each Trust Certificate for such Return Accumulation Period. The Periodic Distribution Amount will be calculated by applying the Rate applicable to the relevant Return Accumulation Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Trust Certificate divided by the Calculation Amount. For this purpose, a **sub-unit** means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

8.6 Calculation of Other Amounts

If the relevant Final Terms or Pricing Supplement, as the case may be, specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms or Pricing Supplement, as the case may be.

8.7 Determination by the Trustee

The Trustee or the Delegate, as the case may be, shall, if the Calculation Agent defaults at any time in its obligation to determine the Periodic Distribution Amount in accordance with the above provisions, determine the Periodic Distribution Amount in the manner provided in Conditions 8.5 (*Calculation of Periodic Distribution Amount*) and 8.6 (*Calculation of Other Amounts*) above and any such determination shall be deemed to be a determination by the Calculation Agent.

8.8 Publication

The Calculation Agent will cause each Rate and Periodic Distribution Amount determined by it, together with the relevant Periodic Distribution Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Principal Paying Agent and each competent authority, stock exchange and/or quotation system (if any) by which the Trust Certificates have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate, Periodic Distribution Amount and Periodic Distribution Date) in any event not later than the first day of the relevant Return Accumulation Period. Notice thereof shall also promptly be given to the Certificateholders. The Calculation Agent (or, as the case may be, the Trustee or the Delegate, as the case may be) will be entitled to recalculate any Periodic Distribution Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Return Accumulation Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be

obliged to publish each Periodic Distribution Amount but instead may publish only the Calculation Amount and the Periodic Distribution Amount in respect of a Trust Certificate having the minimum Specified Denomination.

8.9 Notifications, etc. to be final

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 8 (*Floating Periodic Distribution Amount Provisions*), whether by the Calculation Agent or, if applicable, the Trustee or the Delegate, as the case may be, will be binding on the Trustee, the Delegate, the Principal Paying Agent and all Certificateholders (in the absence of wilful default, bad faith or manifest or proven error). No liability to IDB Trust Services Limited, the IsDB, the Delegate, the Principal Paying Agent or the Certificateholders shall attach to the Calculation Agent or, where applicable, the Trustee or the Delegate, as the case may be, in connection with the exercise or non-exercise by it of its powers, duties and discretions under this Condition 8 (*Floating Periodic Distribution Amount Provisions*).

9 PAYMENT

Payment of Dissolution Amounts and Periodic Distribution Amounts will be made by transfer to the registered account (as defined below) of the Certificateholder or by cheque drawn on a bank that processes payments in the Specified Currency mailed to the registered address of the Certificateholder if it does not have a registered account. Payments of Dissolution Amounts and payments of Periodic Distribution Amounts due otherwise than on a Periodic Distribution Date will only be made against surrender of the relevant Certificate of Registration at the Specified Office of any of the Agents. Periodic Distribution Amounts on Trust Certificates due on a Periodic Distribution Date will be paid to the holder shown on the Register on the Record Date.

For the purposes of this Condition 9 (*Payment*), a Certificateholder's **registered account** means the account in the Specified Currency maintained by or on behalf of such Certificateholder with a bank that processes payments in the Specified Currency, details of which appear on the Register at the close of business, in the case of principal and Periodic Distribution Amounts due otherwise than on a Periodic Distribution Date, on the second Payment Business Day before the due date for payment and, in the case of principal and Periodic Distribution Amounts due on a Periodic Distribution Date, on the relevant Record Date, and a Certificateholder's registered address means its address appearing on the Register at that time.

All such payments will be made subject to any fiscal or other laws and regulations applicable in the place of payment, but without prejudice to the provisions described in Condition 12 (*Taxation*).

Where payment is to be made by transfer to a registered account, payment instructions (for value the due date or, if that is not a Payment Business Day, for value the first following day which is a Payment Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed, on the Payment Business Day preceding the due date for payment or, in the case of a payment of principal or due otherwise than on a Periodic Distribution Date, if later, on the Payment Business Day on which the relevant Certificate of Registration is surrendered at the Specified Office of an Agent.

Unless otherwise specified in the relevant Final Terms or Pricing Supplement, as the case may be, Certificateholders will not be entitled to any payment for any delay after the due date in receiving the amount due if the due date is not a Payment Business Day, if the Certificateholder is late in surrendering its Certificate of Registration (if required to do so) or if a cheque mailed in accordance with this Condition arrives after the due date for payment.

If the amount of any Dissolution Amount or Periodic Distribution Amount which is due on the Trust Certificates is not paid in full, the Registrar will annotate the Register with a record of the amount of any Dissolution Amount or Periodic Distribution Amounts in fact paid.

10 AGENTS

10.1 Agents of Issuer

In acting under the Agency Agreement and in connection with the Trust Certificates, the Agents act solely as agents of the Issuer and the IsDB and do not assume any obligations towards or relationship of agency or trust for or with any of the Certificateholders.

10.2 Specified Offices

The names of the initial Agents and their Specified Offices at the date of the Base Prospectus are set out at the end of the Base Prospectus. Each of the Issuer and the IsDB reserves the right at any time to vary or terminate the appointment of any Agent and to appoint additional or other Agents *provided, however, that:*

- (a) it will at all times maintain a Principal Paying Agent;
- (b) it will at all times maintain a Registrar;
- (c) if and for so long as any Trust Certificates are admitted to listing, trading and/or quotation on any competent authority, stock exchange and/or quotation system, it will at all times maintain a Principal Paying Agent and/or Transfer Agent and/or Replacement Agent having its Specified Office in any place required by such competent authority, stock exchange and/or quotation system;
- (d) it will at all times maintain a Replacement Agent;
- (e) each of the Issuer and the IsDB will ensure that it maintains a Principal Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with or introduced to comply with such Directive, or maintain a Principal Paying Agent with a Specified Office outside the European Union if there is no Member State that is not obliged to withhold or deduct tax pursuant to such Directive; and
- (f) it will at all times maintain a Calculation Agent.

Notice of any termination or appointment and of any changes in Specified Offices will be given to the Certificateholders promptly by the Trustee in accordance with Condition 17 (*Notices*).

11 CAPITAL DISTRIBUTIONS OF TRUST

11.1 Scheduled Dissolution

Unless the Trust Certificates are redeemed earlier, each Series of Trust Certificates will be dissolved on the relevant Maturity Date at its Final Dissolution Amount together with, for the avoidance of doubt, any accrued but unpaid Periodic Distribution Amounts. Upon payment in full of such amounts and the termination of the relevant Trust, the Trust Certificates shall cease to represent interests in the Trust Assets and no further amounts shall be payable in respect thereof and the Trustee shall have no further obligations in respect thereof.

11.2 Early Dissolution for Tax Reasons

The Trust in respect of a Series of Trust Certificates may be dissolved at the option of the Issuer (with the prior written consent of the IsDB) in whole, but not in part:

- (a) at any time (if the Floating Periodic Distribution Amount Provisions are not specified in the relevant Final Terms or Pricing Supplement, as the case may be, as being applicable); or
- (b) on any Periodic Distribution Date (if the Floating Periodic Distribution Amount Provisions are specified in the relevant Final Terms or Pricing Supplement, as the case may be, as being applicable),

- (c) on giving not less than 30 nor more than 60 days' notice to the Certificateholders (which notice shall be irrevocable), at their Early Dissolution Amount (Tax), together with Periodic Distribution Amounts accrued but unpaid (if any) to, but excluding, the relevant Dissolution Date, if:
- (i) Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 12 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Relevant Jurisdiction or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction or, by any authority in or of a Relevant Jurisdiction having a power tax), which change or amendment becomes effective on or after the date of issue of the Trust Certificates in respect of such Series; and
 - (ii) such obligation cannot be avoided by Issuer taking reasonable measures available to it,
- provided, however, that* no such notice of dissolution shall be given unless the Trustee has received the relevant notice from the IsDB under the Sale Undertaking Deed and no such notice of dissolution shall be given earlier than:
- (d) where the relevant Series of Trust Certificates may be dissolved at any time, 90 days prior to the earliest date on which the Trustee would be obliged to pay such additional amounts if a payment in respect of the Trust Certificates were then due; or

where the relevant Series of Trust Certificates may be dissolved only on a Periodic Distribution Date, 60 days prior to the Periodic Distribution Date occurring immediately before the earliest date on which the Trustee would be obliged to pay such additional amounts if a payment in respect of the Trust Certificates were then due.

Prior to the publication of any notice of dissolution pursuant to this paragraph, the Issuer shall deliver to the Delegate and the Principal Paying Agent (a) a certificate signed by two directors of the Issuer, which shall be binding on the Certificateholders, stating that the Issuer is entitled to effect such dissolution and setting forth a statement of facts showing that the conditions precedent in (A) and (B) above to the right of the Issuer so to dissolve have occurred, and (b) an opinion of independent legal advisors of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 11.2 (*Early Dissolution for Tax Reasons*), the Issuer shall be bound to dissolve the Trust Certificates in accordance with this Condition 11.2 (*Early Dissolution for Tax Reasons*). Upon such dissolution as aforesaid and the termination of the relevant Trust, the Trust Certificates shall cease to represent interests in the Trust Assets and no further amounts shall be payable in respect thereof and IDB Trust Services Limited shall have no further obligations in respect thereof.

11.3 **Dissolution at the Option of the Issuer**

If the Optional Dissolution (Call) option is specified in the relevant Final Terms or Pricing Supplement, as the case may be, as being applicable, the relevant Trust in respect of such Series of Trust Certificates may be dissolved at the option of the Issuer (with the prior written consent of the IsDB) in whole but not in part on any Optional Dissolution Date (Call) at the relevant Optional Dissolution Amount (Call) on the Issuer giving not less than 30 nor more than 60 days' notice to the Certificateholders (which notice shall be irrevocable and shall oblige the Issuer to dissolve all of the Trust Certificates of the relevant Series on the relevant Optional Dissolution Date (Call) at the Optional Dissolution Amount (Call) plus Periodic Distribution Amounts (if any) to such date). Upon payment in full of such amounts accrued but unpaid and the termination of the relevant Trust, the Trust Certificates shall cease to represent interests in the Trust Assets and no further amounts shall be payable in respect thereof and the Issuer shall have no further obligations in respect thereof.

11.4 **No Other Optional Early Dissolution**

The Issuer shall not be entitled to redeem any Series of Trust Certificates and the Trustee shall not be entitled to dissolve the Trust created in respect of such Series at its option otherwise than as provided in Conditions 11.1 (*Scheduled Dissolution*), 11.2 (*Early Dissolution for Tax Reasons*) and 11.3 (*Dissolution at*

the Option of the Issuer) above.

11.5 Cancellation

All Trust Certificates which are redeemed will forthwith be cancelled and accordingly may not be held, reissued or resold.

12 TAXATION

All payments in respect of the Trust Certificates shall be made without withholding or deduction for, or on account of, any Taxes, unless the withholding or deduction of the Taxes is required by law. In such event, the Issuer will pay to the Certificateholders additional amounts so that the full amount which otherwise would have been due and payable under the Trust Certificates is received by parties entitled thereto, except that no such additional amount shall be payable to any Certificateholder:

- (a) who is liable for such Taxes in respect of such Trust Certificate by reason of having some connection with any Relevant Jurisdiction other than the mere holding of such Trust Certificate; or
- (b) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with or introduced to comply with such Directive; or
- (c) where the Certificate of Registration is required to be presented for payment and is presented for payment by or on behalf of a Certificateholder who would be able to avoid such withholding or deduction by presenting the relevant Certificate of Registration to another Principal Paying Agent in a Member State of the European Union; or
- (d) where (in the case of principal or Periodic Distribution Amounts on dissolution) the relevant Certificate of Registration is surrendered for payment more than 30 days after the Relevant Date except to the extent that the relevant Certificateholder would have been entitled to such additional amount if it had surrendered the relevant Certificate of Registration on the last day of such period of 30 days.

In these Conditions, references to Final Dissolution Amount, Early Dissolution Amount (Tax), Optional Dissolution Amount (Call) and Periodic Distribution Amount shall be deemed to include any additional amounts payable under this Condition 12.

13 PRESCRIPTION

The rights to receive distributions in respect of the Trust Certificates will be forfeited unless presented for payment within periods of 10 years (in the case of Final Dissolution Amounts) and five years (in the case of Periodic Distribution Amounts) from the Relevant Date in respect thereof.

14 DISSOLUTION EVENTS

If any of the following events occurs and is continuing (each, a **Dissolution Event**):

- (a) default is made in the payment of any Dissolution Amount in respect of the relevant Series of Trust Certificates on the date fixed for payment thereof, or default is made in the payment of any Periodic Distribution Amount in respect of any Trust Certificate on the due date for payment thereof, and in the case of any Periodic Distribution Amount only, such default continues for a period of seven days; or
- (b) IDB Trust Services Limited fails duly to perform or comply with any of the obligations expressed to be assumed by it in the Programme Documents or Transaction Documents to which it is a party and such failure or breach remains unremedied for 30 days after the Delegate has given written notice thereof to IDB Trust Services Limited;
- (c) an IsDB Event occurs under the Wakala Agreement; or
- (d) IDB Trust Services Limited fails to exercise the rights that it has under the Additional Portfolio Assets

Sale Undertaking or fails to enter into any relevant Additional Portfolio Assets Sale Agreement in the event that a Servicing Report in respect of the Portfolio of the relevant Series identifies the Tangibility of the relevant Portfolio as being less than 33 per cent. or identifies a Revenue Generating Assets Shortfall in respect of that Portfolio and such rights are capable of being exercised and such exercise is not restricted as a result of non-availability of any Additional Portfolio Assets on the IsDB's balance sheet; or

- (e) IDB Trust Services Limited repudiates any Programme Document to which it is a party, any Supplemental Purchase Agreement, any Additional Portfolio Assets Sale Agreement or any Supplemental Trust Deed or does or causes to be done any act or thing evidencing an intention to repudiate any Programme Document to which it is a party, any Supplemental Purchase Agreement, any Additional Portfolio Assets Sale Agreement or any Supplemental Trust Deed; or
- (f) at any time it is or will become unlawful for IDB Trust Services Limited (by way of insolvency or otherwise) to perform or comply with any of its obligations under the Programme Documents, any Supplemental Purchase Agreement, any Additional Portfolio Assets Sale Agreement or any Supplemental Trust Deed or any of the obligations of the Trustee under the Programme Documents, any Supplemental Purchase Agreement, any Additional Portfolio Assets Sale Agreement or any Supplemental Trust Deed are not or cease to be legal, valid, binding and enforceable,

then the Delegate at its discretion may, and if so requested in writing by the Certificateholders representing not less than one-fifth in principal amount of the Trust Certificates of the relevant Series for the time being outstanding, and subject to the provisions of Condition 15.2 (*Enforcement by the Delegate*) shall, by written notice addressed to the Trustee and the IsDB and delivered to the Trustee and the IsDB or to the Specified Office of the Principal Paying Agent, declare the Trust in respect of the Trust Certificates of the relevant Series to be dissolved and the relevant Trust Certificates immediately due and payable, whereupon they shall become immediately due and payable at their Dissolution Amount together with accrued Periodic Distribution Amounts (if any). Notice of any such declaration shall promptly be given to the Certificateholders of the relevant Series in accordance with Condition 17 (*Notices*). Upon payment in full of such amounts, the Trust Certificates shall cease to represent interests in the Trust Assets and no further amounts shall be payable in respect thereof and the Trustee shall have no further obligations in respect thereof.

Unless otherwise specified in the relevant Final Terms or Pricing Supplement, as the case may be, the Return Accumulation Period during which a Dissolution Event occurs will be adjusted to represent the period from and including the immediately preceding Periodic Distribution Date (or the Issue Date, as the case may be) to but excluding the Dissolution Date (or, if later, the date on which the applicable Periodic Distribution Amount is actually paid), and the corresponding Periodic Distribution Amount shall be adjusted accordingly and paid on such Dissolution Date (or, if later, the date on which the applicable Periodic Distribution Amount is actually paid).

For the purpose of (a) above, amounts shall be considered due in respect of the Trust Certificates (including for the avoidance of doubt any amounts calculated as being payable under Condition 7 (*Fixed Periodic Distribution Amount Provisions*), Condition 8 (*Floating Periodic Distribution Amount Provisions*) and Condition 11 (*Capital Distributions of Trust*)) notwithstanding that the Trustee has at the relevant time insufficient funds or Trust Assets to pay such amounts.

The Issuer and/or the IsDB shall notify the Delegate promptly following the occurrence of a Dissolution Event.

15 ENFORCEMENT AND EXERCISE OF RIGHTS

15.1 Enforcement

The Delegate may at any time, at its discretion and without notice, take such proceedings and/or other steps as it may think fit against or in relation to each of IDB Trust Services Limited and/or the IsDB to enforce their respective obligations under the Guarantee, the Master Trust Deed, the applicable Supplemental Trust Deed, the Conditions and the relevant Trust Certificates or any other Programme Document or Transaction Document.

Following the enforcement, realisation and ultimate distribution of the net proceeds of the relevant Trust Assets in respect of the Trust Certificates to the Certificateholders in accordance with these Conditions and the Trust Deed, IDB Trust Services Limited shall not be liable for any further sums and, accordingly, Certificateholders may not take any action against IDB Trust Services Limited or any other person (including the IsDB) to recover any such sum in respect of the Trust Certificates or the relevant Trust Assets.

15.2 Enforcement by the Delegate

The Delegate shall not be bound to take any action to enforce or to realise the Trust Assets or take any proceedings or any other steps against IDB Trust Services Limited and/or the IsDB under any Programme Documents or Transaction Documents to which IDB Trust Services Limited or the IsDB is a party unless requested to do so (a) by an Extraordinary Resolution or (b) in writing by the Certificateholders holding at least one-fifth in principal amount of the Trust Certificates then outstanding and in either case then only if it shall be indemnified, pre-funded and/or secured to its satisfaction against all liabilities to which it may render itself liable or which it may incur by so doing.

In addition, the Delegate shall not be bound to provide any instructions to IDB Trust Services Limited to take any action pursuant to Condition 15.1 (*Enforcement*) unless it has express notice of the occurrence of a Dissolution Event.

15.3 Direct enforcement by Certificateholders

No Certificateholder shall be entitled to proceed directly against IDB Trust Services Limited or the IsDB unless (a) the Delegate, having become bound so to proceed, fails to do so within a reasonable period and (b) the relevant Certificateholder (or such Certificateholder together with the other Certificateholders who propose to proceed directly against any of IDB Trust Services Limited or the IsDB, as the case may be) holds at least 20 per cent. of the then outstanding aggregate face amount of the relevant Series. Under no circumstances shall the Delegate or any Certificateholder have any right to cause the sale or other disposition of any of the relevant Trust Assets and the sole right of the Delegate and the Certificateholders against IDB Trust Services Limited and the IsDB shall be to enforce their respective obligations under the Programme Documents and Transaction Documents.

The foregoing paragraphs in Condition 15 (*Enforcement and Exercise of Rights*) are subject to this paragraph. After enforcing or realising the relevant Trust Assets and distributing the net proceeds of the relevant Trust Assets in accordance with Condition 5.2 (*Application of Trust Assets prior to Dissolution*) and, as the case may be, Condition 5.3 (*Application of Trust Assets on Dissolution Date*), the obligations of IDB Trust Services Limited in respect of the Trust Certificates shall be satisfied and no Certificateholder may take any further steps against IDB Trust Services Limited to recover any further sums in respect of the Trust Certificates and the right to receive any such sums unpaid shall be extinguished. In particular, no Certificateholder shall be entitled in respect thereof to petition or to take any other steps for the winding-up of IDB Trust Services Limited.

15.4 Limited recourse

Notwithstanding anything to the contrary contained herein or in any other Programme Document or Transaction Document, no payment of any amount whatsoever shall be made in respect of the Trust Certificates by IDB Trust Services Limited or the Trust or any agents thereof except to the extent that funds are available therefor from the Trust Assets of the relevant Series of Trust Certificates.

Certificateholders by subscribing for or acquiring the Trust Certificates acknowledge that no recourse may be had for the payment of any amount owing in respect of the Trust Certificates against IDB Trust Services Limited or the Trust to the extent the Trust Assets have been exhausted.

In addition, no Certificateholder will be able to petition for, or join any other person in instituting proceedings for, the reorganisation, liquidation, *désastre*, winding up or receivership of IDB Trust Services Limited, the Trust, the Delegate or any of their affiliates as a consequence of such shortfall or otherwise.

The Trust Certificates do not represent an interest in or obligation of any of IDB Trust Services Limited, the Delegate, the Agents or any of their affiliates. The proceeds of the relevant Trust Assets are the sole source of payment on the Trust Certificates of such Series and the net proceed of the realisation of, or enforcement with respect to the relevant Trust Certificates may not be sufficient to make all payments due in respect of the Trust Certificates. Certificateholders will have no recourse to any assets of IDB Trust Services Limited (other than Trust Assets of the relevant Series of Trust Certificates), the IsDB, to the extent it fulfils its obligations under the Programme Documents and Transaction Documents to which it is a party, the Delegate or the Agents or any of their affiliates in respect of any shortfall in the expected amounts from the relevant Trust Assets to the extent the relevant Trust Assets have been enforced, realised and fully discharged following which all the obligations of IDB Trust Services Limited shall be extinguished. The Delegate will, as delegate to IDB Trust Services Limited for the Certificateholders, have direct recourse against the IsDB to recover payments due to IDB Trust Services Limited from the IsDB pursuant to such Transaction Document.

16 REPLACEMENT OF CERTIFICATES OF REGISTRATION

Should any Certificate of Registration be lost, stolen, mutilated, defaced or destroyed it may be replaced at the Specified Office of the Transfer Agent upon payment by the claimant of the expenses incurred in connection with the replacement and on such terms as to evidence and indemnity as the Trustee may reasonably require. Mutilated or defaced Certificates of Registration must be surrendered before replacements will be issued.

17 NOTICES

All notices regarding the Trust Certificates will be deemed to be validly given if mailed to the Certificateholders at their respective addresses on the Register and, if the Trust Certificates are admitted to trading on the Regulated Market of the London Stock Exchange (or any other Stock Exchange (and when the rules of such Stock Exchange so require)), if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) or in either case, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe (or published in a daily newspaper of general circulation in the jurisdiction of such Stock Exchange in the case of Trust Certificates admitted to trading on any other Stock Exchange). The Principal Paying Agent (acting on behalf of the Trustee) shall also ensure that notices are duly published in a manner which complies with the rules of any competent authority, stock exchange and/or quotation system on which any Trust Certificates are from time to time admitted to listing, trading and/or quotation.

Any such notice will be deemed to have been given on the seventh day after being so mailed or, if required to be published, on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

Notices to be given by any Certificateholders shall be in writing and given by lodging the same, together with the relevant Certificate of Registration or Certificates of Registration, with the Registrar.

18 MEETINGS OF CERTIFICATEHOLDERS, MODIFICATION, WAIVER, AUTHORISATION AND DETERMINATION AND REPLACEMENT OF DELEGATE

No Certificateholder may directly provide instructions to the Trustee.

The Master Trust Deed contains provisions for the Delegate and/or the IsDB to convene meetings of Certificateholders to consider any matter affecting their interests, including the modification or abrogation by Extraordinary Resolution of any of these Conditions or any of the provisions of the Master Trust Deed, any other Programme Document, any Supplemental Purchase Agreement, any Additional Portfolio Assets Sale Agreement, any Supplemental Wakala Agreement or any Supplemental Trust Deed, provided that the IsDB shall not be entitled to vote at any such meeting. The quorum at any meeting for passing an Extraordinary Resolution will be one or more Certificateholders, proxies or representatives holding or representing in the aggregate not less than one-fifth in principal amount of the relevant Series of the Trust Certificates for the time being outstanding, or at any adjourned such meeting one or more Certificateholders, proxies or representatives present whatever the principal amount of the Trust Certificates held or represented by him or them. To be passed, an Extraordinary Resolution requires a majority in favour consisting of not less than

two-thirds of the persons voting on a show of hands or, if a poll is duly demanded, a majority of not less than two-thirds of the votes cast on such poll and, if duly passed, will be binding on all holders of the relevant Series of the Trust Certificates, whether or not they are present at the meeting and whether or not voting.

In addition, a resolution in writing signed by or on behalf of 90 per cent. of Certificateholders who for the time being are entitled to receive notice of a meeting of Certificateholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Certificateholders.

The Delegate may from time to time and at any time without any consent or sanction of the Certificateholders agree and require the Trustee to agree to any modification to these Conditions, the Master Trust Deed, any other Programme Document or any Transaction Document if in its opinion such modification (i) is of a formal, minor or technical nature; (ii) is made to correct a manifest or proven (to the satisfaction to the Delegate) error; or (iii) is proper to make and is not materially prejudicial to the interests of the Certificateholders. In addition, the Delegate may from time to time and at any time without any consent or sanction of the Certificateholders (i) agree to the waiver or authorisation of any breach or proposed breach of, any of these Conditions, any provisions of the Master Trust Deed, any Programme Document or any Transaction Document or (ii) determine that any Dissolution Event shall not be treated as such, which is not, in each case, in the opinion of the Delegate, materially prejudicial to the interests of the Certificateholders. The Delegate shall be entitled to assume, for the purposes of exercising any power, trust, authority, duty or discretion under or in relation to the Trust Certificates, that such exercise will not be materially prejudicial to the interests of the Certificateholders of the relevant Series if each Rating Agency that has assigned a rating to such Series has confirmed in writing (whether or not addressed to the Delegate) that its rating would not be adversely affected by such exercise.

In connection with the exercise by it of any of the powers, trusts, authorities and discretions vested in it by the Master Trust Deed, the Trust Certificates, the Conditions, the other Programme Documents or any Transaction Documents (including, without limitation, any modification, waiver, authorisation or determination), the Delegate shall have regard to the general interests of the Certificateholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Certificateholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Certificateholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof) and neither the Trustee nor the Delegate shall be entitled to require, nor shall any Certificateholder be entitled to claim from the Trustee, the Delegate or any other person, any indemnification or payment in respect of any tax consequence of any such exercise upon individual Certificateholders except to the extent provided in Condition 12 (*Taxation*).

Any modification, abrogation, waiver, authorisation or determination shall be binding on all the Certificateholders and, unless the Delegate otherwise decides, the Delegate shall be required to notify the Certificateholders of any modification as soon as practicable thereafter in accordance with Condition 17 (*Notices*).

The Master Trust Deed also contains provisions regarding (i) the removal of the Delegate in respect of a Series of Trust Certificates pursuant to an Extraordinary Resolution of Certificateholders of the relevant Series of Trust Certificates, and (ii) the retirement of the Delegate upon not less than three months' notice in writing to the IsDB and the Certificateholders of each Series of Trust Certificates then outstanding, provided that no such removal or retirement may become effective until a successor Delegate is appointed.

19 PURCHASES OF CERTIFICATES

The IsDB and/or any Subsidiary of the IsDB may at any time purchase Trust Certificates at any price in the open market or otherwise.

20 INDEMNIFICATION AND LIABILITY OF THE TRUSTEE AND THE DELEGATE

The Master Trust Deed contains provisions for the indemnification of each of the Trustee and the Delegate in certain circumstances and for its relief from responsibility, including provisions relieving it from taking action

unless indemnified and/or secured to its satisfaction.

The Master Trust Deed contains provisions pursuant to which no director or officer of the Delegate or of any holding, affiliated or associated company of the Delegate shall be precluded from subscribing any Trust Certificates issued under the Programme, with or without a commission or other remuneration, or from purchasing or otherwise acquiring, holding, dealing in or disposing of any notes, bonds, debentures, shares or securities whatsoever or from being interested in any contract or transaction or from accepting and holding the office of trustee or administrator for the holders of any other securities, and in any such case neither the Delegate nor any director or officer of the Delegate shall be liable to the Certificateholders for any profit made by it or him thereby or in connection therewith.

21 CURRENCY INDEMNITY

All payments made in respect of the Trust Certificates shall be made in the Specified Currency irrespective of the currency of the Trust Assets. Certificateholders shall accordingly be indemnified from the Trust Assets against:

- (a) any Liability incurred by any of them arising from the non-payment in respect of the Trust Certificates or of any other amount due to the Certificateholders under these Conditions by reason of any variation in the rates of exchange between those used for the purposes of calculating the amount due under a judgment or order in respect thereof and those prevailing at the date of actual payment; and
- (b) any deficiency arising or resulting from any variation in rates of exchange between (i) the date as of which the local currency equivalent of the amounts due or contingently due under the Conditions is calculated for the purposes of any bankruptcy, insolvency or liquidation of the Trust, the Trustee or the IsDB and (ii) the final date for ascertaining the amount of claims in such bankruptcy, insolvency or liquidation. The amount of such deficiency shall be deemed not to be reduced by any variation in rates of exchange occurring between the said final date and the date of any distribution of assets in connection with any such bankruptcy, insolvency or liquidation.

The above indemnities apply irrespective of any indulgence granted by the Delegate or the Certificateholders from time to time and shall continue in full force and effect notwithstanding the judgment or filing of any proof or proofs in any bankruptcy, insolvency or liquidation of the Trust, the Trustee or the IsDB for a liquidated sum or sums in respect of amounts due under the Conditions. Any such deficiency as aforesaid shall be deemed to constitute a loss suffered by the Certificateholders and no proof or evidence of any actual loss shall be required by the Trustee or the liquidator or liquidators of the Trust.

22 CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of these Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

23 GOVERNING LAW AND DISPUTE RESOLUTION

23.1 Governing Law

Each of the Master Trust Deed, the Trust Certificates, the Guarantee, the Agency Agreement, the Purchase Undertaking Deed, the other Programme Documents (other than the Corporate Services Agreement), each Supplemental Purchase Agreement, each Additional Portfolio Assets Sale Agreement, each Supplemental Trust Deed, each Supplemental Wakala Agreement, each IsDB Purchase Agreement and each Guarantor Certificate, and any non-contractual obligations arising out of or in connection with any of them (other than the Corporate Services Agreement) is governed by English law.

23.2 Agreement to arbitrate

Subject to Condition 23.3, any dispute, claim, difference or controversy arising out of, relating to or having any connection with the Trust Deed, the Certificates and these Conditions (including any dispute as to the existence, validity, interpretation, performance, breach or termination of Trust Deed, the Certificates and

these Conditions or the consequences of the nullity of any of them or any dispute relating to any non contractual obligations arising out of or in connection with them) (a **Dispute**) shall be referred to and finally resolved by arbitration under the London Court of International Arbitration (**LCIA**) Arbitration Rules (the **Rules**), which Rules (as amended from time to time) are incorporated by reference into this Condition 23. For these purposes:

- (a) the place of arbitration shall be London;
- (b) there shall be three arbitrators, each of whom shall be disinterested in the arbitration, shall have no connection with any party thereto and shall be an attorney experienced in international securities transactions. The parties to the Dispute shall each nominate one arbitrator in the Request for Arbitration or Response (as the case may be) and both arbitrators in turn shall appoint a further arbitrator who shall be the chairman of the tribunal. In cases where there are multiple claimants and/or multiple respondents, the class of claimants jointly, and the class of respondents jointly shall each nominate one arbitrator. If one party or both fails to nominate an arbitrator in accordance with this Condition), such arbitrator(s) shall be appointed by the LCIA. If the party nominated arbitrators fail to nominate the third arbitrator within 15 days of the appointment of the second arbitrator, such arbitrator shall be appointed by the LCIA; and
- (c) the language of the arbitration shall be English.

23.3 **Option to litigate**

Notwithstanding Condition 23.2 above, the Delegate (or, but only where permitted to take action in accordance with the terms of the Trust Deed and these Conditions, any Certificateholder) may, in the alternative, and at its sole discretion, by notice in writing to the Trustee and IsDB:

- (a) within 28 days of service of a Request for Arbitration (as defined in the Rules); or
- (b) in the event no arbitration is commenced,

require that a Dispute be heard by a court of law. If the Delegate or, as the case may be, a Certificateholder, gives such notice, the Dispute to which such notice refers shall be determined in accordance with Condition 23.4 and, subject as provided below, any arbitration commenced under Condition 23.2 in respect of that Dispute will be terminated. With the exception of the Delegate (whose costs will be borne by the IsDB), each of the parties to the terminated arbitration will bear its own costs in relation thereto.

If any notice to terminate is given after service of any Request for Arbitration in respect of any Dispute, the Delegate or, as the case may be, a Certificateholder, must also promptly give notice to the LCIA and to any Tribunal (as defined in the Rules) already appointed in relation to the Dispute that such Dispute will be settled by the courts. Upon receipt of such notice by the LCIA, the arbitration and any appointment of any arbitrator in relation to such Dispute will immediately terminate. Any such arbitrator will be deemed to be *functus officio*. The termination is without prejudice to:

- (a) the validity of any act done or order made by that arbitrator or by the court in support of that arbitration before his appointment is terminated;
- (b) the arbitrator's entitlement to be paid his proper fees and disbursements; and
- (c) the date when any claim or defence was raised for the purpose of applying any limitation bar or any similar rule or provision.

23.4 **Effect of exercise of option to litigate**

In the event that a notice pursuant to Condition 23.3 is issued, the following provisions shall apply:

- (a) subject to paragraph (c) below, the courts of England at the option of the Delegate or, as the case may be, at the option of the Certificateholders shall have exclusive jurisdiction to settle any Dispute and

each of the Trustee and the IsDB submits to the exclusive jurisdiction of such courts;

- (b) each of the Trustee and the IsDB agrees that the courts of England are the most appropriate and convenient courts to settle and Dispute and, accordingly, that it will not argue to the contrary; and
- (c) this Condition 23.4 is for the benefit of the Delegate and Certificateholders only. As a result, and notwithstanding paragraph (a) above, the Delegate and any Certificateholder (where permitted to do so) may take proceedings relating to a Dispute (**Proceedings**) in any other courts with jurisdiction. To the extent allowed by law, the Delegate and the Certificateholders may take concurrent Proceedings in any number of jurisdictions.

23.5 **Process agent**

IDB Trust Services Limited has in the Master Trust Deed appointed Norose Notices Limited at its registered office 3 More London Riverside, SE1 2AQ, United Kingdom as its agent for service of process and has undertaken that, in the event of Norose Notices Limited ceasing so to act or ceasing to be registered in England, it will appoint another person approved by the IsDB and/or the Delegate, as the case may be, as its agent for service of process in respect of any Proceedings and Disputes. Nothing herein shall affect the right to serve proceedings in any manner permitted by law.

23.6 **Waiver of immunity**

The IsDB has, in each of the Programme Documents to which it is a party, represented and warranted that it has entered into such Agreement/Deed and the other Programme Documents to which it is a party in connection with the exercise of its powers to raise money and, accordingly, that it is not entitled to claim for itself or any of its assets immunity from legal process in actions taken in relation to such Agreement/Deed or any other Programme Documents and brought against it in a court of competent jurisdiction by the Issuer and/or the Delegate irrespective of the identity of the holders of beneficial interests in the Trust Certificates provided, however, that, in respect of any action brought in a Member Country of the IsDB, no form of service, attachment or execution may be exercised against the property and assets of the IsDB before delivery of final judgment against the IsDB.

23.7 **Waiver of interest**

The parties to each of the Programme Documents have acknowledged and agreed that, notwithstanding any other provisions of such Programme Document, the principle of payment of interest is repugnant to the principles of Sharia and to the extent that any law or provision would impose (whether by contract or statute) an obligation to pay interest to the other party in relation to such Programme Document, the parties expressly waive and reject the entitlement to recover interest from the other party.

FORM OF TRUST CERTIFICATES

Trust Certificates issued under the Programme will only be issued in registered form. Trust Certificates will be issued outside the United States in reliance on Regulation S under the Securities Act. Each Series of Trust Certificates will be evidenced by a permanent global trust certificate (the **Global Trust Certificate**) which will be deposited with, and registered in the name of a nominee for, a common depository for Euroclear Bank S.A./N.V. (**Euroclear**) and Clearstream Banking, société anonyme (**Clearstream, Luxembourg**). Only in the exceptional circumstances outlined below will individual registered trust certificates (**Individual Trust Certificates**) evidencing holdings of Trust Certificates to be issued in exchange for the Global Trust Certificate relating to the relevant Series.

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system as the beneficial holder of a Trust Certificate represented by a Global Trust Certificate must look solely to Euroclear, Clearstream, Luxembourg or such other clearing system (as the case may be) for such person's share of each payment made by the Issuer to the registered holder of the Global Trust Certificate, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such other clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on any Trust Certificates for so long as such Trust Certificates are represented by a Global Trust Certificate and such obligations of the Issuer will be discharged by payments to the registered holder of the relevant Global Trust Certificate in respect of each amount so paid. References in these "*Form of Trust Certificates*" to **Accountholder** are to those persons shown in the records of the relevant clearing system as a holder of a Trust Certificate.

Each Global Trust Certificate will be in registered form and registered in the name of a nominee for, and deposited on or about the relevant Issue Date with, a common depository for Euroclear and Clearstream, Luxembourg. Upon confirmation from the common depository that it holds the relevant Global Trust Certificate, Euroclear or Clearstream, Luxembourg, as the case may be, will record book-entry interests in the beneficial owner's account or the participant account through which the beneficial owner holds its interests in such Global Trust Certificate. These book-entry interests will represent the beneficial owner's beneficial interest in the relevant Global Trust Certificate. Beneficial interests in a Global Trust Certificate will be shown on, and the transfers thereof will be effected only through, records maintained by Euroclear and Clearstream, Luxembourg and their participants.

Unless otherwise specified in the relevant Final Terms or Pricing Supplement, as the case may be, each Global Trust Certificate will become exchangeable in whole, but not in part, for Individual Trust Certificates only in the limited circumstances specified in the relevant Global Trust Certificate. Beneficial owners of interests in a Global Trust Certificate will only be entitled to receive Individual Trust Certificates under the following limited circumstances:

- (a) if either Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so and no alternative clearing system satisfactory to the Issuer acting on the instructions of the IsDB and (if so directed by the Certificateholders) the Delegate is available; or
- (b) if the Issuer would suffer a disadvantage as a result of a change in taxation laws or regulations which would not be suffered were the Trust Certificates in individual registered form and a certificate to such effect signed by a Director of the Issuer and the President (or other duly authorised person) of the IsDB is given to the Delegate; or
- (c) if otherwise specified in the relevant Final Terms or Pricing Supplement, as the case may be.

Thereupon the registered holder of the Global Trust Certificate or the Delegate may present the relevant Global Trust Certificate on any day (other than a Saturday or Sunday) on which banks are open for business in the city in which the Registrar has its office for exchange for the corresponding Individual Trust Certificates.

In no event will Individual Trust Certificates in bearer form be issued. Any Individual Trust Certificate will be issued in registered form in the denominations specified in the relevant Final Terms or Pricing Supplement,

as the case may be.

Whenever a Global Trust Certificate is to be exchanged for Individual Trust Certificates, such Individual Trust Certificates will be issued in an aggregate principal amount equal to the principal amount of such Global Trust Certificate within five business days of the delivery, by or on behalf of the registered holder of the Global Trust Certificate, Euroclear, Clearstream, Luxembourg, and/or any other relevant clearing system to the Registrar of such information as is required to complete and deliver such Individual Trust Certificates (including, without limitation, the names and addresses of the persons in whose names the Individual Trust Certificates are to be registered and the principal amount of each such person's holding) against the surrender of the Global Trust Certificate at the specified office of the Registrar. Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Global Trust Certificates in Schedule 3 (*Register and Transfer of Individual Trust Certificates*) to the Master Trust Deed and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Whilst any Trust Certificates are represented by a Global Trust Certificate, Dissolution Amount and Periodic Distribution Amount payments on the Trust Certificates will be made to the Principal Paying Agent (as defined in the Conditions) and then credited by the Principal Paying Agent to the cash accounts of Euroclear, Clearstream, Luxembourg or their nominee or their common depositary as the registered holder of the relevant Trust Certificates. After receipt of any payment from the Principal Paying Agent to the common depositary, Euroclear or Clearstream, Luxembourg as the case may be, will credit their respective participants' accounts in proportion to those participants' holdings as shown in the records of Euroclear and Clearstream, Luxembourg, respectively. Payments by participants in Euroclear or Clearstream, Luxembourg to the beneficial owners of the relevant Trust Certificates will be governed by standing instructions, customary practice and any statutory or regulatory requirements as may be in effect from time to time. These payments will be the responsibility of the relevant participant and not of Euroclear, Clearstream, Luxembourg, the Principal Paying Agent or the Issuer.

In addition, each Global Trust Certificate may contain provisions which modify the terms and conditions of the Trust Certificates as they apply to the Trust Certificates evidenced by the Global Trust Certificate. Notwithstanding Condition 17 (*Notices*), so long as any Global Trust Certificate is held on behalf of or for Euroclear, Clearstream, Luxembourg or any other clearing system (an **alternative clearing system**), notices to the holders of the Trust Certificates represented by such Global Trust Certificate may be given by delivery of the relevant notice to Euroclear, Clearstream, Luxembourg or (as the case may be) such alternative clearing system provided that, in the case of any Trust Certificates listed, traded or quoted on a Stock Exchange, publication shall also be made as required by Condition 17 (*Notices*) for so long as the rules of such Stock Exchange so require. Any notice delivered to Euroclear, Clearstream, Luxembourg or (as the case may be) such alternative clearing system shall be deemed to have been given on the day of delivery.

It is a condition of the Trust Certificates that IDB Trust Services Limited is entitled to rely and bound to act only on the instructions of the Delegate acting on directions of the Certificateholders. It is a term of the Trust Certificates that whilst the Trust Certificates are in global form, for the purposes of convening meetings of Certificateholders and obtaining instructions from Certificateholders and exercising discretions on their behalf, the Delegate (but not IDB Trust Services Limited) shall treat the Accountholders as if they were Certificateholders.

The IsDB will be entitled to convene and attend at meetings of Certificateholders but will not be entitled to vote at any such meetings.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for their Accountholders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective Accountholders.

Euroclear and Clearstream, Luxembourg each provides various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deals with domestic securities markets in several countries through established depositary and custodial relationships. The respective systems of

USE OF PROCEEDS

The net proceeds of each Series of Trust Certificates issued under the Programme will be applied by IDB Trust Services Limited for the purchase of the Portfolio of the relevant Series by IDB Trust Services Limited from the IsDB. The net proceeds that the IsDB receives from the sale of the Portfolio to IDB Trust Services Limited will be used by it for general corporate purposes.

Introduction

The Islamic Development Bank (the **IsDB**) was established on 24 Rajab 1394H (12 August 1974) pursuant to the articles of agreement (the **Articles of Agreement**) among and between its founding Member Countries (as defined below) and began operating as a multilateral development bank on 15 Shawwal 1395H (20 October 1975).

The IsDB's purpose is to foster the economic development and social progress of its member countries (the **Member Countries**) as well as of Muslim communities in non Member Countries in accordance with the principles of Shariah (Islamic law) (see "*Description of the IsDB - The IsDB Member Countries*" for further details). The IsDB pursues this goal by providing project financing, loans and technical assistance as well as establishing and managing special funds and trust funds.

The principal office of the IsDB is located at King Khalid Street, P.O. Box 5925, Jeddah-21432 in the Kingdom of Saudi Arabia. The IsDB also has, at the date of this Base Prospectus, regional offices in Rabat (**Morocco**), Kuala Lumpur (**Malaysia**), Almaty (**Kazakhstan**) and Dakar (**Senegal**) as well as field representatives in Afghanistan, Azerbaijan, Bangladesh, Burkina Faso, Guinea (covering **Sierra Leone**), Indonesia, Iran, Mali, Nigeria, Pakistan, Sudan, Uzbekistan and Yemen. During 2013, the IsDB made headway in implementing the program for the establishment of new Group Country Gateway Offices (**CGOs**) in Turkey (Ankara and Istanbul), Indonesia, Egypt, Nigeria and Bangladesh. The main objective of the CGOs is to further enhance sustainable cooperation between the IsDB and Member Countries as well as to efficiently implement the IsDB's development programs and partnership strategies. On September 19, 2013 the Ankara CGO was officially inaugurated by the President of the Republic of Turkey. Other CGOs are expected to be inaugurated by the end of 2014.

The IsDB's financial year is the lunar Hijrah year, which is approximately 11 days shorter than the solar Gregorian year. The most recent financial year of the IsDB started on 1st Moharram 1433H (26 November 2011) and ended on 29 Dhul Hijjah 1433H (14 November 2012).

Legal Status of the IsDB

The IsDB is an international organisation and derives its legal personality from public international law. As a result, it is able to enter into contracts, acquire and dispose of property and take legal action. The Articles of Agreement have been signed and ratified or accepted by each of the IsDB's Member Countries.

As a supranational institution, the IsDB is not subject to national banking regulation and is not supervised by any external regulatory authority. It is, however, closely supervised by its organs, namely, the Board of Governors of the IsDB (**Board of Governors**) and the Board of Executive Directors of the IsDB (**Board of Executive Directors**) (see "*Description of the IsDB - Description of the IsDB Board of Governors*" and "*Board of Executive Directors*" for further details). Moreover, in each Member Country the IsDB has been granted an exemption from all taxes and tariffs on assets, property or income, and from any liability involving payment, withholding or collection of any taxes.

The IsDB is required to carry out its activities in accordance with the principles of *Shariah*. The fundamental principle underlying the Shariah approach to financial matters is that to earn a profit it is always necessary to take a risk. The concept of a bank deposit or bank loan that earns interest but whose principal must be repaid in full does not fit in with this underlying principle. In practice, *Shariah* means that all Islamic finance is asset based.

The principles of *Shariah* are regularly clarified by the Islamic Fiqh Academy (the **Fiqh Academy**), an institution established by the Organisation of the Islamic Cooperation (the **OIC**) to interpret and develop

Islamic jurisprudence. The IsDB has established its own Shariah committee (**IsBD Group Shariah Committee**) to give its opinion on matters on which the *Fiqh* Academy has not yet made any pronouncement. In particular, the IsDB submits proposals for transactions and products to be used by the IsDB for the first time (and which raise fundamental issues of *Shariah*) to its *Shariah* Committee for a ruling on the conformity of such proposals with the principles of *Shariah*.

The IsDB's unit of account and exchange rates used in the Base Prospectus

The unit of account of the IsDB is the Islamic Dinar (**ID**). At the date of this Base Prospectus, one ID is equal to one Special Drawing Right (**SDR**) of the International Monetary Fund (**IMF**). The IMF revises the SDR valuation every five years. With effect from 1 January 2011, the IMF has assigned the following weights to the four component currencies of the SDR: U.S. Dollar (41.9 per cent.), euro (37.4 per cent.), Japanese Yen (9.4 cent.) and British Pound Sterling (11.3 per cent.).

The U.S. Dollar amounts in parentheses after ID amounts in this Base Prospectus are only indicative and approximations of actual amounts in ID which may vary from the U.S. Dollar figures used in the annual report and audited financial statements of the IsDB. For the purpose of simplicity and except where otherwise indicated, all financial statement figures, relating to 29 Dhul Hijjah 1433H (14 November 2012) and 29 Dhul Hijjah 1432H (25 November 2011) have been converted using exchange rates of ID1 = U.S.\$ 1.5262 and ID1 = U.S.\$ 1.5562 respectively.

Capital Structure and Ownership

Capital Structure

The IsDB is unique among multilateral development banks. Currently the IsDB's ordinary operations are funded primarily by its equity fund, which comprises principally funds derived from paid up share capital and reserves.

By the nature of Islamic banking and the confines of *Shariah* there is, as at 18 December 2013, no significant long-term debt in the IsDB with the exception of the following debt obligations:

- two tranches of Saudi Riyals (**SAR**) 937.5 million trust certificates each due 2020;
- U.S.\$800 million trust certificates due 2017;
- U.S.\$300 million trust certificates due 2015;
- U.S.\$500 million trust certificates due 2017;
- GBP 100 million trust certificates due 2015;
- U.S.\$1,000 million trust certificates due 2018;
- U.S.\$700 million trust certificates due 2018;
- U.S.\$750 million trust certificates due 2016;
- GBP 60 million trust certificates due 2016;
- GBP 100 million trust certificates due 2017;
- U.S.\$500 million trust certificates due 2015;
- U.S.\$850 million trust certificates due 2014;
- Malaysian Ringgit (**MYR**) 300 million trust certificates due 2018; and

- MYR 100 million trust certificates due 2014.

However, due to the overriding discipline imposed by Shariah, the IsDB has built in mandatory business policies, accounting standards and policy defences to keep its balance sheet exposure within prudent limits while raising funds from the market. For example, Article 21 of the Articles of Agreement requires that the total amount of equity investments, amounts of loans outstanding and other ordinary operations of the IsDB do not exceed, at any time, the total amount of unimpaired subscribed share capital, reserves, deposits, other funds raised and surplus included in the IsDB's Ordinary Capital Resources (**OCR**). As of 29 Dhul Hijjah 1433H (14 November 2012), the Debt Equity Ratio was 60.2 per cent. and the Equity to Total Assets Ratio was 61.1 per cent.

As a multilateral institution, the IsDB is not obliged to comply with the requirements of Basel Committee on Banking Supervision (the **Basel Committee**) nor of any other regulatory body. However, IsDB develops and implements its own prudential financial and risk management policies, as approved by the Board of Executive Directors, which take into account international best practices. For example, the IsDB is currently implementing a risk sensitive capital adequacy framework in accordance with the Basel Committee on Banking Supervision and Islamic Financial Services Board capital adequacy standards.

As at 29 Dhul Hijjah 1433H (14 November 2012) the IsDB had authorised share capital of ID30 billion (U.S.\$45.79 billion), comprised of 3.0 million shares with a par value of ID10,000 (U.S.\$15,262) per share. During the course of 1429H (2008), the IsDB's subscribed capital increased from ID15 billion to ID16 billion in accordance with a resolution passed by the Board of Governors during the IsDB's 33rd annual meeting held in Jeddah on 30 Jumad Awwal 1429H (4 June 2008). This increase was approved by the Board of Governors to accommodate the request of the State of Qatar (**Qatar**) to increase its subscription to 8.65 per cent. of the IsDB subscribed capital so as to have the right to appoint a permanent member on the Board of Executive Directors.

On 12 Rajab 1431H (24 June 2010), the IsDB's called up capital was further increased from ID16 billion to ID18 billion in accordance with a resolution passed by the Board of Governors during its 35th annual meeting held in Baku, Azerbaijan (**Annual Meeting**). This increase was approved by the Board of Governors to accommodate the request by Nigeria to increase its subscription to ID1,384 million, or 8.65 per cent. of the IsDB's subscribed capital. The increase enabled Nigeria to appoint a permanent member on the Board of Executive Directors.

As at 29 Dhul Hijjah 1433H (14 November 2012), the IsDB's issued share capital of ID18 billion (U.S.\$27.47 billion) is comprised of called-up capital of ID5.31 billion (U.S.\$8.19 billion) (which, for the IsDB's internal assessment purposes, comprises paid-up capital, instalments due but not yet paid and instalments not yet due) and callable capital in the amount of ID12.47 billion (U.S.\$19.03 billion). Out of the called-up capital, an ID4.59 billion (U.S.\$7.0 billion) was paid in and ID0.580 billion (U.S.\$0.88 billion) was not yet due.

The IsDB's subscribed capital is divided into the following components:

- initial capital, which is the capital paid by countries in order to become members of the IsDB;
- general capital increases, of which there have been four, beginning with the additional capital increase on 27 Rabi Thani 1401H (3 March 1981), the 2nd General Capital Increase (**GCI**) on 4 Muharram 1413H (4 July 1992), the 3rd GCI on 8 Shabaan 1422H (24 October 2001), and the 4th GCI on 4 Jumad Awwal 1427H (31 May 2006); and
- special capital increases, which were approved by the Board of Governors on 16 Shabaan 1412H, 29 Rajab 1419H, 30 Jumad Awwal 1429H and 12 Rajab 1431H (19 February 1992, 18 November 1998, 4 June 2008 and 24 June 2010 respectively) to accommodate the request of certain countries (namely, the Republic of Turkey (**Turkey**), the Arab Republic of Egypt (**Egypt**), Qatar and Nigeria, respectively) to increase their subscriptions in the IsDB's capital.

The subscribed capital consists of total capital subscriptions under the initial, the additional capital increase, and the second, third and fourth GCIs of the IsDB. The callable capital comprises 100 per cent. of the third GCI and 100 per cent. of the fourth GCI. 100 per cent. of the third GCI and 50 per cent. of the fourth GCI are collateral for raising funds from the market and for providing guarantees for its operations. The remaining 50 per cent. of the fourth GCI is callable in cash. The collateral portion of the callable capital will be called only if

the IsDB fails to meet its obligations in respect of funds raised in the market or guarantees given for its ordinary operations. Member Countries are irrevocably committed to pay their portion of the subscribed capital in question. Calls are made in freely convertible currencies acceptable to the IsDB. The IsDB's shares cannot be pledged or encumbered, and cannot be transferred to any entity other than the IsDB.

On 12 Rajab 1434H (22 May 2013), the Board of Governors approved a proposal to increase the IsDB's authorised and subscribed share capitals by ID70.0 billion and ID32.0 billion respectively. Under this fifth GCI, the authorized share capital of the IsDB increased to ID100.0 billion and the subscribed share capital to ID50.0 billion. The fifth GCI is collateral for raising funds from the market and for providing guarantees for the IsDB's operations. In addition, the Board of Governors also resolved to call in the 50 per cent. cash-callable portion of the fourth GCI over a period of 20 years commencing on 1 January 2016.

Member Countries' equity in the IsDB accounted for 61 per cent. of the balance sheet total as at 29 Dhul Hijjah 1433H (14 November 2012) and 64 per cent of the balance sheet as at 29 Dhul Hijjah 1432H (25 November 2011).

The IsDB Member Countries

Share ownership of the IsDB is restricted to Member Countries. The basic conditions of membership are that a country must be a member of the OIC and it must pay its contribution to the capital of the IsDB. As at the date of this Base Prospectus, the IsDB is comprised of 56 Member Countries and the nine principal shareholders (and their respective shareholdings), based on total subscribed capital, are the Kingdom of Saudi Arabia (23.61 per cent.), Libya (9.47 per cent.), Iran (8.28 per cent.), Nigeria (7.69 per cent.), the United Arab Emirates (**UAE**) (7.54 per cent.), Qatar (7.21 per cent.), Egypt (7.10 per cent.), Turkey (6.48 per cent.) and the State of Kuwait (**Kuwait**) (5.48 per cent.). The IsDB classifies a Member Country as a principal shareholder if it subscribes to at least 8.65 per cent. of the share capital of the IsDB outstanding at such time. A principal shareholder's holdings may be subsequently diluted to less than 8.65 per cent. without necessarily negating its principal shareholder status.

The table below is the IsDB's OCR statement of subscriptions to capital stock and voting power by Member Countries as at 29 Dhul Hijjah 1433H (14 November 2012).

Organisational Structure

The following diagram sets out the management structure of the IsDB as at the date of this Base Prospectus

Organisation, Management and Employees

Board of Governors

All the powers of the IsDB are vested in the Board of Governors. According to the IsDB's Articles of Agreement, each Member Country is represented on the Board of Governors and appoints one Governor (**Governor**) and one Alternate Governor (**Alternate Governor**). As at the date of this Base Prospectus, the IsDB's membership stands at 56 Member Countries represented by 56 Governors on the Board of Governors along with an equal number of Alternate Governors. Each Member Country has five hundred basic votes plus one vote for every share subscribed to the IsDB. Generally, decisions are taken by the Board of Governors based on a majority of the voting power represented in a meeting for which a quorum is present. The Board of Governors meets once every year to review the activities of the IsDB for the previous year and to decide future policies. The Board of Governors designates a chairman at each annual meeting. The chairman of the Board of Governors holds the chairman seat until his successor is elected at the next meeting of the Board of Governors.

The Board of Governors is the highest authority at the IsDB and may delegate the exercise of certain powers to the Board of Executive Directors. Some of the powers that the Board of Governors cannot delegate under the Articles of Agreement include: admission or suspension of Member Countries, changes in the authorised capital stock, election of the President and the Executive Directors (defined below) and determining their terms of service, approving the auditor's report and financial statements, as well as determining the reserve and distribution of net income. Pursuant to the Articles of Agreement, the Board of Governors may also adopt such rules and regulations and establish such subsidiary institutions as may be necessary to conduct the business of the IsDB. The Board of Executive Directors may request that the Board of Governors meet prior to its usual annual meeting.

Board of Executive Directors

The Board of Executive Directors is responsible for the direction of the general operations of the IsDB and exercises all powers delegated to it by the Board of Governors including preparing the work of the Board of Governors, taking decisions concerning the business of the IsDB and its operations, approving the budget and submitting the accounts of each financial year for the approval of the Board of Governors at each annual meeting. All matters before the Board of Executive Directors are decided by a majority of the voting power represented at the meetings of the Board of Executive Directors.

Each member on the Board of Executive Directors (an **Executive Director**), represents one or more Member Country and, in voting, each is entitled to cast the number of votes that counted toward his election or appointment, which need not be cast as a unit. Each Executive Director holds office for three years and may be reappointed (if such Executive Director represents one Member Country) or re-elected (if such Executive Director represents a group of Member Countries).

The Board of Executive Directors is composed of members who are not members of the Board of Governors and their number may be increased at the discretion of the Board of Governors. The number of Executive Directors was increased to 11 at the 9th Annual Meeting of the Board of Governors held in 1405H (1985), to 14 at the 23rd Annual Meeting held in 1419H (1998), to 16 at the 33rd Annual Meeting held in 1429H (2008), and thereafter to 18 at the 36th Annual Meeting held in 1432H (2011).

The Board of Executive Directors has been changed on many occasions and the new Board of Executive Directors which started its activities on 16 Dhul Qa'ada 1432H (14 October 2011) comprises 18 members. Out of the 18 Executive Directors, nine have been appointed by the nine principal Member Countries. The remaining nine Executive Directors, who are not representing the principal Member Countries, were elected by the Board of Governors during the 36th annual meeting of the Board of Governors held in 1432H (2011) in Jeddah.

The table below indicates the current composition of the Executive Directors as at the date of this Base Prospectus.

The IsDB Group

The IsDB has participated in the establishment of a number of institutions, funds and entities, with the aim of strengthening its objectives. As at the date of this Base Prospectus, the IsDB, together with these other entities (collectively, the **IsDB Group**), has evolved into a group comprising the entities listed below.

- International Islamic Trade Finance Corporation (**ITFC**);
- Islamic Corporation for the Development of the Private Sector (**ICD**);
- Islamic Research and Training Institute (**IRTI**); and
- Islamic Corporation for Insurance of Investment and Export Credit (**ICIEC**).

ICIEC, ICD and ITFC are established under articles of agreement as international financial organisation with full judicial personality and separate and independent governing bodies. In addition to the above entities, the IsDB has established three special funds and three trust funds under its management, namely:

- Special Account Resources *Waqf* Fund (**Waqf Fund**) which is a special fund managed by IsDB;
- Islamic Solidarity Fund for Development (**ISFD**) which is a special fund contributed by IsDB and its member countries and managed by IsDB;
- IsDB Infrastructure Fund (**IIF**), a special fund currently under liquidation;
- World *Waqf* Foundation (**WWF**), a trust fund managed by IsDB on a Mudaraba basis;
- *Awqaf* Property Investment Fund (**APIF**), a trust fund managed by IsDB on a Mudaraba basis; and
- IsDB Unit Investment Fund (**UIF**), a trust fund managed by IsDB on a Mudaraba basis. With effect from 1 Muharram 1429H (10 January 2008), the management of UIF has been entrusted to ICD. ICD is acting as sub-*Mudarib* while the IsDB is still the *Mudarib* vis-a-vis the Unit holders. In May 2013 and September 2013 respectively, the Board of Executive Directors of IsDB and the Board of Directors of ICD agreed to the sale of IsDB units in UIF to ICD and agreed to transfer the management of UIF to ICD. Upon completion of the transfer, ICD will take over as Mudarib of the UIF.

The IsDB has also participated in the establishment of the International Centre for Biosaline Agriculture (**ICBA**) in Dubai, UAE. The government of the UAE has taken full responsibility for the support and management of ICBA.

Pursuant to a memorandum of understanding between the Kingdom of Saudi Arabia and IsDB, IsDB has been entrusted with the management of the project for the Utilisation of Hajj Meat, but the IsDB is not legally or financially responsible for such project.

Members of the IsDB Group share the common objective of mobilising financial resources in conformity with the *Shariah*, for the purposes of project financing, promotion of trade among Member Countries and providing technical assistance. However, the members of the IsDB Group are neither subsidiaries nor affiliates of the IsDB. The IsDB has a shareholding only in the ITFC, the ICD and the ICIEC but it has no control of the management, policies or operation of these entities. Moreover, under the IsDB's Articles of Agreement, bylaws and Financial Regulations of the IsDB, the IsDB is prohibited from consolidating its accounts with any other entity. The Articles of Agreement of the ICD and ITFC clearly stipulate that each of them shall be an entity separate and distinct from IsDB and that their respective funds and accounts shall be kept separate and apart from those of IsDB. However, the subscription of shares held by IsDB in ICIEC was funded from the resources of the *Waqf* Fund and not

from the IsDB's OCR.

In addition, the IsDB carries out a number of other activities which have an impact on social and economic development in its Member Countries. These include:

- human capital development, by way of providing scholarships and extending training opportunities to individuals engaged in development activities;
- undertaking research in Islamic economics, banking and finance;
- social infrastructure development; and
- various support activities for private sector development in Member Countries.

The IsDB also cooperates with other regional and international organisations in a variety of strategic partnerships. For example, the IsDB has on-going working relationships with the World Bank, the African Development Bank, the Asian Development Bank, the Food and Agriculture Organisation (FAO), the World Health Organisation and the International Fund for Agriculture Development (IFAD). The IsDB participated in the consultation meeting on the "Coordinated Long-Term MDB Support to the Current Food Crisis in Africa" in Tunis in June 2008. Similar consultations were held with the FAO, IFAD and the Millennium Village Initiative, which is being implemented in Africa by the Millennium Promise and the United Nations Development Programme.

Traditionally, the IsDB's cooperation and partnership arrangements have been particularly strong with the members of the coordination group (the **Coordination Group**), an association comprised of three bilateral funds (Abu Dhabi Fund for Development, the Kuwait Fund for Arab Economic Development and the Saudi Fund for Development), one monetary agency (Arab Monetary Fund) and five multilateral development agencies (Arab Bank for Economic Development in Africa, Arab Fund for Economic and Social Development, Arab Gulf Programme for United Nations Development Organisations – AGFUND, OPEC Fund for International Development and the IsDB itself).

The Coordination Group, set up in 1395H (1975), works to achieve greater cohesion and effectiveness in the delivery of Arab aid within Arab, Muslim countries and other developing countries around the world. The nine institutions are either based in the Gulf region or have a large shareholding by an Arab state. Among other joint activities, the Coordination Group shares initiatives and business opportunities; synchronises programs, harmonises approaches and best practices and forges common positions towards major global initiatives. Recent initiatives include country assistance evaluation, policy formulation, joint promotion of research and development in science and technology, public-private partnership arrangements, and post-conflict recovery and rehabilitation work

Going forward, the IsDB plans to focus on poverty alleviation, mainly through financing health and education sector projects in Member Countries

OCR Net Approvals for the least developed Member Countries (LDMCs)

The IsDB is committed to providing assistance to its 25 LDMC's. The criteria used by the IsDB to identify LDMC's are analogous to that used by the United Nations in identifying least developed countries. In identifying least developed countries, the United Nations examines, amongst other things, a country's gross national income per capita, the percentage of population undernourished, the mortality rate for children aged five years and under, the gross secondary school enrolment ratio, the adult literacy rate and economic vulnerability (which in turn involves the examination of, amongst other things, geographical remoteness to major world markets, population size, merchandise export concentration share of agriculture, forestry and fisheries in gross domestic product, homelessness owing to natural disasters instability of agricultural production and instability of exports of goods and services.)

The table below sets forth the OCR net approvals for LDMC's for the period 1396H (1976) to 1433H (2012).

(1) Number as at 29 Dhul Hijjah 1433H (14 November 2012).

Financing may be provided by the IsDB itself through its OCR or it may be provided through any of its special funds and trust funds named above. The IsDB carries out financing activities from its OCR through loans, leasing (Ijara), investments in equity capital of companies, instalment sales, technical assistance, profit sharing Istisna'a (as described below), and lines of financing for national development financing institutions (NDFIs). The IsDB also provided trade finance to its Member Countries until the end of 1428H (2007). However, since 1 Muharram 1429H (10 January 2008) this activity has been undertaken by the ITFC.

The special funds and trust funds are managed by the IsDB in accordance with the respective regulations establishing them. The IsDB maintains separate accounts for each of them as well as for its OCR. Similarly, the Articles of Agreement prohibit the IsDB from financing the activities, or charging losses or liabilities arising out of its special funds and trust funds to the OCR. Although financing through the special funds and trust funds may be used to assist both Member Countries and, to a lesser extent, Muslim communities in non-Member Countries, OCR financing is available to Member Countries only.

The financing policies of the IsDB are governed by the Articles of Agreement (Ref: Article 16) which, *inter alia*, stipulate that, to safeguard its interests, the IsDB should ensure that the recipient of financing and its guarantor will be in a position to meet their obligations and that the financing promotes complementary aspects in the economies of Member Countries, promotes the well being of people in the Member Countries and avoids a disproportionate use of the IsDB's resources for the benefit of any one or a few Member Countries. As at 29 Dhul Hijjah 1433H (14 November 2012), 85.3 per cent. of all the IsDB's financing operations, excluding equity investments, are sovereign guaranteed, while the remainder are guaranteed by banks acceptable to the IsDB. In the implementation of these policies, the IsDB applies a number of financing modes and takes into

account the viability and feasibility of projects.

Overview of the IsDB Group Operations

The IsDB Group's strategic objective is to widen its primary function of achieving economic and other development its Member Countries. The IsDB's strategy is to provide Shariah products based on Islamic principles to position itself as a development bank that focuses on comprehensive development extending beyond economic development for the Muslim world.

The IsDB has refined its strategic approach to include a Member Country Partnership Strategy (**MCPS**). MCPS involves partnership with Member Countries in collaboration with other multilateral development banks and is geared at shifting the focus on country development towards larger scale project in infrastructure development, human development, and agriculture and rural development. The IsDB has reorganised the way it conducts its business to accommodate initiatives under MCPS. The new structure predominantly involves (i) shifting resources to the operations side by creating country divisions which focus on fewer countries; and (ii) empowering regional offices to manage demands and initiatives prior to augmenting matters to country offices. Since the launch of the initiative, 14 MCPSs have been launched for Bangladesh, Indonesia, Kazakhstan, Kuwait, Malaysia, Mali, Mauritania, Morocco, Niger, Pakistan, Senegal, Tunisia, Turkey and Uganda. Of these, nine are being implemented through projects identified in the 1434H Country Work Program while the remaining five will be covered as part of the 1435H Country Work Program. Each Member Country has a "Country Work Program" in place identifying strategic priorities and project needs. Ultimately, the IsDB aims to link such Country Work Programs to the MCPSs put in place for the relevant Member Country. In addition, four potential new MCPSs are being considered and are anticipated to be launched in 1435H together with four Interim Engagement Strategies which are also being considered. New sectoral departments have been established to enable the IsDB to build in-depth sectoral expertise in core strategic areas such as infrastructure, human development and agriculture and rural development. The new structure is expected to strengthen the IsDB's capacity in collecting and analyzing economic data, conducting research, and developing policy and knowledge generation.

The operations of the IsDB Group since inception in 1395H (1975) can be divided into four broad categories, namely, (i) OCR Operations - project financing and technical assistance, comprising approximately 37.8 per cent. of the IsDB's operations; (ii) activities of the IsDB Group's entities and other funds, comprising approximately 9.8 per cent. of the IsDB's operations; (iii) trade financing operations, comprising approximately 51.5 per cent. of the IsDB's operations; and (iv) Special assistance operations under the *Waqf* Fund, comprising approximately 1 per cent of the IsDB's operations.

The IsDB's major initiatives and activities in 1433H (2012)

In 1433H (2012), the IsDB Group adopted strategies in poverty reduction, infrastructure, economic cooperation, Islamic finance and private sector capacity development. To partially meet funding requirements the IsDB issued a total of U.S.\$ 1.91 billion equivalent of *Sukuk* (both via global offerings

and private placements) under its current certificate issuance programme.

During 1433H (2012) the IsDB also approved projects to support education, health and agriculture, under the ISFD, the Special Programme for the Development of Africa (**SPDA**) and the Jeddah Declaration on Food Security (an initiative supporting member countries affected by the global food crisis

The IsDB demonstrated its commitment to fostering economic growth in member countries by intensifying its approvals for new projects. The total financing for new projects approved by the IsDB Group increased significantly from ID5.3 billion (U.S.\$8.1 billion) in 1432H (2011) to ID6.4 billion (U.S.\$9.8 billion) in 1433H (2012). This represents a growth of 20.5 per cent. in total financing, and is attributed to the growth of approximately 50 per cent. in trade financing and approximately 4 per cent. in project financing from OCR compared to the year ended 29 Dhul Hijjah 1432H (2011).

In 1433H (2012), ISFD approved U.S.\$64.6 million for 13 operations in 19 Member Countries. Financing by the fund is provided on concessional terms, primarily for the 25 LDMCs of the IsDB.

During 1433H (2012), the IsDB Group participated in the development of the financial services industry through various means, which included investments in the equity capital of Islamic financial institutions, financing *Awqaf* (endowments) real estate and other projects and providing technical assistance to member countries in the field of Islamic banking, *Takaful*, Islamic microfinance, corporate governance, *Awqaf*, *Zakat* as well as legal, regulatory and supervisory issues related to Islamic banking.

Activities of the Board of Executive Directors in 1433H (2012)

The Board of Executive Directors held seven meetings during 1433H (2012), in addition to several meetings of its committees (such as the Audit Committee, the Operations Committee, the Finance Committee and the Administrative Committee). During 1433H (2012), the Board of Executive Directors adopted 163 resolutions on financing and policy matters.

Approximately 9.5 per cent. of the IsDB's approvals for the year ended 29 Dhul Hijjah 1433H (14 November 2012) was provided on concessional terms in the form of interest-free loans and grants, with only a small service fee being charged in the case of the interest-free loans. The principal beneficiaries of this concessional financing in 1433H (2012) were the IsDB's LDMCs, which received the majority share (75 per cent.) of this financing. While most of the concessionary financing is provided by the IsDB OCR, some of the interest-free loans were funded by the ISFD and some of the grants by the IsDB *Waqf* Fund; these are two special funds that are managed by the IsDB (see "*Description of the IsDB - Activities of the IsDB Group's Entities and Other Funds - Islamic Solidarity Fund for Development*" and "*Description of the IsDB - Waqf Fund Operations*" for further details).

The total amount of financing approved for projects and technical assistance operations during the year ending 29 Dhul Hijjah 1433H (14 November 2012) was ID2,819.8 million (U.S.\$ 4,303.6 million). This represents an increase of 3.7 per cent. on the amount of ID2,718.2 million (U.S.\$ 4,148.6 million) approved in the year ending 29 Dhul Hijjah 1432H (25 November 2011).

For the period ending 29 Dhul Hijjah 1433H (14 November 2012) a total of 215 operations were approved, consisting of 138 projects and 77 technical assistance operations. By way of comparison, the total number of operations approved in the year ending 29 Dhul Hijjah 1432H (25 November 2011) was 206, consisting of 101 projects and 105 technical assistance operations.

Of the total number of operations approved in the year ending 29 Dhul Hijjah 1433H (14 November 2012), energy received the largest allocation of ID802.4 million (U.S.\$1,224.6 million), which represented 28.5 per cent. of total OCR financing, followed by water, sanitation & urban services, 18.5 per cent. or ID521.6 million (U.S.\$ 796.1 million), agriculture, 16.9 per cent. or ID476.6 million (U.S.\$727.4 million), health, 10.9 per cent. or ID306.2 million (U.S.\$467.4 million), transportation 10 per cent. or ID281.9 (U.S.\$430.2 million), education 5.6 per cent. or ID182.6 million (U.S.\$278.7 million), finance, 5.8 per cent. or ID164.6 million (U.S.\$251.2 million), and the rest is allotted to industry and mining, information and communications, trade, and public administration sectors. The IsDB intends to increase financing in all core areas of infrastructure, mainly through public private partnership.

The IsDB's three major modes of financing: Leasing, Instalment Sales and *Istisna'a* generally have a maximum exposure limit of ID150 million per project for the purpose of financing development and infrastructure projects. A brief description of all the IsDB's modes of financing is given below.

Loan

The IsDB provides loans for the purpose of financing development and infrastructure projects. Loans represent a form of long-term financing by the IsDB. The IsDB's loans are usually extended to government and public sector institutions, with the relevant Member Country's government providing a guarantee of repayment in circumstances where the loan is provided to a public sector company. All loans made by the IsDB are offered on concessional terms. The IsDB funds its loan operations not only from OCR but also from a facility under the *Waqf* Fund. The IsDB charges a service fee to cover administrative expenses which varies depending on the nature of the project being financed.

Equity

The IsDB makes equity investments in *Shariah* compliant industrial and agro-industrial projects and Islamic banks and financial institutions of Member Countries. In accordance with the IsDB's Articles of Agreement, the IsDB should not acquire majority or controlling interest in the share capital of a company. The IsDB's policy is that such investments should not exceed one third of the company's capital and/or not provide the IsDB with control or the ability to exercise any significant influence over the financial and operating policies of such companies.

Investments in equity capital by the IsDB are made to maximise its developmental objectives and are sold at a time when the IsDB considers it appropriate. Such investments are measured at fair value, that is, in the case of listed companies, their market value, and in the case of non-listed companies, their net asset value based on the most recent financial statements, except for investments in subsidiaries which are measured at cost, and any gain or loss arising from the change in their fair value is recognised directly in the fair value reserve under Member Countries' equity. Securities available for sale whose fair value cannot be reliably measured are carried at amortised cost, less a provision for any impairment in the value of the investments.

As at the date of this Base Prospectus, the IsDB has a significant amount of equity investments in its equity portfolio. The total value of the equity portfolio as at the end of 1433H (2012) amounted ID 772 million (U.S.\$ 1,178 million) compared to ID 701 million (U.S.\$ 1,091 million) as at the end of 1432H (2011). The equity investments are strategic long term investments with a development mandate in Islamic financial institutions and *Shariah*-compliant companies. Most of these equity investments are in listed companies and are hence mark-to-market at every reporting period. The value of the equity portfolio reflects not only the volatility of the market but also the variation of the exchange rate of the local currency with respect to the Islamic Dinar. At the year-end of 1433H the fair value of the portfolio increased by ID 83 million (U.S.\$116 million).

Leasing

Leasing is used by the IsDB to provide medium to long-term financing for capital equipment and other fixed assets. The IsDB uses this type of financing primarily for middle and higher income Member Countries and may be offered to both public and private sector entities of such Member Countries.

Following a development period necessary for preparing the assets for operations, the assets are leased by the IsDB to the beneficiary for a certain period of time during which the latter pays rents (usually biannually). Rents are denominated in ID and ID currency basket (currently limited to U.S. Dollars and EURO) and must be guaranteed (usually by the relevant Member Country's government, governmental agencies or a commercial bank with an acceptable credit quality) as a condition of the IsDB providing financing. At the end of the rental period, ownership of the assets is transferred to the beneficiary. The leased assets are insured during the period of the lease.

Instalment Sales

Through the use of instalment sales, the IsDB provides medium to long-term financing to private or public sector institutions. Typically, the IsDB will procure, purchase and on-sell equipment to the beneficiary at a mark-up, allowing the beneficiary to make the payment on a deferred basis.

Payment, however, must be guaranteed (usually by the relevant Member Country's government, governmental agencies or a commercial bank with an acceptable credit quality) as a condition to the IsDB providing financing. Ownership of the relevant property is transferred to the beneficiary on delivery.

Combined Line of Financing

The IsDB extends combined lines of financing to National Development Finance Institutions (**NDFI**) and Islamic banks primarily in order to promote growth and development among small and medium scale industries in the private sector. The combined lines of financing extended comprise leasing, instalment sale and *Istisna'a* or a combination of these modes of financing.

Under this mode of medium-term financing, the IsDB approves a line of financing for a fixed amount which an NDFI relies on to, in turn, approve and finance individual projects by making a draw down on the line of finance. Repayments are typically guaranteed (usually by the NDFI itself or, in rare cases, by a commercial bank with a credit quality acceptable to the IsDB, such credit quality determined in accordance with the IsDB's rules and regulations) as a condition of the IsDB providing the financing. The IsDB is also involved in providing co-financing arrangements with other financial institutions.

Istisna'a

The IsDB uses the mode of *Istisna'a* as a form of medium and long-term financing with a view to promoting infrastructure projects and trade in capital goods within and among Member Countries. *Istisna'a* is a contract whereby the IsDB undertakes to have specific assets built according to certain specifications requested by the beneficiary and to sell those assets to the beneficiary at a determined price to be paid over an agreed period. The beneficiary is also typically required to provide a guarantee of repayment (usually by the relevant Member Country's government, governmental agencies or a commercial bank of recognised international standing) as a condition of the IsDB providing financing.

Profit Sharing/Musharaka/Mudaraba

Profit sharing as applied by the IsDB is a form of partnership that so far has involved the pooling of funds between the IsDB and another party, historically primarily for the financing of real estate projects. The partners then each share the net profit accruing from the venture. The profit accruing to (or loss incurred by) each partner is proportional to that partner's share in the venture. As of the date of this Base Prospectus, the IsDB does not participate in profit sharing arrangements.

Technical assistance

Technical assistance is one of the concessional-terms financing used by the IsDB, along with loan financing. This form of financing is used for hiring consultants to prepare, supervise and implement projects or carry out feasibility studies. In addition it may also be used to support the capacity building activities in the Member Countries. The financing extended by the IsDB may take the form of either a grant of up to ID200,000 or an interest-free loan payable over 16 years. The IsDB charges a service fee up to an amount not exceeding 2.5 per cent per annum of the face amount of the loan during the period of implementation or disbursement to partially cover administrative expenses in connection with the provision of such financing

LDMCs are given priority by the IsDB in connection with the distribution of grants for technical assistance. This is especially so for agriculture and infrastructure projects in those countries.

Beneficiaries of project financing and technical assistance

In terms of regional distribution of approved operations, the IsDB development assistance (Concessional Financing) has benefited all of the regions in which Member Countries are located. The development assistance has mainly targeted Member Countries and a number of regional and international organisations. In 1433H (2012), 68.3 per cent of concessional financing was approved for

sub-Saharan African member countries while the MENA region received around 6.6 percent. LDMCs accounted for around 75.5 percent of concessional financing.

Distribution of OCR Financing by Region

With respect to the share of total approvals received by various regions for the year ended 29 Dhul Hijjah 1433H (14 November 2012), the MENA region received the majority share of 50.6 per cent. (comprising 50 per cent. of ordinary financing and 0.6 per cent. of concessionary financing), while the sub-Saharan African Member Countries received 22 per cent. (15.5 per cent. of ordinary financing and 6.5 per cent. of concessionary financing). The rest was received by Asian Member Countries (excluding Middle East) (13.4 per cent.), Member Countries in Transition (11.1 per cent.), and other countries (almost 3 per cent.). By comparison, with respect to the year ended 29 Dhul Hijjah 1432H (25 November 2011), Asian Member Countries received the majority share of 50 per cent. (comprising 47.1 per cent. of ordinary financing and 2.9 per cent. of concessionary financing), while African Member Countries received 34.5 per cent. (comprising 6.1 per cent. of concessionary financing and 28.4 per cent. of ordinary financing).

Project financing and technical assistance disbursements

In the year ending 29 Dhul Hijjah 1433H (14 November 2012), the IsDB had a total current portfolio of 968 operations, comprising of 628 lending / project financing operations and 340 Technical Assistant Grant Operations, amounting to ID 13.07 billion. Out of this total, 584 operations (representing 60 per cent. of the total no of operations) are currently in the disbursing category, while the remaining 384 operations (40 per cent. of the total no of operations) are yet to enter the disbursement stage

An active portfolio monitoring and cleaning exercise is on-going as at the date of this Base Prospectus, and as a consequence, significant number of lending / project financing operations were either declared as completed or cancelled during 1433H (2012). These include 55 operations worth ID1.2 billion being declared as completed and five operations worth ID136 million being cancelled.

Provisions for Impairment on Financial Assets

The following table sets out the provisions taken by the IsDB on its financial assets over the past two years.

	1433H (2012)		1432H (2011)	
	(ID thousand)	(U.S.\$ thousand)	(ID thousand)	(U.S.\$ thousand)
Balance at the beginning of the year	220.095	342.512	209.932	323.127
Provision written off	-	-		
Charge (recovery) for the year	36,342	55,465	10,163	15,816
Difference in Exchange Rate	-	(6,603)	-	3,569
Balance at the end of the year	256,437	391,374	220,095	324,512

Historically the IsDB's impairments on its development-related portfolio have been very low despite the large share of loans to borrowers (mainly public sector) in relatively high-risk countries. This reflects in part the preferred-creditor treatment the IsDB has generally received from its Member Countries. Given the increase in the operations of the IsDB and the creditor treatment expected in relation to its public-sector loans, the portfolio is adequately provisioned.

Trade Financing Operations

The IsDB's trade financing programme used to be implemented primarily through Import Trade Financing Operations (ITFO), the Export Financing Scheme (EFS), the Islamic Banks' Portfolio (IBP) and to a certain extent, the UIF. The IsDB also managed a special exports scheme in co-operation with the Arab Bank for Economic Development in Africa's (BADEA) and has implemented a trade cooperation and promotion programme (TCPP) among Member Countries. While ITFO and the EFS were exclusively linked with trade financing, the IBP and the UIF were also involved in project financing activities.

Most trade operations were typically secured by way of government or commercial bank guarantees, however, when dealing with large financially viable companies with good credit standing in the respective Member Countries, direct corporate exposure was also accepted. The amount of financing against corporate exposure was limited to a maximum of 30 per cent. of total approvals under trade for any given year.

As of 1 Muharram 1429H (10 January 2008) all trade finance operations are being undertaken by the ITFC. During the year ended 29 Dhul Hijjah 1433H (14 November 2012), the ITFC approved U.S.\$4.0 billion in trade financing, compared to U.S.\$3.03 billion during the year ended 29 Dhul Hijjah 1432H (25 November 2011).

With a view to consolidate all the trade financing activities of the IsDB Group, the EFS was dissolved and the participants thereof were given shares in ITFC in proportion to their entitlement of the assets of EFS. The IBP was liquidated and participants of IBP who opted to quit were paid their entitlement to the assets of IBP. Participants who agreed to become shareholders in ITFC were given shares in proportion to their entitlement of the assets of IBP. Moreover, the BADEA Export Finance Scheme (BEFS) has also been transferred for management by ITFC as a *Mudarib*. To complement the resources of ITFC, the IsDB has also committed to place up to U.S.\$1 billion with ITFC to be utilised under a *Mudaraba* agreement for its trade financing operations.

Waqf Fund Operations

The *Waqf* Fund was established on 1 Muharram 1418H (8 May 1997). The *Waqf* Fund primarily caters to the development needs of the Muslim communities and organisations in non-Member Countries and LDMCs with particular emphasis on social sector development. The *Waqf* Fund derives its income from returns on cash, cash equivalents and fixed deposits, funds under management with external fund managers and other managed investments, investments in *Murabaha* and other funds.

As per the regulations of the *Waqf* Fund, a certain percentage of the total income of the *Waqf* Fund and the same percentage of the banking return from the IsDB's investments in the international market are allocated to the resources of the *Waqf* Fund every year until the principal amount reaches ID1 billion. The income of the *Waqf* Fund must be utilised as follows:

Principal Amount of the *Waqf* Fund: 15 per cent.

Special Assistance Programs: 65 per cent.

Special Account for LDMC's: 20 per cent.

The principal amount of the *Waqf* Fund (and 15 per cent. of the annual income of the *Waqf* Fund) can be invested for a longer term to maximise returns. Only 85 per cent. of the income are utilised to finance various programmes under the *Waqf* Fund and can be kept in cash and in very short-term placements. The IsDB has been granted permission by the *Fiqh* Academy to use the net proceeds earned on these investments to finance projects in the Muslim communities in non-Member Countries. The *Waqf* Fund is also used to provide assistance with health and education, training and research, natural disaster relief within Member Countries and Muslim communities in non-Member Countries.

In the year ending 29 Dhul Hijjah 1433H (14 November 2012), the total net assets of the *Waqf* Fund amounted to ID815 million (U.S.\$1,244 million) compared with ID846million (U.S.\$1,316 million) in the year ending 29 Dhul Hijjah 1432H (25 November 2011), a decline mainly on account of reduced income from investments and provisions for impairment of assets.

Between 1396H and the end of the second quarter of 1434H (1976 -10 May 2013), the IsDB approved 1,471 operations for ID563.1 million (U.S.\$734.3 million) from the *Waqf* Fund. Of the 1,471 operations approved, approval for Member Countries totalled ID350.2 million (U.S.\$444.4 million) for 516 operations while those of Muslim communities and organisations in non-Member Countries amounted to ID212.9 million (U.S.\$289.8 million) for 955 operations.

Islamic Solidarity Fund for Development

The Islamic Solidarity Fund for Development (**ISFD**) is an outcome of the Third Extraordinary Summit of the OIC, held in Makkah Al-Mukarramah, the Kingdom of Saudi Arabia, in Dhul Qadah 1426H (December 2005). The establishment of this fund was formalised at the 31st Annual Meeting of the IsDB Board of Governors held in Kuwait in Rabi al-Thani 1427H (May 2006) and was launched as a *Waqf* during the 32nd Annual Meeting of the IsDB Board of Governors held in Dakar, Senegal, in Rabi al-Thani 1427H (May 2007). The Fund's targeted capital is U.S.\$10 billion. The Fund has been established within the IsDB on the basis of voluntary contributions by all Member Countries, irrespective of their development status. The purpose of the fund is to help to alleviate poverty, enhance development, eliminate illiteracy and eradicate disease and epidemics in the OIC member states. ISFD formally began its operations on 1 Muharram 1429H (10 January 2008).

The IsDB Infrastructure Fund

The IIF was established in 1422H (2001) as the first private equity investment fund to focus on infrastructure development in Member Countries. The Manager of the IIF is Emerging Markets Partnership (EMP), Bahrain, a subsidiary of EMP Global. The strategic objectives of the IIF are to seek long-term capital appreciation by making equity and equity related investments in infrastructure projects and infrastructure related industries in Member Countries and to promote the use of Islamic finance for such projects. As of the date of this Base Prospectus, the IsDB has a 13.7 per cent. investment in the IIF, and holds a 51 per cent. stake in the Policy Management Company (PMC).

As of the end of 1430H (2009), the IIF had committed a total amount of U.S.\$611 million to 10 projects in nine IsDB Member Countries. The IIF's investment strategy has targeted primarily the power, petrochemical, telecom, transport and mining sectors, which together attracted approximately 95 per cent. of the IIF's commitments, while the remaining 5 per cent. has been allocated to the oil and gas sector. Since the closing of the IIF in Ramadan 1421H (December 2001) up until Dhul Hujja 1433H (November 2012), the Fund has divested a portion of the portfolio with a cost value of U.S.\$423.19 million out of the total investment portfolio of U.S.\$593.00 million. During this period the IIF has earned a net income of U.S.\$476.89 million on account of dividends and capital gains.

The World Waqf Foundation

The WWF was established by the IsDB in 1422H (2001) in collaboration with *Waqf* organisations, governmental organisations, non-governmental organisations and philanthropists from the private sector. The objectives of the WWF are to promote *Awqaf* to contribute to the cultural, social and economic development of Member Countries and Muslim communities, and to alleviate poverty, as well as extending technical assistance to *Waqf* organisations with expertise and coordination, and support their projects, programmes and activities in the educational, health, social, and cultural fields.

The Awqaf Properties Investment Fund

The APIF was established on 10 Dhul Qadah 1421H (4 February 2001) and began operations on 1 Rajab 1422H (19 September 2001). APIF aims to develop and invest in *Awqaf* real estate properties that are socially, economically and financially viable. In addition to its own capital resources of U.S.\$ 71.8 million, APIF has, as at the date of this Base Prospectus, access to a U.S.\$ 100 million the IsDB line of financing and a technical assistance pool of U.S.\$ 200,000. During 1433H (2012G), APIF approved five operations for an amount of U.S.\$ 133.07 million. Cumulatively, it has approved 37 operations (excluding cancellations) having a total value of U.S.\$ 846 million, 93 per cent of which are based on leasing mode of financing with the remaining 7 per cent on equity financing and *Istisna'a*. As at the date of this Base Prospectus, the IsDB has a 41 per cent equity participation in APIF and acts as its *Mudarib*.

The IsDB Unit Investment Fund

The IsDB UIF was established in 1410H (1989). Its objective is to participate in the economic development of Member Countries through pooling the savings of institutional and individual investors and investing these savings in both Member Countries and non-Member Countries. In order to consolidate private sector activities under a single entity within the IsDB Group, the resources and activities of the UIF were transferred to the ICD with effect from 1 Muharram 1429H (10 January 2008). Under the arrangements, the ICD acted as a sub-*Mudarib* for the Fund, while the IsDB has remained the *Mudarib*. At the same time, the IsDB extended the facility of full redemption guarantee to the fund.

In 1433H (2012), 14 new projects were approved totalling U.S.\$69.87 million. In the same year, U.S.\$44.49 million was disbursed. Cumulatively, UIF has committed U.S.\$2,559.44 million for 282 operations since it began operations in 1411H (1991).

The International Centre for Biosaline Agriculture

The IsDB, in partnership with the UAE, established in 1420H (1999) the International Centre for Biosaline Agriculture (**ICBA**), a non-profit agricultural research and development organisation with an international focus. Based in Dubai, ICBA's mission is to harness saline and marginal quality waters for irrigation purposes. Reclaiming these marginal waters could ultimately contribute to relieving demand for scarce freshwater resources in Member Countries. In 1431H (2010), following the takeover of ICBA by the UAE, the IsDB and UAE launched a new partnership aimed at jointly supporting ICBA and its programmes over the five year period ending 1435H (2014).

Sacrificial Meat Utilisation Project of Saudi Arabia (Adahi Project)

The IsDB acts as an execution agency for the government of the Kingdom of Saudi Arabia in implementing the Adahi Project. The project, which is managed by the IsDB, lies outside the normal range of operations. The government of the Kingdom of Saudi Arabia signed a memorandum of understanding with the IsDB on 29 Dhul Qadah 1409H (3 July 1989) to implement the project, which serves the *Hajj* pilgrims by performing sacrificial slaughter and related services on their behalf. The meat is distributed to the needy and the poor in Member Countries and to Muslim communities in non-Member Countries. The IsDB has been involved in the Adahi Project since 1403H (1983).

Litigation

Historically, the IsDB has not had any significant litigation or arbitration proceedings. It is currently involved in 6 claims which the management of the IsDB do not believe will have a material adverse impact upon the IsDB's business, financial condition, results of operations or prospectus and it is not aware of any pending or threatened litigation or arbitration.

Risk Management

The financing policies of the IsDB are governed by the Articles of Agreement which, *inter alia*, stipulate that, to safeguard its interests, the IsDB should ensure that the recipient of financing and its guarantor will be in a position to meet their obligations and that the financing promotes complementary aspects in the economies of Member Countries, promotes the well being of people in the Member Countries and avoids a disproportionate use of the IsDB's resources for the benefit of any one or a few Member Countries. As of 29 Dhul Hijjah 1433H (14 November 2012), 85.3 per cent. of all the IsDB's financing operations, excluding equity investments, are sovereign guaranteed.

The IsDB's three major modes of financing, Leasing, Instalment Sale and *Istisna'a*, have a maximum exposure limit of ID150 million per project for the purpose of financing sovereign development and infrastructure projects.

The Audit Committee

The Audit Committee is the committee that reviews all financial and risk issues and policies that are material to the financial position and the risk profile of the IsDB. The Audit Committee assists the Board of Executive Directors in carrying out its responsibilities and, in particular, participates in the development of timely corrective actions in order to address issues identified by both the Board of Executive Directors and external auditors as they arise. The Audit Committee also participates in defining the IsDB's risk management framework in order to ensure that there are appropriate controls in respect of the IsDB's financial transactions. The Audit Committee also reviews the IsDB Group Risk Report semi-annually and follows up with management on trends, key risks and planned responses.

The Group Risk Management Committee

The Group Risk Management Committee (**GRMC**) considers, reviews, clears and recommends, as the case may be, various matters and issues related to the risk management function of the IsDB Group. The GRMC is also responsible for reviewing the risk management policies, procedures and guidelines of the IsDB. Meetings of the GRMC are held monthly and are chaired by the Vice President (Corporate Services).

The Group Risk Management Department

The Group Risk Management Department (**GRMD**) is independent from all business departments as well as other entities of the IsDB and reports directly to the President of the IsDB Group. The GRMD is responsible for developing risk policies, guidelines and procedures and for identifying, measuring, managing and monitoring of all types of risks inherent in the IsDB Group's activities.

At the date of this Base Prospectus, the IsDB has in place the following guidelines:

1. Country Risk Assessment Guidelines;
2. Financial Institutions Risk Assessment;
3. Project Finance Risk Assessment Guidelines;
4. Corporate Finance Risk Assessment Guidelines;
5. Guidelines for the Acceptance of Assignment of Receivables;
6. Guidelines for Placement of Liquid Funds;
7. Capital Adequacy Framework;
8. Market Risk Guidelines;
9. Operational Risk Management Framework;
10. Liquidity and Leverage Policies; and
11. Best Business Practices and Customer Due Diligence Standards.

The GRMD submits regular reports with recommendations to the GRMC and the Audit Committee on risk related issues including adherence to policies, limits and guidelines.

Credit Risk Management

The IsDB has in place comprehensive credit policies and guidelines as a part of its overall credit risk management framework. These policies are communicated within the IsDB in order to maintain the IsDB's overall credit risk profile within the parameters set by the management. The credit policy formulation, credit limit setting, monitoring of credit exceptions, exposures, and review and monitoring functions are performed independently by the GRMD, which endeavours to ensure that business lines comply with risk parameters and prudential limits established by the Board of Executive Directors.

An important element of credit risk management is the establishment of exposure limits for a single credit beneficiary or obligor and group of connected obligors based on the risk capacity of the IsDB and credit strength of the beneficiary or obligor. Credit limits in Member Countries regarding financing operations as well as placement of liquid funds are also in place.

The assets which expose the IsDB to credit risk principally consist of commodity placements, *Murabaha* financing, *Istisna'a* assets, instalment sale financing, loans and *Ijara Muntahia Bittamleek*, which are mainly covered by sovereign guarantees and commercial bank guarantees acceptable to the IsDB, in accordance with the eligibility criteria and credit risk assessments. The IsDB's liquid fund investments portfolio is managed by the IsDB's treasury department (**Treasury Department**) and comprises deals with reputable banks. The IsDB benefits from preferred creditor status on sovereign financing, which gives it priority over other creditors in the event of default thus constituting a strong protection against credit losses.

The assessment of exposure is based on the use of internal rating models for various potential counterparties eligible to enter into business relationship with the IsDB. While extending financing to its Member Countries, the IsDB attempts to safeguard its interests by obtaining guarantees for its financing operations and verifying that both the beneficiaries as well as the guarantors are able to meet their obligations to the IsDB. In addition to the above credit risk mitigation tools, the IsDB has in place a counterparty assessment criteria and detailed exposure limits framework.

The credit review process in the IsDB, as at the date of this Base Prospectus, can be summarised as follows:

The credit granting process is based on in-depth due diligence starting from the business departments through multiple special committees including the Technical Review Committee, which analyses technical feasibility, the Operations Committees (chaired by the Vice President - Operations), which conducts detailed overall project review, the Vice President (Operations) and ultimately the President for approval (or submission to the Board of Executive Directors for approval if beyond the level of delegated authority). The GRMD conducts an independent risk review of proposed financing

operations and communicates the outcome to the respective business department and committees. GRMD views are clearly reflected in all investing and financing proposals to support management to make informed and objective decisions.

Market Risk Management

The IsDB has only a limited exposure to market risk. Nevertheless, the ALCO meets every month to discuss, among other things, potential market risk exposures of the IsDB. The IsDB Group has no exposure to sub-prime or other distressed financial assets, nor does the IsDB Group have any exposure to collateralised debt obligations, collateralised loan obligations or other equivalent asset backed products.

Mark-up Risk Management

The IsDB is exposed to mark-up risk on its investments in cash and cash equivalents, commodity placements, *Murabaha* financing, *Istisna'a* assets, *Ijara* assets, investments in *Sukuk* and *Sukuk* liabilities. In respect of the financial assets, a portion of the IsDB's returns are based on a benchmark and hence vary according to the market conditions. The IsDB generally uses the London Interbank Offered Rate as a benchmark to determine the mark-up rate on its financing. The final mark-up rate on the financing is worked out after adding a margin to the benchmark rate. In case of *Murabaha*, *Instalment Sales* and *Istisna'a* modes of financing, the mark-up rates are fixed throughout the repayment period.

To minimize exposure to mismatches, the IsDB Asset-Liability Management strategy is to match-fund financing to the maximum extent possible, based on various parameters including mark-up and tenor. Further, the IsDB has developed a *Shariah* compatible mark-up rate hedging mechanism which enables the IsDB to swap the floating rate into fixed rate or vice versa. In case of *Ijara* financing, however, the IsDB has the flexibility of charging a floating rate or a fixed rate for the entire tenor of the financing depending on the agreement reached with the beneficiary.

Liquidity Risk Management

The IsDB adopts a conservative approach by maintaining high liquidity levels invested in cash, cash equivalents, commodity placements and *Murabaha* financing with short-term maturity of three to twelve months. A major feature of this liquidity management policy (unlike other Multilateral Development Banks) is to place the IsDB's liquid funds with banks, from both Member Countries and non-Member Countries, in *Shariah* compliant manner.

For implementing such policy, the IsDB has in place comprehensive guidelines for placement of liquid funds which outlines minimum rating criteria, and defines country limits and single counterparty limits as follows:

- Maximum country limit of 15 per cent. of liquid fund placements.
- Maximum counterparty limit of 5 per cent. for a single bank.

Impairment of Financial Assets

Operational Assets

An assessment is made at each balance sheet date to determine whether there is evidence that a financial asset or group of financial assets may be impaired. In connection with the IsDB's participation in the debt relief initiative for the Heavily Indebted Poor Countries, the IsDB suffers losses from rescheduling amounts due from certain countries under mutually agreed settlement plans. The loss results from the difference between the carrying amount of the asset and the net present value of expected future cash flows discounted at the implicit rate of return of the financial asset mentioned in the agreement. The impairment provision is periodically adjusted based on a review of the prevailing circumstances. In addition, a portfolio provision is created for losses where there is objective evidence

that unidentified losses are present in the portfolio at the balance sheet date. These are estimated based on country risk ratings, the current economic conditions and the default pattern that are embedded in the components of the portfolio. Adjustments to the provision are recorded as a charge or addition to income. In determining the adequacy of the provision, the IsDB takes into account the net present value of expected future cash flows discounted at the financial instruments' implicit rate of return.

Other Financial Assets

An assessment is made at each financial position date to determine whether there is objective evidence that a financial asset or a group of financial assets may be impaired. The amount of the impairment losses for financial assets carried at amortised cost is calculated as the difference between the asset's carrying amount and its estimated fair value. The carrying amount of the financial asset is reduced through the use of an allowance account. When a financial asset is not considered recoverable, it is written-off against the allowance account and any excess loss is recognised in the Income Statement. Subsequent recoveries of amounts previously written-off are credited to the statement of income.

Investments in Lease Participation Pools and Real Estate Funds

Investments in lease participation pools and real estate funds are recorded initially at cost and are revalued periodically based on the valuation reports received from the pool managers. Provision is created when the IsDB identifies investments in specific lease participation pools as potentially impaired.

**Principal Differences between Accounting Principles of the Accounting and Auditing Organisation
for Islamic Financial Institutions and International Financial Reporting Standards
Basis of preparation**

The financial statements of the IsDB are prepared in accordance with Article 8.2 of the Financial Regulations of the IsDB and with the Financial Accounting Standards issued by the AAOIFI and the Shariah rules and principles as determined by the Shariah Committee of the IsDB. For matters which are not covered by AAOIFI standards, the IsDB uses the IFRS issued or adopted by the International Accounting Standards Board (the **IASB**) and the relevant interpretation issued by the International Financial Reporting Interpretations Committee (the **IFRIC**) of the IASB. The financial statements are prepared under the historical cost convention as modified for the measurement at fair value of investment in equity capital, other investment, investment in sukuk, Murabaha- based profit rate and cross currency swap.

The financial information included in this Base Prospectus and/or incorporated by reference has not been prepared in accordance with the international accounting standards adopted pursuant to the procedure of Article 3 of Regulation (EC) No1606/2002 and there may be material differences in the financial information had Regulation (EC) No 1606/2002 been applied to the historical financial information.

The IsDB is audited in accordance with the auditing standards for Islamic Financial Institutions issued by AAOIFI and the International Standards on Auditing (**ISA**) adopted by the International Auditing and Assurance Standards Board. As of the date of this Base Prospectus there are five AAOIFI auditing standards, four of which are similar in their content to the relevant standards under the ISA. The single AAOIFI auditing standard for which there is no analogous ISA auditing standard relates to testing for compliance with Shariah rules and principles by external auditors (AAOIFI Auditing Standard No. 4). More specifically, AAOIFI Auditing Standard No. 4 requires an external auditor to obtain sufficient and appropriate audit evidence adequate to provide reasonable assurance that the relevant Islamic financial institution is in compliance with the rules and principles of Shariah. While the ISA is more comprehensive than the AAOIFI auditing standards, and while AAOIFI Auditing Standard no. 4 is tailored to address Shariah matters, there are no significant departures of the AAOIFI auditing standards from the ISA. AAOIFI auditing standards require the application of ISA in respect of matters not covered in detail by the AAOIFI auditing standards, provided such standards do not contravene Shariah rules and principles.

The principal accounting differences between the AAOIFI and IASB accounting standards in so far as they apply to recognition and measurement principles, as applicable to the IsDB Financial Statements for the year ended 29 Dhul Hijjah 1433H (14 November 2011) and the year ended 29 Dhul Hijjah 1432H (25 November 2011), are listed below.

Leasing transactions

With regard to their structure, the IsDB leases are recorded as operating leases, whereas they are considered as finance leases according to the definition used in IFRS.

Under AAOIFI, leased assets are presented at original cost less accumulated depreciation up to the date of financial position, and income is allocated proportionately to the financial periods of the lease term.

Under IFRS, the leased assets would be presented at an amount equal to the net investment in the lease, and income would be recognised based on a pattern reflecting a constant rate of return on the net investment in the lease.

In general terms, for the same transaction, more income would be recognised earlier on under IFRS than under AAOIFI though the cumulative income over the life of the transaction would be the same.

Effective interest rate

AAOIFI allows the deferral of profit on a deferred receivable over the life of the repayments. However, it does not specify whether this should be recognised in the income statement on a straight-line or an effective interest rate method (AAOIFI allows either method to be used). The IsDB uses the straight line method.

Under IFRS, on a deferred receivable, the deferred profit needs to be recognised on the effective interest rate method over the period of repayment.

As stated above, in general terms, for the same financial contract, more income would be recognised earlier on under IFRS than under AAOIFI, though the cumulative income over the life of the contract would be the same.

Impairment of Islamic Financial Contracts – undiscounting

The IsDB estimates specific impairment of Islamic financial contracts, as per the requirements of IFRS, by means of discounting future cash flows using the implied profit rate built into the Islamic financial contract. However, the 'un-discounting' of the deferred profit element (notional interest) is netted off against the provision rather than being shown as income. The treatment, in compliance with IFRS, would be to release the un-discounting through revenue. Overall there is no impact on the net profit reported due to this difference.

The principal differences enumerated above have been compiled as of May 2009 and do not take into account the various proposed amendments, discussion papers, exposure drafts, interpretations and revised standards issued by the IASB and IFRIC but not effective as of the above date. Any such change may have an impact on the above.

GENERAL DESCRIPTION OF THE PORTFOLIO

The Portfolio which is the subject of the Trust constituted for each Series of Trust Certificates shall be a portfolio of assets created by the IsDB which shall be separate and independent from all other assets of the IsDB and shall comprise:

- at least 33 per cent. tangible assets comprising of Leased Assets, Disbursing *Istisna'a* Assets, Shares and/or Sukuk; and
- no more than 67 per cent. intangible assets comprising of *Istisna'a* Receivables and/or *Murabaha* Receivables,

including, without limitation, the right to receive payment of any amounts due in connection with such assets, the right to demand, sue for, recover, receive and give receipts for all amounts payable, or to become payable, under the assets and/or agreements relating to the assets and the benefit of, and the right to sue on, all covenants in favour of the IsDB and the right to exercise all powers of the IsDB thereunder, the constituent elements of which may be supplemented from time to time with Additional Portfolio Assets.

The Leased Assets comprise assets which are subject to *ijara* contracts where the IsDB as lessor has leased existing property, or has agreed to lease property under construction, to a lessee in respect of which regular payments are or will become due from the lessee (and includes any ancillary rights under such *ijara* contracts). The Disbursing *Istisna'a* Assets comprise *Istisna'a* assets in respect of which the IsDB is paying to a contractor instalment amounts (which are subsequently capitalised by the IsDB) during, but prior to the completion of, the construction of such assets and whilst legal title to such assets is vested in the IsDB. The *Murabaha* Receivables comprise receivables under sale contracts whereby the IsDB has sold assets to an obligor for a purchase price which is determined on a cost plus a predetermined profit basis and such purchase price is payable in instalments. The *Istisna'a* Receivables comprise receivables arising in respect of *Istisna'a* assets which are sold by the IsDB to a buyer who pays the purchase price in instalments. Any Shares and Sukuk will be investments held directly by the IsDB prior to their sale to IDB Trust Services Limited.

The Portfolio in respect of each Series of Trust Certificates will be originated by the IsDB and represent (in the case of any underlying assets other than Shares or Sukuk) obligations of lessees and obligors in jurisdictions that are Member Countries. The IsDB will represent in the Master Purchase Agreement that the Portfolio transferred to IDB Trust Services Limited in respect of each series of Trust Certificates will be *Shariah* compliant assets.

An outline summary of the Portfolio which will be purchased by the IsDB on the Issue Date of the relevant Series of Trust Certificates is set out in the Supplemental Purchase Agreement, as the case may be. The composition of the Portfolio may change over the life of each Series of Trust Certificates as IDB Trust Services Limited may utilise principal collections from the relevant Portfolio to purchase rights in additional Leased Assets or Disbursing *Istisna'a* Assets or sub-participation interests on behalf of IDB Trust Services Limited in *Istisna'a* or *Murabaha* financing activities, or invest in *Murabaha* Receivables and *Istisna'a* Receivables or to purchase further Shares and/or Sukuk (which will then form part of the Portfolio of that relevant Series) in accordance with the terms of the Programme Documents.

The IsDB has given an undertaking to IDB Trust Services Limited that it will sell additional Leased Assets, Disbursing *Istisna'a* Assets, Shares and Sukuk to IDB Trust Services Limited so as to ensure that the proportion of the Portfolio of each Series of Trust Certificates represented by rights in Leased Assets, Disbursing *Istisna'a* Assets, Shares and/or Sukuk does not fall below 33 per cent. The IsDB's obligation to sell such additional assets is subject to the IsDB having such assets available on its balance sheet to sell to IDB Trust Services Limited. A failure by the IsDB to comply with any of its obligations expressed to be assumed by it in the Programme Documents constitutes a Dissolution Event.

No investigation or enquiry will or has been made and no due diligence will or has been conducted by or on behalf of the Dealers, IDB Trust Services Limited or the Delegate in respect of any Portfolio or their transferability under relevant local law. Reference should be made to the paragraphs under "*Risk factors relating to the Portfolio*" in the Section entitled "*Risk Factors*" below. In particular neither the IsDB, IDB Trust Services Limited, the Delegate nor the Dealers make any representations as to whether there will be sufficient Trust Assets available on the Periodic Distribution Date or the Dissolution Date to enable the Trustee to make a payment in full of the relevant Periodic Distribution Amount or Dissolution Amount.

SUMMARY OF THE PRINCIPAL PROGRAMME DOCUMENTS

The following is a summary of certain provisions of the principal Programme Documents and is qualified in its entirety by reference to the detailed provisions of the principal Programme Documents. Copies of the Programme Documents will be available for inspection at the offices of the Principal Paying Agent (as defined in the Terms and Conditions).

The Master Trust Deed, as supplemented by each Supplemental Trust Deed

The Master Trust Deed will be entered into on or around the Programme Date between the IsDB, IDB Trust Services Limited and the Delegate and will be governed by English law. A Supplemental Trust Deed will be entered into on the date of the issue of the relevant Series of Trust Certificates between the same parties to the Master Trust Deed and will also be governed by English law.

Upon issue of the Global Trust Certificate initially representing the Trust Certificates of any Series, the Master Trust Deed and the relevant Supplemental Trust Deed together constitute the Trust declared by the Trustee in relation to such Series.

The Trust Assets in respect of each Series of Trust Certificates comprise (unless otherwise specified in the relevant Supplemental Trust Deed), *inter alia*, IDB Trust Services Limited's rights, title, interest and benefit in the Initial Trust Property and the Portfolio, IDB Trust Services Limited's rights, title, interest and benefit, present and future, in, to and under the Programme Documents and Transaction Documents to which it is a party (excluding any representations given to the Trustee by the IsDB pursuant to any of the Programme Documents or Transaction Documents), IDB Trust Services Limited's rights, interest and benefit, present and future, in assets held by the IsDB on trust for IDB Trust Services Limited, as well as cash and certain eligible investments all as more fully set out in the Master Trust Deed and the relevant Supplemental Trust Deed.

In the Trust Deed, the Trustee will unconditionally and irrevocably appoint the Delegate to be its attorney and to exercise certain future duties, powers, authorities and discretions vested in the Trustee by certain provisions in the Trust Deed, as supplemented by the Supplemental Trust Deed.

In the Trust Deed, the Delegate will undertake that, *inter alia*:

- (a) it may or shall (subject to being indemnified and/or prefunded to its satisfaction) upon being directed to do so by the Certificateholders pursuant to the Trust Deed (i) require the IsDB to perform its obligations under the Purchase Undertaking Deed and the Additional Portfolio Asset Sale Undertaking Deed and (ii) make a claim under the Guarantee; and
- (b) following the occurrence of a Dissolution Event in respect of any Series and subject to Condition 14 (Dissolution Events), it shall (subject to being indemnified and/or secured to its satisfaction) take all such steps as are necessary to enforce the obligations of the IsDB under the Purchase Undertaking Deed, the relevant IsDB Purchase Agreement and any other Programme Document and Transaction Document to which the IsDB is a party.

In the Trust Deed, IDB Trust Services Limited also undertakes that, *inter alia*:

- (a) it may or shall upon being directed to do so by the Delegate enforce the obligations of the IsDB under the Master Trust Deed, the Purchase Undertaking Deed and any other Programme Document or Transaction Document to which the IsDB is a party;

The Trustee acknowledges in the Master Trust Deed that the Delegate may in accordance with the terms of the Master Trust Deed convene meetings or obtain directions and instructions from Certificateholders.

The Delegate may (without the consent or sanction of the Certificateholders), agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the Terms and Conditions or any of the provisions of the Master Trust Deed, the Guarantee or any other Programme Document or any Transaction Document or allow for any Dissolution Event not to be treated as such, if in the opinion of the Delegate, any such case is not materially prejudicial to the interests of the Certificateholders or it may agree to any modification which, in its opinion, is of a formal, minor or technical nature or to correct a manifest or proven error.

Indemnity

The IsDB has also undertaken to the Trustee and the Delegate in the Master Trust Deed that, if any amount payable by the IsDB to the Trustee pursuant to the Guarantee, the Master Trust Deed, the Purchase Undertaking Deed or any other Programme Document or Transaction Document is not recoverable from the IsDB for any reason whatsoever (including, without limitation, by reason of any Trust Certificate, the Master Trust Deed, any Supplemental Trust Deed, any relevant IsDB Purchase Agreement or any provision thereof being or becoming void, unenforceable or otherwise invalid under any applicable law or any transfer of the Portfolio being ineffective or unenforceable) or the Trustee or any Certificateholder suffers any costs, expenses or loss (which must be evidenced to the IsDB by the production of receipts) as a direct result of its holding in the Portfolio, which cost, expense or loss is not recoverable under the Master Purchase Agreement, the relevant Supplemental Purchase Agreement then, (notwithstanding that the same may have been known to the Trustee) the IsDB will, as a sole, original and independent obligor, forthwith upon demand by the Trustee or the Delegate, pay such sum by way of a full indemnity in the manner and currency as is provided for in such Trust Certificate or the Master Trust Deed, any Supplemental Trust Deed or other Programme Documents or Transaction Documents (as the case may be) and indemnify the Trustee or the Delegate against all losses, claims, costs, charges and expenses to which it may be subject or which it may incur under or in respect of the Trust Certificates, the Master Trust Deed, the relevant Supplemental Trust Deed, the relevant IsDB Purchase Agreement or other Programme Documents or Transaction Documents. For the avoidance of doubt, the IsDB shall not be required to indemnify the Trustee for any consequential loss (being loss of business, goodwill, opportunity or profit) of any kind whatsoever.

The Master Purchase Agreement, as supplemented by each Supplemental Purchase Agreement

The Master Purchase Agreement will be entered into on or about the Programme Date between the IsDB and IDB Trust Services Limited, as supplemented and amended from time to time, and each Supplemental Purchase Agreement applicable to a Series of Trust Certificates, are, and will be, governed by English law.

Sale of Portfolio

On the Closing Date of the relevant Series, the IsDB agrees to sell to IDB Trust Services Limited the Portfolio identified in a schedule to the relevant Supplemental Purchase Agreement. The Portfolio shall be a portfolio of assets created by the IsDB which shall be separate and independent from all other assets of the IsDB.

To the extent that the transfer of the Portfolio (or any part thereof) is not effective in any jurisdiction for any reason, the IsDB has agreed to either replace the Portfolio Constituent Assets (as defined in the Master Purchase Agreement) with Additional Portfolio Assets (as defined in the Master Purchase Agreement) of the same (or greater) net asset value, or account for all amounts received by it in respect of the Portfolio (or any part thereof) to IDB Trust Services Limited. Further, the IsDB has in the Master Purchase Agreement undertaken to hold any constituent assets comprised in the Portfolio the title, interest in or benefit to which has not been transferred to IDB Trust Services Limited on trust for IDB Trust Services Limited absolutely as the owner thereof or as IDB Trust Services Limited may

direct.

Purchase Price

The purchase price payable for the Portfolio of any relevant Series of Trust Certificates will be determined by the Supplemental Purchase Agreement and will be an aggregate amount representing the Net Asset Value (as defined in the Master Purchase Agreement) of the Portfolio in respect of the relevant Series.

Records

All records in respect of the Portfolio sold to IDB Trust Services Limited will be retained by the IsDB.

Representations and Warranties

The IsDB will only provide very limited representations and warranties in respect of the Portfolio on the issue date of the relevant Series. These representations and warranties will be repeated on the date of each Settlement Date (as defined in the Master Purchase Agreement) and include, *inter alia*, representations that:

- (a) the IsDB has full power and authority to effect and has taken all necessary action to authorise the execution, delivery and performance by it of the Master Purchase Agreement and all other instruments and documents to be delivered by it under the Master Purchase Agreement and the transactions contemplated by Master Purchase Agreement;
- (b) the execution, delivery and performance by the IsDB of the Master Purchase Agreement and all other instruments and documents to be delivered by it pursuant to the Master Purchase Agreement and all transactions contemplated by the Master Purchase Agreement do not contravene (i) the IsDB's Articles of Agreement, (ii) any law, rule or regulation applicable to the IsDB or the Portfolio, (iii) any contractual restriction contained in any agreement, mortgage, bond, contract, undertaking or instrument binding on or affecting the IsDB or any of its properties or assets, or (iv) any order, writ, judgment, award, injunction or decree binding on or affecting the IsDB or any of its assets and do not result in or require the creation of any lien, security interest or other charge or encumbrance upon or with respect to any of its assets or undertaking;
- (c) all consents, authorisations, approvals, notices, licences, registrations or filings required for the due execution, delivery or performance by the IsDB of the Master Purchase Agreement or any other document to be delivered by the IsDB in connection with the Master Purchase Agreement or for the transactions contemplated by the Master Purchase Agreement have been obtained or effected and are in full force and effect;

- (f) each constituent asset comprised in the Portfolio to be transferred to IDB Trust Services Limited on the relevant Closing Date, and each Additional Portfolio Asset to be transferred to IDB Trust Services Limited on a Settlement Date, is an Eligible Portfolio Asset (as defined in the Master Purchase Agreement) as determined on the relevant Closing Date and, in the case of an

Additional Portfolio Asset, the Settlement Date on which it is purchased; and

- (g) the IsDB has confirmed that any Portfolio to be transferred to IDB Trust Services Limited on the relevant Closing Date, and any Additional Portfolio Assets to be transferred to IDB Trust Services Limited on a Settlement Date, comply in all material respects with Shariah principles as laid down by the *Shariah* Committee of the IsDB.

A breach of the representations and warranties contained in the Master Purchase Agreement by the IsDB will result in the IsDB being required to repurchase any underlying assets in the Portfolio which do not comply with such representations and warranties and the IsDB providing IDB Trust Services Limited with (i) cash and/or (ii) the transfer of substitute underlying assets having a Net Asset Value (as defined in the Master Purchase Agreement) of not less than that of such ineligible assets.

Undertakings of the IsDB

The IsDB provides only very limited undertakings in the Master Purchase Agreement.

Share Ancillary Rights

IDB Trust Services Limited has undertaken in the Master Purchase Agreement to delegate to the IsDB as Wakeel the exercise of any and all Share Ancillary Rights (defined as any and all rights attaching to the Shares including the right to receive payments of dividends, including pre-emption rights, rights to participate in capital increases, consolidations and rights issues, as well as voting rights) in respect of Shares purchased by IDB Trust Services Limited on the relevant Closing Date or the relevant Settlement Date, as the case may be. To the extent that the transfer of any Shares to IDB Trust Services Limited is not effective, the IsDB has undertaken to hold such Shares on trust for IDB Trust Services Limited.

Additional Portfolio Assets Sale Undertaking Deed

The Additional Portfolio Assets Sale Undertaking Deed will be executed by the IsDB in favour of IDB Trust Services Limited on or about the Programme Date and will be governed by English law.

Pursuant to the Additional Portfolio Assets Sale Undertaking Deed, IDB Trust Services Limited has been granted the right to require the IsDB to sell, in certain circumstances (as detailed below), to IDB Trust Services Limited on the relevant Settlement Date (as specified in the Additional Portfolio Assets Exercise Notice scheduled to the Additional Portfolio Assets Sale Undertaking Deed), at the relevant Purchase Price, the relevant Additional Portfolio Assets (as specified in the relevant Additional Portfolio Assets Exercise Notice).

The Purchase Price payable for the relevant Additional Portfolio Assets will be specified in the Additional Portfolio Assets Sale Agreement (scheduled to the Additional Portfolio Assets Sale Undertaking Deed) and will be an aggregate amount no greater than the relevant Revenue Generating Assets Make-Whole Amount (as defined in the Master Wakala Agreement) in respect of the relevant Series.

This right granted under the Additional Portfolio Assets Sale Undertaking Deed may only be exercised by IDB Trust Services Limited if, and only to the extent that, the IsDB has relevant Additional Portfolio Assets on its balance sheet and at its disposal for sale to IDB Trust Services Limited (as specified in the relevant Purchase Report) and if:

- (a) in respect of the relevant Series, on the relevant Report Date prior to the relevant Settlement Date:
 - (i) the Tangibility of the Portfolio, as identified in the Servicing Report, is less than 33 per cent.; or

- (ii) there is a Revenue Generating Assets Shortfall as set out in the relevant Servicing Report,

by delivering an Additional Portfolio Assets Exercise Notice to the IsDB specifying the Settlement Date and details of the Additional Portfolio Assets to be purchased; and

- (b) the Additional Portfolio Assets specified in the relevant Additional Portfolio Assets Exercise Notice comprise of:
 - (i) in the event that the relevant Additional Portfolio Assets Exercise Notice is delivered pursuant to (a)(i) above, the rights, title, interest and benefit of the IsDB in, to and under, Leased Assets, Disbursing *Istisna'a* Assets, Shares and/or Sukuk (as, and only to the extent, specified in the relevant Purchase Report) the aggregate Net Asset Value of such Leased Assets, Disbursing *Istisna'a* Assets, Shares and/or Sukuk being no greater than the relevant Tangibility Make-Whole Amount (as defined in the Master Wakala Agreement); and
 - (ii) in the event that the relevant Additional Portfolio Assets Exercise Notice is delivered pursuant to (a)(ii) above, Additional Portfolio Assets (as, and only to the extent, specified in the relevant Purchase Report) the aggregate Net Asset Value of such Additional Portfolio Assets being no greater than the relevant Revenue Generating Assets Make-Whole Amount.

Following the exercise of this right, IDB Trust Services Limited will pay the relevant Purchase Price to IDB Trust Services Limited and IDB Trust Services Limited and the IsDB will enter into an Additional Portfolio Assets Sale Agreement to effect the sale of the relevant Additional Portfolio Assets.

Master Wakala Agreement, as supplemented by each Supplemental Wakala Agreement

The Master Wakala Agreement will be entered into on or about the Programme Date between the IsDB, IDB Trust Services Limited and the Delegate, as supplemented and amended from time to time, and each Supplemental Wakala Agreement applicable to a Series of Trust Certificates, will be, and is governed by English law (the **Master Wakala Agreement**, together with each Supplemental Wakala Agreement being referred to as, the **Wakala Agreement**).

Appointment of the IsDB as Wakeel

The Trustee will appoint the IsDB to act as its agent and wakeel (**Wakeel**) to perform limited actions in order to collect and service the Portfolio applicable to each Series of Trust Certificates. In particular, the Wakeel will prepare Servicing Reports (as defined below), hold records and apply collections in respect of the relevant Portfolio, and to carry out any incidental matters relating thereto.

Standard of Care

The Wakeel has agreed to exercise the same level of skill, care and attention in exercising its powers and performing its duties as it would exercise in servicing its own assets. In particularly the Wakeel has agreed to (a) exercise at least the same standard of care in respect of the Portfolio of each Series of Trust Certificates as it exercises in respect of assets of a similar type and nature to any Portfolio of which it is and remains the legal and beneficial owner (apparent and real owner) and (b) in respect of the Portfolio of each Series of Trust Certificates, act in accordance with its usual collection procedures at all times.

Delegation

The Wakeel shall be entitled to delegate its obligations under the Master Wakala Agreement, as supplemented by the Supplemental Wakala Agreement, to any person approved by the Trustee provided that the Wakeel shall remain primarily liable for the obligations incurred by it hereunder

notwithstanding any such delegation.

Fees

The Wakeel shall be entitled to receive a fee for acting as Wakeel which will comprise a fixed basic fee of U.S.\$100 payable on the date of each Supplemental Wakala Agreement and an incentive fee calculated as the remaining amounts available from the application of profit collections as more particularly described in "*Application of Collections*" below. Any amounts collected by the Wakeel in relation to the Portfolio which are in excess of the Periodic Distribution Amounts payable by the Trustee to the Certificateholders on the relevant Periodic Distribution Date, shall be retained by the Wakeel as an incentive fee for the performance of its services pursuant to the Wakala Agreement.

Application of Collections

For the period between each Calculation Date (each a **Collection Period**), the Wakeel will collect all amounts due in respect of the Portfolio of the relevant Series of Trust Certificates and identify such collections in a report (the **Servicing Report**). All collections in the nature of principal (the **Principal Collections**) will be deposited in a principal ledger account with the Wakeel. All collections in the nature of profit (the **Profit Collections**) will be deposited in a profit ledger account with the Wakeel. The Servicing Report will identify the amount of principal and profit collections. Subject to the terms of the Transaction Documents the Wakeel will be entitled to deal with any monies standing to the credit of the principal account or the profit account as if they were part of its own funds.

The Servicing Report will specify the amount by which the Aggregate Nominal Amount (as specified in the relevant Final Terms or Pricing Supplement, as the case may be) of the relevant Series and is less than the Net Asset Value (as defined in the Master Purchase Agreement) of the Portfolio corresponding to such Series (the **Revenue Generating Assets Shortfall**) and the total amount of Principal Collections to be applied to the acquisition of Additional Portfolio Assets in order to address any Revenue Generating Assets Shortfall (the **Revenue Generating Assets Make-Whole Amount**).

In respect of each Series of Trust Certificates and unless otherwise specified in the Wakala Agreement on each Settlement Date, if (i) there is a Revenue Generating Assets Shortfall, the Wakeel will apply the Revenue Generating Assets Make-Whole Amount to pay the purchase price of any Additional Portfolio Assets purchased in accordance with the terms of the Additional Portfolio Assets Sale Undertaking, and (ii) if the Tangibility of the relevant Portfolio is less than 33 per cent., the Wakeel will apply the Tangibility Make-Whole Amount to pay the purchase price of any Additional Portfolio Assets purchased in accordance with the terms of the Additional Portfolio Assets Sale Undertaking.

In the event that the IsDB does not have sufficient Additional Portfolio Assets on its balance sheet and at its disposal for sale to IDB Trust Services Limited in accordance with the terms of the Additional Portfolio Assets Sale Undertaking to reduce the Revenue Generating Assets Shortfall or to ensure that the tangibility of the relevant Portfolio is no less than 33 per cent., the Wakeel, if requested to do so by the Trustee, shall use any remaining Revenue Generating Assets Make-Whole Amount to acquire Shares and/or Sukuk in the open market in an amount required to reduce the Revenue Generating Assets Shortfall to zero.

In respect of each Series of Trust Certificates and unless otherwise specified in the Wakala Agreement, as the case may be, on each Settlement Date, the Wakeel will apply the relevant Profit Collections received in the immediately preceding Calculation Period to pay the following amounts on behalf of the Trustee in accordance with the following order of priority:

- (a) first, to the Delegate in respect of all amounts owing to it under the Programme Documents and Transaction Documents in its capacity as Delegate and to any receiver, manager or administrative receiver or any other analogous officer appointed in respect of the Trust by the Delegate in accordance with the Trust Deed;

- (b) second, *pro rata*, to pay an amount equal to any other sums payable by the Trustee (other than to Certificateholders or as otherwise provided in items (c) and (d) (inclusive) below) including rating fees, listing fees, paying agent's fees and corporate administrator fees together with any stamp, issue, registration, documentary and other fees, duties and taxes, including compensation and penalties, payable on or in connection with (i) the execution and delivery of the Master Trust Deed, the relevant Supplemental Trust Deed, the relevant Series of Trust Certificates and the Terms and Conditions (ii) the constitution and original issue of the relevant Series of Trust Certificates and (iii) any action taken by or on behalf of the Trustee or (where permitted by the Master Trust Deed, the relevant Supplemental Trust Deed, the Trust Certificates and the Terms and Conditions) any Certificateholder to enforce, or to resolve any doubt concerning, or for any other purpose in relation to, the Master Trust Deed, the relevant Supplemental Trust Deed, the Trust Certificates and the Terms and Conditions each of which such amounts shall have been properly incurred by the Trustee and to pay any remuneration agreed with the Trustee pursuant to such arrangements as the Wakeel, the Delegate and the Trustee shall separately agree; and
- (c) third on any Settlement Date immediately preceding a Periodic Distribution Date, to pay to the Principal Paying Agent any Periodic Distribution Amounts due and payable on the immediately following Periodic Distribution Date.

Notwithstanding the above, in respect of each Series of Trust Certificates and unless otherwise specified in the Wakala Agreement, as the case may be, applicable to the relevant Series, on the Dissolution Date the Wakeel will apply (a) any Principal Collections (including any residual Revenue Generating Assets Make-Whole Amount) and (b) any Profit Collections in accordance with the priority of payments set out in the Master Trust Deed as reproduced in the Terms and Conditions.

Representations and Warranties

The Wakeel shall make certain limited representations and warranties including, *inter alia*, as to due incorporation, power and authority, its constitution and composition, its liquidity and solvency and the validity of its obligations.

Termination of Appointment and IsDB Events

Subject to finding a suitable replacement, the IsDB may resign as Wakeel, or be dismissed by the Trustee upon 30 days' notice to the other party provided that a successor has been duly appointed in its place.

The Wakeel's appointment can also be terminated in certain other circumstances but in particular, the Wakeel's appointment as Wakeel may be terminated without notice upon the occurrence of any of the following events (each an **IsDB Event**). However, the occurrence of an IsDB Event will also be a Dissolution Event allowing the Delegate, at its option to declare (or shall declare upon written request of Certificateholders representing not less than one fifth in principal amount of the relevant Series of Trust Certificates for the time being outstanding) the Trust Certificates of the relevant Series to be immediately due and payable. The IsDB Events are as follows:

- (a) the IsDB fails to pay an amount under the Wakala Agreement, the Guarantee, the Purchase Undertaking Deed, any IsDB Purchase Agreement, any Sale Agreement or any other Transaction Document to which it is a party;
- (b) the IsDB fails to perform or observe any of its covenants and/or obligations or is in breach of any of its representations and warranties in each case under the Wakala Agreement or under any other Programme Document or Transaction Document to which it is a party and such failure or breach remains unremedied for 30 days after the Delegate has given written notice thereof to the IsDB;
- (c) the IsDB repudiates any Programme Document or Transaction Document to which it is a party or does or causes to be done any act or thing evidencing an intention to repudiate any

Programme Document or Transaction Document to which it is a party;

- (d) at any time it is or will become unlawful or contrary to its Articles of Agreement for the IsDB to perform or comply with any or all of its obligations under the Programme Documents or Transaction Document or any of the obligations of the IsDB under the Programme Documents or Transaction Document are not or cease to be legal, valid, binding and enforceable;
- (e) the IsDB temporarily suspends or temporarily terminates its operations or intends to temporarily suspend or temporarily terminate its operations;
- (f) there occurs any distribution of the assets of the IsDB contrary to its Articles of Agreement;
- (g) the Board of Governors of the IsDB passes a resolution to terminate the operations of the IsDB;
- (h) an order is made or an effective resolution passed for winding up the IsDB (unless the order is made for the purpose of a reorganisation, whilst solvent, of the IsDB); or
- (i) the IsDB ceases to carry on its business or a substantial part of its business or stops payment of any amounts due to its creditors generally or becomes unable to pay its debts as they fall due or otherwise becomes insolvent (unless it does so for the purpose of a reorganisation, the terms of which have been approved in writing by the Trustee and where the IsDB demonstrates to the satisfaction of the Trustee that it is solvent).

Guarantee

The Guarantee will be executed by the IsDB in favour of IDB Trust Services Limited on or about the Programme Date and will be governed by English law. In addition, on each Closing Date of each Series, the IsDB will confirm in a certificate on each Closing Date that the guarantee, undertaking and indemnity set out in the Guarantee remains in full force and effect and shall extend to the Portfolio in respect of that Series. Pursuant to the Guarantee, the Guarantor has irrevocably and unconditionally guaranteed to IDB Trust Services Limited the punctual performance of any and all payment obligations arising or falling due under or in respect of each Portfolio Constituent Asset comprised in the Portfolio relating to the relevant Series of Trust Certificates (including the obligations of lessees in respect of any Leased Assets, issuers and obligors in respect of any Sukuk, obligors under Disbursing *Istisna'a* Assets and debtors in respect of any *Murabaha* Receivables and *Istisna'a* Receivables). Further, the Guarantor has agreed under the Guarantee that if any obligation guaranteed by it is or becomes unenforceable, invalid or illegal, it will, as an independent and primary obligation, it shall indemnify IDB Trust Services Limited immediately on demand against any cost, loss or liability it incurs as a result of the principal debtor not paying any amount which would, but for such unenforceability, invalidity or illegality, have been payable by it under the Portfolio on the date when it would have been due. The Guarantor has also agreed that if, on a day falling three Business Days prior to a Periodic Distribution Date in respect of the relevant Series of Trust Certificates, there is a shortfall between the Periodic Distribution Amounts due on the immediately following Periodic Distribution Date and the Profit Collections (as defined in the Master Wakala Agreement) received in respect of the Portfolio Constituent Assets (as defined in the Master Trust Deed) comprised in the Portfolio relating to the such Series of Trust Certificates (whether due to the maturity of obligations, the early repayment of amounts due or a failure by any person to pay amounts that have become due and payable, in respect of such Portfolio Constituent Assets or for any other reason), such that IDB Trust Services Limited would be unable to pay Periodic Distribution Amounts (including any additional amounts payable under Condition 12 (*Taxation*)) due to Certificateholders on such Periodic Distribution Date in full, the Guarantor shall immediately pay to IDB Trust Services Limited the amount of such shortfall in the manner and currency prescribed by the Conditions for payment by IDB Trust Services Limited in respect of Trust Certificates. It is expected that the amounts received by IDB Trust Services Limited pursuant to the Guarantee will be sufficient to allow it to make timely payment of Periodic Distribution Amounts due to Certificateholders under the Trust Certificates (including any additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*)).

IDB Trust Services Limited has agreed pursuant to the Programme Documents that only such amounts as are equal to the profit due in respect of the relevant Series of Trust Certificates (including any additional amounts required to be paid in respect of the Trust Certificates pursuant to Condition 12 (*Taxation*)) shall be paid to IDB Trust Services Limited pursuant to the Guarantee, with the remainder being retained by the IsDB as an incentive fee in respect of its role as Wakeel under the Programme.

For the avoidance of doubt, the obligations guaranteed by the Guarantor pursuant to the Guarantee in respect of the assets comprised in the Portfolio relating to the relevant Series of Trust Certificates are solely those payment obligations which fall due under or in connection with such assets on and from the Issue Date to and including the Dissolution Date of the relevant Series of Trust Certificates (save that, where amounts continue to be payable on any Trust Certificate pursuant to Condition 7.6 (*Fixed Periodic Distribution Amount Provisions – Cessation of Profit Entitlement*) or Condition 8.4 (*Floating Periodic Distribution Amount Provisions – Cessation of Profit Entitlement*)), the obligations of the Guarantor pursuant to the Guarantee shall continue in full force and effect in respect of any obligations arising or falling due under or in respect of each Portfolio Constituent Asset comprised in the Portfolio relating to the relevant Series of Trust Certificates following such Dissolution Date and until all amounts in the form of profit due to Certificateholders of that Series have been paid to such Certificateholders in full).

Purchase Undertaking Deed

The Purchase Undertaking Deed will be executed by the IsDB in favour of IDB Trust Services Limited on or about the Programme Date and will be governed by English law.

The IsDB shall be irrevocably and unconditionally obliged in favour of IDB Trust Services Limited and the Delegate to purchase all of IDB Trust Services Limited's rights, benefits and entitlements in and to the Portfolio for each Series on the relevant Maturity Date of the relevant Series or prior thereto following the occurrence of a Dissolution Event (in each case, if applicable).

The purchase price payable to IDB Trust Services Limited shall be equal to (a) the Aggregate Nominal Amount (as specified in the relevant Final Terms or Pricing Supplement, as the case may be) of the relevant Series, plus (b) the amount of any accrued but unpaid Periodic Distribution Amounts. Payments of the purchase price are required to be made in the Specified Currency of the relevant Series (a) in accordance with the instructions of the IsDB as Wakeel acting pursuant to the Wakala Agreement or (b) if no such instructions are received within a reasonable time, to the account specified by the Principal Paying Agent.

IsDB will undertake that to the extent that the sale of any Portfolio Constituent Asset (a **Relevant Asset**) by the IsDB to IDB Trust Services Limited is not effective in any jurisdiction for any reason, and as a result IDB Trust Services Limited or, as the case may be, the Delegate, is unable to realise in full, or does not actually receive in full, the relevant Exercise Price which is expressed to be due and payable under this Deed at the relevant time, IsDB hereby agrees (without double counting) to (a) make payment of an amount equal to the purchase price paid by IDB Trust Services Limited for the Relevant Asset by way of restitution to IDB Trust Services Limited immediately upon request; and (b) indemnify fully IDB Trust Services Limited for any shortfall between the amount received by IDB Trust Services Limited and the amount required for the purpose of redemption in full of the outstanding Trust Certificates of the relevant Series.

The IsDB will agree in the Purchase Undertaking Deed that all payments by it under the Purchase Undertaking Deed will be made without any deduction or withholding for or on account of tax unless required by law and without set-off or counterclaim and, in the event that there is any deduction, withholding, set off or counterclaim, the IsDB shall pay all additional amounts as will result in the receipt by IDB Trust Services Limited of such net amounts as would have been received by it if no withholding, deduction, set-off or counterclaim had been made.

The specific terms applicable to each such sale will be confirmed in a IsDB Purchase Agreement, to be executed by IDB Trust Services Limited and the IsDB on the relevant Dissolution Date of the relevant Series of Trust Certificates. The form of each such IsDB Purchase Agreement is appended to

the Purchase Undertaking Deed.

Sale Undertaking Deed

The Sale Undertaking Deed will be executed by IDB Trust Services Limited in favour of the IsDB on or about the Programme Date and will be governed by English law.

Pursuant to the Sale Undertaking Deed, subject to IDB Trust Services Limited being entitled to redeem the Trust Certificates pursuant to Condition 11.2 (*Early Dissolution for Tax Reasons*) or, if specified in the applicable Final Terms or Pricing Supplement, as the case may be, Condition 11.3 (*Dissolution at the Option of the Issuer*) being applicable to the relevant Series of Trust Certificates, the IsDB may, by exercising its option under the Sale Undertaking Deed and serving notice on IDB Trust Services Limited specifying the relevant Dissolution Date, which must not be less than 30 nor more than 60 days after the date on which the notice is given and (if the Floating Periodic Distributions Amounts are specified as being in the Final Terms or Pricing Supplement, as the case may be as being applicable) must also be a Periodic Distribution Date, oblige IDB Trust Services Limited to sell all IDB Trust Services Limited's rights, benefits and entitlements in and to the Portfolio to the IsDB on the relevant Dissolution Date.

The purchase price payable by the IsDB will be an amount equal to (a) the Aggregate Nominal Amount (as specified in the relevant Final Terms or Pricing Supplement, as the case may be) of the relevant Series, plus (b) the amount of any accrued but unpaid Periodic Distribution Amounts. Payments of the purchase price are required to be made in the Specified Currency of the relevant Series (a) in accordance with the instructions of the IsDB as Wakeel acting pursuant to the Master Wakala Agreement and the relevant Supplemental Wakala Agreement or (b) if no such instructions are received within a reasonable time, to the account specified by the Principal Paying Agent.

The IsDB will agree in the Sale Undertaking Deed that all payments by it under the Sale Undertaking Deed will be made without any deduction or withholding for or on account of tax unless required by law and without set-off or counterclaim and, in the event that there is any deduction, withholding, set off or counterclaim, the IsDB shall pay all additional amounts as will result in the receipt by IDB Trust Services Limited of such net amounts as would have been received by it if no withholding, deduction, set-off or counterclaim had been made.

Representations of no Immunity

In each of the Programme Documents to which the IsDB and the Delegate are parties, the IsDB has represented and warranted that it has entered into each of such Programme Documents in connection with the exercise of its powers to raise money. Accordingly, the IsDB has, in each of those Programme Documents, acknowledged and agreed that it is not entitled to claim for itself or any of its assets immunity from legal process in actions taken in relation to any Programme Document and brought against the IsDB in a court of competent jurisdiction by IDB Trust Services Limited and/or the Delegate irrespective of the identity of the holders of beneficial interests in the Trust Certificates.

TAXATION

THE FOLLOWING IS A GENERAL DESCRIPTION OF CERTAIN TAX CONSIDERATIONS RELATING TO THE TRUST CERTIFICATES. IT DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OF ALL TAX CONSIDERATIONS RELATING TO THE TRUST CERTIFICATES. PROSPECTIVE PURCHASERS OF TRUST CERTIFICATES SHOULD CONSULT THEIR TAX ADVISERS AS TO THE CONSEQUENCES UNDER THE TAX LAWS OF THE COUNTRY OF WHICH THEY ARE RESIDENT FOR TAX PURPOSES OF ACQUIRING, HOLDING AND DISPOSING OF TRUST CERTIFICATES AND RECEIVING PAYMENTS OF PROFIT, PRINCIPAL AND/OR OTHER AMOUNTS UNDER THE TRUST CERTIFICATES. THIS SUMMARY IS BASED UPON THE LAW AS IN EFFECT ON THE DATE OF THIS BASE PROSPECTUS AND IS SUBJECT TO ANY CHANGE IN LAW THAT MAY TAKE EFFECT AFTER SUCH DATE.

EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC (the **EU Savings Directive**) on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of certain payments (which may include payments of Periodic Distribution Amounts) or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the EU Savings Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

The proposed financial transactions tax

The European Commission has published a proposal for a directive for a common financial transactions tax (**FTT**) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Trust Certificates (including secondary market transactions) in certain circumstances.

Under current proposals, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Trust Certificates where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Trust Certificates are advised to seek their own professional advice in relation to the FTT.

JERSEY TAXATION

The following summary of the anticipated tax treatment in Jersey in relation to the payments on the Trust Certificates is based on the taxation law and practice in force at the date of this document, and does not constitute legal or tax advice and prospective investors should be aware that the relevant

fiscal rules and practice and their interpretation may change. Prospective investors should consult their own professional advisers on the implications of subscribing for, buying, holding, selling, redeeming or disposing of Trust Certificates and the receipt of interest and distributions (whether or not on a winding-up) with respect to such Trust Certificates under the laws of the jurisdictions in which they may be liable to taxation.

Jersey

The Income Tax (Jersey) Law 1961, as amended (the **Law**) provides that the general basic rate of income tax on the profits of companies regarded as resident in Jersey or having a permanent establishment in Jersey, is zero per cent. (**zero tax rating**) and that only a limited number of financial services companies which are regulated by the Jersey Financial Services Commission under the Financial Services (Jersey) Law 1998, are subject to income tax at a rate of 10 per cent. For so long as IDB Trust Services Limited holds a "zero tax rating", payments in respect of the Trust Certificates will not be subject to any taxation in Jersey and no withholding in respect of Jersey taxation will be required on payments to any holder of the Trust Certificates.

Under current Jersey law, there are no capital gains, capital transfer, gift, wealth or inheritance taxes or any death or estate duties. No stamp duty is levied in Jersey on the issue or transfer of Trust Certificates. On the death of an individual sole certificateholder (whether or not such individual was resident in Jersey), duty at rates of up to 0.75 per cent. of the value of the relevant Trust Certificates may be payable on the registration of Jersey probate or letters of administration.

European Union Directive on the Taxation of Savings Income

Jersey is not part of the EU and is not subject to the EC Council Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**) (see section headed "*EU Savings Directive*" above for further information) or other EU fiscal legislation. However, in keeping with Jersey's policy of constructive international engagement (and in line with steps taken by other relevant countries), Jersey has now entered into various agreements regarding the Savings Directive.

Jersey has introduced a system which permits, either:

- 1 the disclosure of information concerning details of payments of interest (or other similar payments), and the identity of an individual beneficial owner of the interest to the tax authority of the EU jurisdiction where the owner of the interest payment is resident; or
- 2 the imposition of a retention or withholding tax in respect of payments of interest (or other similar income) made to an individual beneficial owner resident in an EU member state by a paying agent situated in Jersey or an EU member state.

(The terms "beneficial owner" and "paying agent" are defined in the bilateral agreements, entered into between Jersey and each of the EU member states relating to the treatment of savings income.)

Where IDB Trust Services Limited has appointed a paying agent located outside Jersey, IDB Trust Services Limited is not required to make any disclosures or levy retention tax. However, the rules applicable in the jurisdiction where the paying agent is located will apply.

The retention tax system will apply for an initial transitional period during which tax would be retained from such payments, instead of communicating the details of such payments to the tax authorities of the EU member state in which the individual beneficial owner is resident (the transitional period is prior to the implementation of a system of automatic communication among all EU member states of information regarding interest payments).

The requirements in respect of information disclosure or retention tax will not apply to payments made to companies, partnerships or to most types of trusts, nor will they apply to individuals who are resident outside the EU.

Goods and Services Tax (GST)

Pursuant to the Goods and Services Tax (Jersey) Law 2007 (the **2007 Law**), tax at a rate which is currently five per cent. applies to the supply of retail goods and services unless the relevant supplier or recipient of such goods and services is registered as an "*international services entity*".

IDB Trust Services Limited is an "international services entity" within the meaning of the 2007 Law, having satisfied the requirements of the Goods and Services Tax (International Services Entities) (Jersey) Regulations 2008, as amended (the **ISE Regulations**) and, as long as it continues to be such an entity, a supply of goods or of a service made by or to IDB Trust Services Limited shall not be a taxable supply for the purposes of the 2007 Law.

SUBSCRIPTION AND SALE

Trust Certificates may be sold from time to time by the Issuer to any one or more of Barwa Bank P.Q.S.C., CIMB Bank (L) Limited, HSBC Bank plc, National Bank of Abu Dhabi PJSC, Natixis, NCB Capital Company, Standard Chartered Bank or to any dealer appointed by the Issuer (with the prior consent of the IsDB) for the purposes of a particular issue of Trust Certificates only (together, the **Dealers**). The arrangements under which Trust Certificates may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated dealer agreement dated 24 December 2013 (the **Dealer Agreement**) and made between the Issuer, the IsDB and the Dealers, as supplemented by a subscription agreement in relation to the relevant Series of Trust Certificates. Any such agreements together, will, *inter alia*, make provision for the form and terms and conditions of the relevant Trust Certificates, the price at which such Trust Certificates will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Series of Trust Certificates.

United States

The Trust Certificates have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act. Each Dealer has represented, warranted and undertaken, and each further Dealer appointed under the Programme will be required to represent, warrant and undertake, that it has offered and sold the Trust Certificates, and will offer and sell the Trust Certificates (a) as part of their distribution at any time, and (b) otherwise until 40 days after the later of the completion of distribution of all Trust Certificates of the Series of which such Trust Certificates are a part, as determined and certified provided below, only in accordance with Rule 903 of Regulation S under the Securities Act and, accordingly, that: neither it nor any of its affiliates nor any person acting on its or their behalf has engaged or will engage in any directed selling efforts with respect to the Trust Certificates; and it and its affiliates have complied and will comply with the offering restrictions required of Regulation S under the Securities Act.

Each Dealer has undertaken, and each further Dealer appointed under the Programme will be required to undertake, that, at or prior to confirmation of sale, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration which purchases Trust Certificates from it during the distribution compliance period a confirmation or notice in substantially the following form:

"The securities covered hereby have not been registered under the United States Securities Act of 1933 (the **Securities Act**) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, (a) as part of their distribution at any time or (b) otherwise until 40 days after the later the completion of distribution of the Securities as determined and certified by the relevant Dealer, in the case of a non-syndicated issue, or the Lead Arranger, in the case of a syndicated issued, and except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S."

In addition, until 40 days after the commencement of the offering, an offer or sale of Trust Certificates within the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it, its affiliates or any persons acting on its or their behalf

have not engaged and will not engage in any direct selling efforts with respect to any Trust Certificates and it and they have complied and will comply with the offering restrictions required of Regulation S.

Public Offer Selling Restrictions under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Trust Certificates which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms or Pricing Supplement, as the case may be, in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of Trust Certificates to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provisions of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Trustee and/or the IsDB (if applicable) for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive.

Provided that no such offer of Trust Certificates referred to in (a) to (c) above shall require the Trustee, the IsDB or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of Trust Certificates to the public in relation to any Trust Certificates in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Trust Certificates to be offered so as to enable an investor to decide to purchase or subscribe the Trust Certificates, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in each Relevant Member State and the expression **2010 PD Amending Directive** means Directive 2010/73/EU.

meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Trust Certificates in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer and the IsDB; and

- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Trust Certificates in, from or otherwise involving the United Kingdom.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Trust Certificates to be issued under the Programme have not been and will not be offered, sold or publicly promoted or advertised by it in the United Arab Emirates other than in compliance with any laws applicable in the United Arab Emirates governing the issue, offering and sale of securities.

Kingdom of Saudi Arabia

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of any Trust Certificates. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a **Saudi Investor**) who acquires any Trust Certificates pursuant to an offering should note that the offer of Capital Securities is a private placement under either Article 10 or Article 11 of the "Offer of Securities Regulations" as issued by the Board of the Capital Market Authority resolution number 2-11-2004 dated 4 October 2004 and amended by the Board of the Capital Market Authority resolution number 1-28-2008 dated 18 August 2008 (the **KSA Regulations**). The Trust Certificates may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to "sophisticated investors" under Article 10 of the KSA Regulations or by way of a limited offer under Article 11 of the KSA Regulations.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that any offer of Trust Certificates to a Saudi Investor will comply with the KSA Regulations.

The offer of Trust Certificates shall not therefore constitute a "public offer" pursuant to the KSA Regulations, but is subject to the restrictions on secondary market activity under Article 17 of the KSA Regulations. Any Saudi Investor who has acquired Trust Certificates pursuant to a private placement may not offer or sell those Trust Certificates to any person unless the offer or sale is made through an authorised person appropriately licensed by the Saudi Arabian Capital Market Authority and: (a) the

Trust Certificates are offered or sold to a “sophisticated investor” (as defined in Article 10 of the KSA Regulations); (b) the price to be paid for the Trust Certificates in any one transaction is equal to or exceeds Saudi Riyal 1 million or an equivalent amount; or (c) the offer or sale is otherwise in compliance with Article 17 of the KSA Regulations.

Neither the issue of the Trust Certificates nor the activities of any functionary with regard to the issue of the Trust Certificates are subject to all the provisions of the Financial Services (Jersey) Law 1998.

Each person who acquires Trust Certificates will be deemed, by such acquisition, to have represented that he or it is one of the foregoing persons.

Accordingly, each Dealer has undertaken, and each further Dealer appointed under the Programme will undertake, that it will not, directly or indirectly, offer or sell any Trust Certificates or distribute or publish any Base Prospectus, prospectus, form of application, advertisement or other document or information in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations and all offers and sales of Trust Certificates by it will be made on the same terms.

GLOSSARY OF ARABIC TERMS

Fiqh Academy means the institution established by the Organisation of the Islamic Conference to interpret and develop Islamic jurisprudence.

Ijara contracts means contracts where a lessor leases property to a lessee in respect of which regular payments are due from the lessee.

Istisna'a means a financing facility where the price is paid by the financiers to the contractor/supplier in accordance with the progress of the project being undertaken or goods being manufactured for selling the project/goods to the buyer. The payment by the buyer to the financier could be a lump sum or be paid over a period in various instalments (similar to a *murabaha*). The difference between this and a *murabaha* is that under a *murabaha* the goods already exist at the time of draw down whereas under an *istisna'a* the goods are manufactured and then sold to the buyer. Therefore an *istisna'a* is a sale contract where the buyer generally starts paying the instalments even before the goods/project are transferred.

Mudaraba means a partnership between two or more parties whereby a partner provides capital to the partnership and another partner provides managerial skills in respect of the management of the investment or venture which is the subject of the partnership.

Mudarib means a person who agrees to manage an investment or a venture in return for a percentage of the profit.

Musharaka means a partnership between two or more parties whereby each partner makes a capital contribution to the partnership (in cash or in kind) and shares the profit and loss in respect of that partnership in accordance with the terms agreed between the partners at the time of entering into the partnership arrangement.

Murabaha means a sale contract whereby the purchase price is determined on a cost plus a predetermined profit basis and such purchase price is payable either by instalments or through a single payment.

Ijara muntahia bittamleek means an *ijara* contract with an option for the lessee to purchase the leased asset at the end of the term of the lease.

Waqf means an endowment fund.
